This application to review relates to the following licensing objective(s)

Please tick one or more boxes

- | | |
|---|----------|
| 1) The prevention of crime and disorder | X |
| 2) Public safety | X |
| 3) The prevention of public nuisance | X |
| 4) The protection of children from harm | |

Please state the ground(s) for review (please read guidance note 1)

Watkins Folly Bar is failing to promote three of the licensing objectives, namely the prevention of crime and disorder, public safety and the prevention of public nuisance.

The licence holder is Mr. Martin Gaughan and the designated premises supervisor is Ms. Claudia Muresan.

Since January 2016, Brent police licensing unit has been working closely with the venue in order to address late night, drunken, violent crime and disorder which has either taken place inside or outside of the venue. Police held a meeting with the licence holder, immediately after the first incident (dated January 2016 shown below) and a verbal warning was given. The licence holder stated that he would install an I.D scanner and increase his door supervisors to address issues raised. This has not worked.

Between January and April 2016 there was another violent, drunken late night incident. Police again met the licence holder and the DPS to discuss the incidents. I was concerned to learn during this meeting that Ms. Muresan (the DPS) only works day shifts. She does, however, work some event day and night shifts at the pub. However, I was assured that this would not be an issue moving forward and that Mr. Gaughan as the licence holder works most of the late shifts. An action plan was issued to assist the management in upholding the licensing objectives.

As you can see from the evidence below, two further alleged late night incidents have occurred since the issue of the action plan. The incident from December 2016 apparently involves drunkenness. There were also breaches of the premises licence during the visit I made on Friday 5th January 2017. During my visit, I further noted that the beer garden where the disorder occurred, and can be seen in the CCTV footage of the incident on the 11th December 2016, is not part of the current plan submitted to the licensing authority. I have examined the current plan and it shows what appears to be a service yard where the beer garden is now. Having spoken to Brent council licensing team, they have informed me that NO variation has ever been submitted in relation to the creation of a beer garden or rear smoking area. Therefore the current plan does not represent the premises in its current form and is in breach of the premises licence in relation to Annexe four (Plans).

As you can see from the above measures, police have worked with the venue for twelve months now and taken a proportionate approach in terms of enforcement. Warnings have been given along with an action plan. However, we do not feel that these measures have worked and therefore this review application, being the next step, is wholly necessary in order to fully promote the licensing objectives.

The current premises licence already contains twenty-one (21) conditions. To tackle the issues raised in this application police believe that the following changes are both necessary and proportionate:

1. The current DPS, Ms. Claudia Maursan, is removed and a new DPS appointed in her place.

Reason: *I am not satisfied that Ms. Maursen has sufficient contact with the business in order for her to ensure that the licensing objectives are upheld and issues raised in this review are dealt with in the future. During a meeting with police last year, Ms. Maursan stated that she normally works day shifts and some event days and night shifts. Although the guidance in relation to a DPS does not dictate what shifts or hours they should work, other than having 'day to day' charge of the business', I would suggest that this particular venue, which is a busy late night licensed premises, would require a DPS who can work the later shifts and be fully involved as possible. From my own person dealings of the premise I generally have only ever seen the licence holder and his father, Mr. Tom Gaughan managing the venue, whereas Ms. Maursan has not been present.*

:

2. Reduction of permitted hours

Police feel that the committee should seriously consider a reduction of the permitted hours in order to prevent any further late night incidents, particularly those involving drunken violence. The venue is a pub/bar not a nightclub, and police feel that this particular venue could be better controlled with reduced

hours.

Police **suggest** the following hours are applied:

All permitted regulated Entertainment (With the exception of Live Music and the Provision of Entertainment Facilities for Dancing):

Sunday - Thursday 1000 - 23:00

Friday - Saturday 1000 - 00:00

Live Music

Sunday & Thursday ONLY 20:00 - 23:00

Friday & Saturday ONLY 20:00 - 00:00

Provision of Entertainment Facilities for Dancing:

Monday- Thursday 18:00 - 23:00

Friday 18:00 - 00:00

Saturday 12:00 - 00:00

Sunday 12:00 - 23:00

Supply of Alcohol:

Sunday - Thursday 10:00 - 23:00

Friday - Saturday 10:00 - 00:00

Provision of late night refreshment:

Friday - Saturday 23:00 - 00:00

The Opening Hours of the Premises:

Sunday - Thursday 10:00: 23:30

Friday - Saturday 10:00 - 00:30

The above hours allow customers half an hour of drinking up time and for staff to stagger dispersal.

