ALL

**Brent, Harrow and North West London Acute Services  
Review**

## 1.0 Summary

- 1.1 The Health Select Committee considered an update on the acute services review at their last meeting in June 2009. As was agreed at that meeting, two members of the Health Select Committee have met subsequently with the chief executives of NHS Brent and North West London NHS Hospitals Trust and the acute services review project director to discuss what information would be required in order the Health Select Committee to have a full discussion on the emerging options arising from the review. Notes of that meeting, plus an update from NHS Brent are appendices to this report.
- 1.2 The Health Select Committee should consider the issues raised at that meeting and suggest any additional information that they think is important to consider when the review options are presented in full. Members should also note the request for a joint meeting with Harrow Overview and Scrutiny Committee on the 28<sup>th</sup> July 2009.

## 2.0 Recommendations

- 2.1 The Health Select Committee is recommended to note the update report from NHS Brent and meeting notes and consider whether there is additional information they feel is required in order to give full consideration to the acute services review outcome. Members should also note the request for a meeting with Harrow Overview and Scrutiny Committee on 28<sup>th</sup> July to receive the results of the acute services review.
