1.0 Summary

- 1.1** This report seeks authorisation to make two Stopping-Up Orders for the extinguishment of public access rights over the Church End car park site located in Church End. The Stopping-Up order will be carried out under section 247 of the Town and Country Planning Act 1990 ("TCPA 1990").
- 1.2** There are no registered Public Rights of Way on any of the titles and any public rights have been acquired by prescription.
- 1.3** The Stopping-Up Orders are required to enable development of the Church End car park site in accordance with two planning permissions (13/1098 and 13/2213). The planning permissions facilitate the development of 99 new homes and a market square. If public highway exists over the site, the proposed development is extremely likely to encroach on to it.
- 1.4** The redevelopment of the site seeks to improve the landscaping to the existing area.
- 1.5** The stopping up reference for the Brent owned land is TO/23/253NP-A ("Site A"). Please refer to appendix A.

1.6 The stopping up reference for Catalyst owned land is TO/23/253NP-B (“Site B”). Please refer to appendix B.

2.0 Recommendations

2.1 That Members note the draft Orders have been advertised in accordance with the requirements of Section 247 of the TCPA 1990 and that in response to the consultation a number of providers have indicated that they have apparatus on the site but, following resolution and withdrawal of an initial objection from Cadent, none objected to the orders.

2.2 That the Committee approve the Stopping-Up Orders and agree the Orders should be made and Notices of Making should be advertised in respect of both orders.

3.0 Detail

3.1 The entire car park site is accessible by pedestrians and can be accessed by vehicles via Eric Road (access currently controlled via a secure barrier). It is, therefore, possible that the car park site is subject to public highway rights.

3.2 The car park site is privately owned by the Council and Catalyst Housing Group and the intention is for the council to secure Site B.

3.3 Following planning application 13/1098, planning consent was granted for Brent to construct 34 new homes, commercial spaces and a market square in February 2017. The construction of this development is extremely likely to encroach on any public highway situated within the site. As such the Stopping-Up Order (reference number TO/23/253NP-A) is required to enable development to be carried out over the Council owned part of the site in accordance with the planning permission granted following planning application 13/1098.

3.4 The adjoining site also received planning consent for 65 new homes and commercial spaces in May 2017. The construction of this development is extremely likely to encroach on any public highway situated within the Catalyst owned part of the site. As such the Stopping-Up Order (reference number TO/23/253NP-B) is required to enable development to be carried out over the Catalyst owned part of the site in accordance with the planning permission granted following planning application 13/2213.

3.5 The draft Stopping-Up Orders were made under Section 247 TCPA 1990 to enable the extinguishment of any public highway over the site. Copies of the Orders are attached at Appendix A and B, together with the relevant plans showing the proposed areas to be stopped up

3.6 The notices of proposal were advertised on 11 January 2018 in the local press and London Gazette. Statutory consultees were notified of the proposed Orders by email and correspondence.

Responses

3.7 Site A received 10 responses, whereas Site B received 12 from statutory consultees.

- 3.8** On Site A, there was one objection from Cadent which has since been retracted leaving no other objections. Please refer to appendix C.
- 3.9** The responses from the statutory providers can be found in table 1.

Table 2- List on consultees that have apparatus on the sites

Site A	Site B
Thames Water	Openreach
Openreach	TFL (Power Assets)
TFL (Power Assets)	

- 3.11** All apparatus owned by any of the statutory consultees on Site A and B will (if necessary) be diverted or moved in consultation with the appointed building contractor and the statutory consultees.
- 3.12** As found in paragraph 2 of the draft stopping up orders, it is clearly noted that the statutory undertakers shall have the same rights as that they had previous to the stopping up order being made.
- 3.13** The Committee is requested to approve the making of the Orders to enable the development of the full car park site.

4.0 Financial Implications

- 4.1** The Order making costs of approximately £6,000 will be internally met using the capital budget for the Church End Redevelopment as approved by Cabinet in November 2016.
- 4.2** There are no other financial implications on the Council's budget.

5.0 Legal Implications

- 5.1** Section 247 of the Town and Country Planning Act 1990 (TCPA 1990) permits the making of an order for the Stopping-Up of a highway, necessary to enable development to be carried out in accordance with a valid planning permission. A Stopping-Up order extinguishes the right of the public to pass and repass over the land to which the order will apply. It does not affect private rights. Compensation is not payable to those adversely affected by the order.
- 5.2** Following the required statutory consultation, Officers have confirmed that there are no outstanding objections to either of the proposed Stopping-Up Orders (Cadent's initial objection having been withdrawn).
- 5.3** If the General Purpose Committee resolves to make the Orders, notices of making of the Orders will be publicised. There is no further consultation period within which statutory undertakers or members of the public are entitled to object. However, where an order is made and published, this can be challenged within certain time limits.

6.0 Diversity Implications

- 6.1** Diversity implications were addressed in the reports submitted to Cabinet in January and November 2016 relating to the site. The expectation is that the project will activate the local centre in Church End and create new homes for the benefit of residents in Brent.

7.0 Staffing/Accommodation Implications

- 7.1** There are no staffing implications within this report.

Thank you for your enquiry which was received on 01/02/2018.
Please note this response and any attached map(s) are valid for 28 days.

An assessment has been carried out with respect to Cadent Gas Ltd, National Grid Electricity Transmission plc's and National Grid Gas plc's apparatus. Please note it does not cover the items listed in the section "Your Responsibilities and Obligations", including gas service pipes and related apparatus.
For details of Network areas please see the Cadent website (<http://cadentgas.com/Digging-safely/Dial-before-you-dig>) or the enclosed documentation.

Are My Works Affected?

Searches based on your enquiry have identified that there is apparatus in the vicinity of your enquiry which may be affected by the activities specified.
Cadent and/or National Grid therefore formally objects to these activities pending further consultation.

Cadent and/or National Grid objects to the Order on the grounds that the level of protection currently afforded to the apparatus it has in the subject land may be diminished notwithstanding Paragraph 4, Schedule 12, Part II of the Highways Act, 1980.

See Assessment section below for details of how to deal with Cadent and/or National Grid's objection.