Reason: *Looking at the evidence below, you can see that SEVEN late night incidents have occurred over a twelve month period. These incidents appear to occur after 12.00am on Saturday and Sunday morning's. Customers and police have been assaulted during these incidents and the likelihood is that local residents are disturbed by such incidents. If the committee were only to reduce hours on the weekend, I suspect that the licence holder would switch these events to weekdays, where he could open until 2.00am. This is highly likely, as when I attended the pub recently, the venue was advertising holding student events on Thursday evenings. Therefore police suggest that all hours are reduced to those shown above.*

If the above hours were amended by the committee, current condition number two (2) in relation to the use of door supervisors should be re-worded to:

On Friday and Saturday door supervisors of a sufficient number and gender mix shall be employed from 20:00 hours and shall be on duty until all customers have left the premises.

Reason: *Currently the venue only has to use door supervisors after 8pm when alcohol is being sold or supplied after midnight. Although the hours may be reduced, current condition number five (5) requires adequate provision be made by the venue for keeping out excluded individuals, preventing admission to drunks and those departing the venue that have been causing disorder inside. The venue must maintain an orderly queuing system. This would be far more likely to occur on Friday and Saturday*

evenings and therefore a door supervisor condition, despite a possible reduction in hours, will still be required.

3. CCTV

Having viewed the CCTV system of the venue, some cameras are poor in terms of quality. Camera 4, for example is extremely blurry to view. Police suggest that the licence holder reviews all CCTV cameras and ensure that they are functioning correctly. I would further suggest that cameras covering the entrance to the premises on Empire Way are reviewed as there is only one external entrance camera and this points up towards Fulton Road.

Police suggest that current conditions seven (7), eight (8) and nine (9), in relation to CCTV are removed and replaced with:

CCTV shall be installed to Home Office Guidance standards and maintained in a good working condition and recordings shall be kept for 31 days and shall be made available to police and authorised Officers from Brent Council.

4. Drunkenness

Drunkenness appears to be a serious issue with this premise. Regular training improves staff knowledge around the offences of serving to anyone who appears to be drunk and more importantly, how to identify the signs of drunkenness and when to refuse sales to those whom are already intoxicated. Police suggest that the following condition is added to the premises licence:

Any staff directly involved in selling alcohol for retail to consumers, staff who provide training and all managers will undergo regular training of Licensing Act 2003 legislation. This will be documented and signed for by the DPS and the member of staff receiving the training. This training log shall be kept on the premises and made available for inspection by police and relevant authorities upon request.

5. Rear Beer Garden/Smoking Area

As I have already mentioned in this application, I have been informed by Brent council that no application to vary the premises licence to include a rear beer garden or smoking area has ever been made. Police suggest that an **application is made to Brent council to vary the premises licence immediately with new up to date plans incorporating the rear garden and smoking areas as it is now.**

Police feel these requests are in keeping with the licence holders human rights and promote the running of his business and livelihood. These conditions are wholly reasonable, proportionate and appropriate measures to be put in place to fully promote and uphold the licensing objectives.

Please provide as much information as possible to support the application (please read guidance note 2)

Saturday 23rd January 2016 at 1.30am - Crime report number 1901763/16 refers to a criminal damage. Police were called to a large disturbance inside the pub after twenty males had been involved in disorder. Police officers and the use of police dogs were used to quell the disorder and disperse all parties from the venue in a controlled fashion. As no party wished to make any complaint no arrests were made. There were numerous smashed glasses, so a report for criminal damage was created and later closed. Staff did not wish to make a complaint and the officer states in his report that he was told by staff that *'It's just one of those things'* (in relation to this incident). The crime report was later closed.

