6	Ealing Road - CPZ Zone E review	7 - 12
----------	--	--------

This report advises the committee of the outcomes of a review of the Zone E Controlled Parking Zone (CPZ), covering Ealing Road, Wembley following consideration of a petition that was presented to the Highway Committee on 17 July 2012. The petition raised concerns about the level of pay & display charges in the Borough along with parking restrictions imposed by the Council in and around the Ealing Road area. It requested more free parking; reduced parking charges; parking restriction times to be reduced and; parking fees to be reduced.

7	Ealing Road - Speed Camera Petition	13 - 18
----------	--	---------

This report informs the Committee of a petition requesting the installation of speed cameras on Ealing Road between Hanger Lane and Carlyon Road, Alpertons. It advises members that it is the responsibility of Transport for London to work with Boroughs to identify locations for speed cameras in the capital through application of agreed prioritisation criteria. The report also informs the committee of measures that will be taken to investigate accidents along this section of Ealing Road with the London Borough of Ealing and assess future measures to improve safety.

8 Crossover Policy - Ombudsman's Report outcomes and policy change 19 - 62

This report informs the Committee of the findings of a Local Government Ombudsman investigation into a complaint about an application for a vehicle crossover. It outlines the complaint, details the findings by the Ombudsman and notes how the Council has responded to those findings, including the recommendation that the Council adopts a revised vehicle crossover policy.

9 Brent Cycle Vision - Ways to Wembley 63 - 82

This report informs the Committee about Brent's "Ways to Wembley" cycle funding bid, which was submitted to the GLA and TfL at the beginning of July 2013. This was in response to outer London boroughs which were invited to submit expressions of interest to become "cycle mini-Hollands" and receive funding for cycle improvements that will make a step change in infrastructure development and encourage cycling in their boroughs. The report outlines the content of the bid submitted, the response received from the Mayor's office and the next stages of the process as agreed with the Mayor's cycling commissioner. It also highlights concerns regarding the way in which cycle route improvements will be selected and delivered, and how and when the funding for these improvements will be released
