Introductions, if appropriate.

Apologies for absence.

Item	Page
4 Amendment to report: Changes to Recycling and Green Waste Collections	1 - 2

This report presents a proposal to reduce the amount of waste generated by Brent residents and to deliver £378,000 financial savings. This will be done by increasing the frequency of the dry recycling service and by extending the coverage of the weekly separate food waste collection service. It is intended these improvements will be made possible by implementing a new 'opt in' chargeable garden waste collection service.

Ward Affected:
All Wards

AMENDMENT TO REPORT

Financial Implications

- 9.2 Veolia will be responsible for collecting the service charge from customers and will pass on all income received from customers to the council and make up any difference fully to a guaranteed annual amount offered of £400,000. Veolia will also pass to the council any income collected over and above £400,000. If the full cost of the service in any Contract Year is significantly greater than expected and if the Contractor reasonably believes that such variance is resulting in the Contractor being obliged to pass on income to the Council over and above that which it is receiving from customers, such variance shall be subject to the agreement of the Parties (acting reasonably).