Monday 25th January 2016 - Mr. Nick Mortimer (Ex Brent Police Licensing Unit Manager - Now retired) visited the venue in order to discuss the disorder from the 23rd January 2016. Mr. Mortimer met with the licence holder, Mr. Martin Gaughan. During that the meeting I understand that the venue was given a verbal warning about the incident. Mr. Gaughan told Mr. Mortimer that the problem was that he now faced a *'new older crowd'* frequenting his venue and that *'drugs use appears to have increased'*. To address these issues, Mr. Gaughan stated that he will install an I.D Scanning device and put on two extra SIA door supervisors on weekends moving forward.

Sunday 31st January 2016 at 1.30am - Crime report 190216/16 refers to a common assault. Male suspect was in the bar drinking and apparently rude and aggressive all night. He later broke a glass and was asked to leave by door supervisors. The suspect ripped the door supervisor's jacket and after a struggled, was escorted outside where he assaulted the door supervisor. He was detained and police were called where he was arrested. The officer mentions in the report that there were witnesses but *'they were all drunk'*. When interviewed, the following day, the suspect admitted that he was *'drunk'*. The suspect was later issued an adult caution for common assault and criminal damage.

Saturday 6th February 2016 at 12.45am - CAD (Computer Aided dispatch) Reference: 400/06JAN16 - (This is a record which is created when a member of the public dials 999 or 101 for the Metropolitan Police) refers to a fight at the venue. Crime report number 1903047/16 also refers. PC 368QK Mike Sullivan and I were on duty carrying out licensing patrols at this time. I attended the venue along with emergency response team police officers. Apparently, some drunken males and a female started trouble inside the pub and are ejected by SIA door supervisors. The fight continued outside and one of the males smashed a window of the pub. One male was arrested for criminal damage. As there had been disorder and to prevent any further I requested that Mr. Gaughan, the licence holder, close the venue. He did so voluntarily. The venue had four SIA door supervisors on duty and they were using an I.D scanning machine, which captures facial images of all patrons. During interview, the suspect admitted to consuming six to eight pints and was drunk. The suspect later received an adult caution for criminal damage.

Tuesday 29th March 2016 at 6.10pm - Crime report number 1907589/16 refers to an affray (later re-classified to a crime related incident - for drunk and disorderly). This incident took place prior to the England v Holland football match at Wembley Stadium. Staff from the venue flagged down police officers as their door supervisors had ejected a male because they suspected that he was *'on something'*. Officers went around the corner and found the male armed with a stick with nails protruding from it. He was hitting the stick on a fence and had to be restrained by officers. He was initially arrested for affray but later was issued a penalty notice for disorder for being drunk and disorderly.

Sunday 3rd April 2016 at 5.35pm - Crime report number 1907987/16 refers to an affray (fight). This incident took place prior to the FA Trophy match between Barnsley v Oxford United at Wembley Stadium. Police officers noticed a fight outside the pub. Three men were arrested. In interview they stated that they were drinking at the pub and one was using the outside smoking area when an argument started about which team one of the men supports. One man was headbutted in the face. All three men were arrested. Later, no further action was taken against one man, a second was charged with causing harassment, alarm or distress (s. 5 Public order Act) and a third was issued with a penalty notice for causing harassment, alarm or distress (s. 5 Public order Act).

Sunday 10th April 2016 at 2.07am - Crime report number 1908563/16 refers to a crime related incident report in relation to an affray (fight). Staff from the pub called police reporting a fight. Upon

police arrival they found one male with a 3cm cut to the bridge of his nose, and other persons involved in the rear beer garden area. The officer states in his report that all were 'very drunk and un-cooperative' with police. Door staff told officers that there had been a 'large scale fight at the location'. When ambulance staff arrived they suspected that the victim may have sustained a possible broken nose and a fracture to the right wrist. However, the victim did not wish to make a formal allegation of crime to police and the crime report was later closed.

Sunday 10th April 2016 at 2.25am - Crime report number 1908562/16, is connected to the above incident and refers to an assault on a police officer (although shown as ABH on the report). Whilst dealing with the fight mentioned above, a police officer was elbowed and punched in the back by two persons inside the pub beer garden. Both were arrested, but due to evidential difficulties both were issued with penalty notices for being drunk and disorderly.

