

Forward Plan Select Committee

Tuesday, 28th February 2006

Item 5:- Call-in of Executive decision from the meeting of the Executive on Monday, 16th January 2006 *(deferred from the meeting of the Forward Plan Select Committee on 30/01/06)*

Specified reasons for the call-in of the decision taken by the Executive on the following item:-

Review of Cemetery Service

1. A service such as cemeteries needs very careful and sympathetic treatment with consultation with bereaved relatives of the deceased.
2. Any proposal for change must be made the subject of full consultation.
3. The review does not appear to have taken the needs of the bereaved or their views into account.
4. We are unclear how the proposed steps properly reflect, develop and deliver the burial needs of all our diverse communities in Brent.
