3) Reason why it is impracticable to defer the decisions until the correct exemption listing can be included on the forward plan.

We have a number of service users who are waiting to be housed within the schemes where these providers will be delivering care and support. There is a risk that these individual's mental health could deteriorate if they experience delays.

There is also a risk that Council will incur cost of keeping these individuals in their current high cost placements, as well as void cost to landlord if the properties remain empty.