Monday 11th April 2016 - I attended the venue in order to speak with the licence holder or DPS. Neither was present but I did speak with the licence holder's father, Mr. Tom Gaughan. I expressed my concerns regarding the two incidents from the 10th April 2016, especially around drunkenness, which appears to run throughout a lot of the incidents that have occurred recently. In respect of the incident from the weekend the police officers involved claimed that the group concerned in the affray were all very drunk. This account was corroborated by one of the female bar staff (name given but redacted from this report) who we spoke with today. She claimed the group were 'very, very drunk'. We asked Tom and his team to concentrate on tackling this issue and refusing sales where it is believed that the customer has had too much to drink. This is clearly leading to incidents of late. I will speak with the DPS Claudia and licence holder Martin and devise an action plan in order to work with the premise to tackle some of the issues here.

Wednesday 20th April 2016 - I held a Meeting at Brent Centre to discuss recent issues in relation to drunkenness and late night violent incidents at the venue. Present was myself, PC 369QK Mike Sullivan, DPS Ms. Claudia Muresan and licence holder Mr. Martin Gaughan. The meeting was opened with Claudia confirming that she predominantly works day shifts only, but also works event days and some nights. We went over some of the recent incidents in the pub and it was pointed out that Mr. Nick Mortimer and PC 157QK Nicola McDonald had already attended the pub earlier in the year to discuss similar incidents where a verbal warning was issued. Martin explained that he had upped his SIA door supervisors from two to four supervisors on weekends and that he had an I.D scanner in place. However, it appears that incidents stem from patrons becoming extremely intoxicated. I suggested to Martin that he needs to educate his staff that even if the customer appears 'slightly drunk' then they are not to be served any more alcohol. Mike suggested that as these incidents often occur after 12am, that the pub looks to curb its opening hours or introduce a no entry/re-entry police after 11.30pm for example. We then went through all the licence conditions attached to the premises licence. There were some historic conditions attached to it and some were being breached, for example on event days the pub is required to operate as a food led business; however, it currently operates as a vertical drinking establishment. I suggested a variation in order to remove these historic conditions. It appeared to me that neither the licence holder nor the DPS had read the licence conditions in detail up until now. I issued Mr. Gaughan an action plan to assist him in upholding the licensing objectives moving forward. (Action plan has been attached).

Saturday 3rd September 2016 at 3.00am - Crime report 1931758/16 refers to a grievous bodily harm (GBH). The victim states that he left the venue and outside he saw a group of three people. One of them said, 'you look like someone I know from back home' and then punched the victim in the face. The victim was then put in a headlock and punched repeatedly. Police and ambulance attended. The victim was described as being 'very intoxicated'. He sustained a one inch cut to his left eyebrow. The report was later closed as the victim returned home to Ireland and failed to respond to repeated attempts by CID officers to contact them. I requested CCTV from the venue in relation to this matter and can confirm that the incident was not captured. As there was no physical or clothing description of the victim, I was unable to formally verify whether the victim was in the venue or not. I did also speak with the licence holder, Martin Gaughan and he told me he was working that night and was not aware of an incident involving any of his customers either inside or outside the venue. Mr. Gaughan stated that if an incident did occur, it would have been after the pub had closed and away from the venue.

Sunday 11th December 2016 at 1.30am - Crime report number 1931758/16 refers to a grievous bodily

harm (GBH). The victim exited the venue and saw a male outside with his shirt off, shouting and screaming. The victim asked him to 'calm down'. The suspect then hit the victims' head off a window to the pub. The suspect then started to hit his own head off a nearby pole. The victim believed that the suspect was drunk. I later spoke with the victim on the telephone and he told me that he first saw the suspect inside the venue at around 9.00pm. He claimed that he heard that the suspect was earlier involved in a fight which occurred inside the pub. Police were not called to the venue as the victim went straight to hospital where he had to have his head glued. On the Monday following the incident the victim stated that he fainted on his way to work and again had to attend the hospital where he was told that he was suffering with concussion. The victim later attended his local police station to make a formal report. This is an ongoing investigation.

Thursday 5th January 2017 - I attended the venue in order to collect CCTV which I requested before Christmas in relation to the incident from the 11th December 2016. The CCTV appears not to show the incident referred to in crime report number 1931758/16. However, it does show a fight which occurred in the rear beer garden.

All footage appears to be shown in quick time. There was no way for me to change this into normal speed. Camera four was particularly poor in terms of quality. The images are quite blurry to view. The footage shows a time and date stamp and I have no reason to believe that this is incorrect.

Camera 3 (Covers the rear beer garden smoking area) - At 1.58am - A group of around ten males and females can be seen fighting for around one to two minutes before it calms down. They go off camera view and onto camera four.

Camera 4 (Covers the rear beer garden. This camera shows part of the smoking area and part of the outdoor seating area). At 1.58am you can see part of the fighting which takes place and comes into view from camera three.

Camera 6 - 12.03am - Although this camera does not show the incident. It does show patrons being allowed into the venue. This is disappointing as the venue has agreed as part of an action plan not to allow entry or re-entry after 12.00am.

Friday 6th January 2017 - In order to ascertain where exactly camera three is in relation to the premises I attended the pub at around 12.15pm. Neither the licence holder nor the DPS were present. I spoke with the licence holder's father, Mr. Tom Gaughan. He pointed out the outside smoking area and the spot where the incident involving the fighting seen on CCTV occurred. I had a copy of the current plan with me and noticed that the outside beer garden and smoking areas are not shown. During the visit I enquired as to which member of staff on duty held a personal licence. Mr. Gaughan told me that no member of staff currently on duty held one. However, his son would be at the pub soon and that does. I advised Mr. Gaughan that the pub must stop selling alcohol as condition one of the premises licence requires a personal licence holder be present throughout the permitted hours for the sale of alcohol. Further, The DPS, Claudia, was apparently out of the country for another week. There was a delegated authority attached to the main entrance but this was dated February 2016, last year. I then requested to inspect the SIA door supervisor log for the premises. It was produced, but was only partially completed. (Photograph attached) There were no times of duty shown, as required by condition three of the premises licence.

Police reserve the right to give evidence on any further incidents which may take place at, or in the vicinity of the premises, between the service of this application and the hearing and/or during the time allowed for any appeal proceedings.

Licensing Action Plan

Venue Name	Wakins Folly	Start Date	23rd April 2016
Venue Address	Empire House, Empire Way	End Date	23th August 2016
	Wembley	Borough	Brent
	Middlesex	Officer Completing	PC 782QK Whitcomb
Postcode	HA9 0EW	DPS/License Holder	Mr. Martin Gaughan (PLH) & Ms. Claudia Muresan (DPS)

Actions to be implemented:

Drunkenness: Following several late night violent incidents at the venue, I have reviewed these crimes and note that drunkenness has played a part in fuelling incidents. The following actions aim to assist you in preventing sales to drunks. Staff must be aware that selling alcohol to a person who is already intoxicated is a criminal offence, contrary to section 141 Licensing Act 2003, for which a police officer can issue a fixed penalty notice of £90. Such bad practice leaves a licensed premise open to scrutiny from the police and licensing authority. This is likely to result in a review of the premises licence. Such sales can be avoided by adopting good practice measures such as training of staff. In respect of action one (1) below, it is sufficient for the licence holder or DPS to deliver some basic licensing training 'in-house'. This should be around serving to drunks, age verification and going through existing conditions attached to your premises licence.

1. Any staff directly involved in selling/supplying alcohol for retail to consumers and managers will undergo training of basic Licensing Act 2003 legislation. This will be documented and signed for by the DPS and the member of staff receiving the training. This training log shall be kept on the premises and made available for inspection by police and relevant authorities upon request.

2. No sale or supply of alcohol may be made to any person who appears drunk.

No Entry/Re-Entry: During our meeting we spoke about the late night violent incidents which have occurred over the past few months. You expressed a concern to me that when customers come into your pub late, it is often difficult for staff to assess how much a particular customer has had to drink already. You told me that this often leads the customer to becoming quite drunk after a pint or two. You also told me that your last entry time into the pub is at 1.30am and you close at 2am as per your premises licence. Police would suggest, with the late incidents you have been encountering, this last entry time is too late. To help you better control drunkenness and those who come to your pub after pre-loading on alcohol elsewhere, police suggest that the following conditions is adopted in respect of entry times:

3. No entry or re-entry shall be permitted after 12.00am hours.

As mention at our meeting this policy could be implemented by your door team and as Mike suggested, re-enforced using posters at the point of entry/exit.

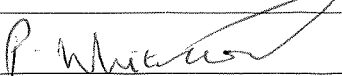

Please also incorporate condition six (6) of your premises licence which relates to drunkenness:

4. 6. Adequate provision shall be made for:

- Preventing the admission and ensuring the departure from the premises of the drunk and disorderly, without causing further disorder
- Keeping out excluded individuals
- Maintaining orderly queuing of customers wishing to gain entry.

The period of this voluntary action plan will last for the next four (4) months. This action plan is NOT legally binding. The primary aim of the action plan is to assist you in upholding the licensing objectives and to help prevent a review of your premises licence in the future.

End Date: 23rd August 2016

PRIMARY INVESTIGATION DETAILS : 1 Immediate action

1. No CAD created officers came across incident directly - Officers involved were PC 134QK PICKERING (arresting officer) and PC 485QK HOLMES (assisting officer) officers were part of level 2 football aid for England Vs Netherlands match at Wembley Stadium - Serial 1320A.

2. Officers were flagged down by a member of staff from the Watkins Folly public House on Empire Way Wembley, who stated that SUSP1 had been ejected by security staff at the venue and he believed that the male was "on something" due to his behaviour. SUSP1 had walked off into the car park area behind Watkins Folly pub which is overlooked by properties on Empire Way and Wembley Park Drive.

PC 134QK and 485QK went to this location to check on the welfare of the male. Officers were directed by a patron of the pub who pointed to where the male and his friend had gone. As officers approached the area a loud banging sound could be heard coming from behind a Land Rover style vehicle and loud aggressive shouting "come on then" could also be heard, As officers approached SUSP1 could be seen holding a wooden stick, which had nails sticking out of it on either side in his right hand.

SUSP1 was asked to drop the stick but continued to hold it over his shoulder and hit a wooden fence panel with the stick. PC PICKERING grabbed hold of NAME REDACTED arm, however, he continued to struggle and resist officers attempting to pull his arms away. SUSP1 had to be restrained on the ground by officers as he continued to struggle, shout and swear, SUSP1 was restrained in a rear back to back cuff position and transported to Wembley police station where his

Details of Investigation

10/04/2016 04:17

PC 233854 129QK J RAINEY

PRIMARY INVESTIGATION DETAILS : 1 Immediate action

1. CAD 1029/10Apr16 refers. QK80N (129QK and 714QK), QK24N (174QK and 703QK), QK20N (464QK and 134QK), QK22N (412QK and 672QK) and Q1N (993QK and 620QK) attended.

2. This is a CRI put on to cover the incident and police action due to the nature of injuries of Viw1. However, Viw1 and other witnesses were not willing to assist police or support any police action and there do not appear, at this time, to be any further investigatory lines of enquiry.

The above CAD is a call to police from staff at the venue (WATKINS FOLLY, EMPIRE WAY HA9) at 0207hrs on 10/04/16 stating that there is a fight at the location.

On arrival Viw1 was outside the venue and had a cut around 3cm in length on the bridge of his nose and had been bleeding fairly heavily from this cut, however, the cut had stopped bleeding on police arrival. There were other people in the garden area who had been involved and were friends of Viw1. **They were all very drunk and un-cooperative with police.** Two of this group were arrested for assault and obstruct police (CRIS 1908562). Viw2 and 3 (Doormen at the location) stated there had been a **large scale fight at the location**, however, they could not account for how Viw1 has sustained the injuries. Neither Viw2 nor 3 had any blood on their hands and they were co-operative with police. CCTV was checked and it did not show how Viw1 sustained the injuries.

As stated Viw1 sustained a possible fractured wrist and it is not clear if this was of the result of throwing punches or something else.

As stated it is not clear how Viw1 sustained these injuries as he either did not see how it happened or is

On 09/12/2016 Viw1 was out on a night out with friends. They were at the venue from 1900 hrs. They left the venue at about 0130 hrs and were just outside the venue when they saw suspect behaving erratically. Suspect removed his shirt and was just shouting and screaming. Viw1 says that he just said to suspect can you calm down a bit. But suspect did not like this and grabbed him from his and hit his head on a window causing a cut to the back of his head. His friends told viw1 that his head was bleeding. Suspect was still behaving in an erratic way and hitting his own head against a nearby pole. Viw1's friends then took him to Royal Free A&E where his head needed to be glued. After being glued he was discharged.

Viw1 says that on Monday morning while on his way to work he fainted for a few seconds and afterwards he took himself to Royal Free A&E again. They ran a few tests but they said that it was because of concussion but they did not think that his symptoms were serious enough to do a head scan and let him go on the same day.

The reason he did not report earlier as viw1 says that he was not feeling very well because of the assault.

Viw1 says that apparently suspect is known around the venue and viw1 will try to get his name and any other details from the pub.

Noted by Brent police Licensing Unit - I will speak to the licensee about some of the issues raised in this report and I will request a copy of the CCTV, as I want to examine it from a licensing point of view. I have spoken to the victim on the telephone to establish where the suspect has come from and when he first saw the suspect. This is important from a licensing prospective.

22/12/2016 14:43

PC 209465 782QK PW WHITCOMB

I have made it clear to VIW1 that I am not the OIC and fully explained my role in investigating the licensed premises. VIW1 told me that he first saw the suspect inside the venue at 2100 hours. He heard that the suspect was involved in a fight which also took place inside the venue prior to the offence occurring. VIW1 stated that the **suspect was drunk**. He clarified that when he left the premises, the suspect was hitting his own head on a pole. The victim asked him to 'calm down' and then the suspect turned on him and hit the victims head off a window, which he believes was the pub. He does not believe that the glass broke.

Dear Sir/Madam

We are given to understand that the licence for the Watkins Folly pub in Wembley Park is under review due to a small number of purported antisocial incidents over the last year. I am writing in my capacity as a senior executive in a leading local business to register an objection to any effort to remove Watkins Folly's late night licence. We regularly frequent the venue for work-related events and have always found it to be a vibrant, friendly and orderly place run by a dedicated and competent team. Furthermore, the clientele has always, in our experience, been well-behaved and respectful of the venue and the locality. The management, bar staff and security alike have always been professional, proficient and organised and any suggestion that the place poses any threat to the peace of the local neighbourhood most certainly does not tally with our experience. Furthermore, removal or curtailment of the venue's licence would impoverish the cultural and social life of an area still sorely lacking in welcoming pubs, bars and clubs.

We trust that you will give our support for Watkins Folly due consideration in considering the impending review. If you would like any more information, please do let me know.

<p>I live and work in Wembley and regularly use Watkins Folly. I consider this pub to be an integral part of the local community and important to both the local economy and the community. I personally have never witnessed any serious trouble and on the rare occasions that there has been an argument the staff and management have carefully and skillfully dealt with it. Being a pub close to the stadium and arena on event days it can become quite busy with football fans etc but they employ extra staff to deal with security and they do so very well. In short I think that if the license hours are reduced then Wembley as a whole will suffer. and I as an individual will see the quality of life in Wembley reduced</p>

To whom it may concern

I am contacting you in relation to your licence review. I am a construction worker in the local area and use your venue very often for food in the evenings or at weekends for an enjoyable night at the weekend. I find it very hard to believe that anti social behaviour and drunkenness is the main aspect for the review. I have only ever witnessed one incident when two men seemed to have a disagreement but your security and manager dealt with the situation in a very professional manner. I would support your business as I believe Wembley Park needs a late night venue and Watkins folly is the best place I could and will recommend to anyone

Hi Martin

Happy to help. I have forwarded your email to all staff here at City & County for them to respond also.

We are a fairly large business and as a first choice we will always choose Watkins Folly for birthday celebrations, leaving do's, welcoming new staff, end of the month/pay-day get together and we recently had our Christmas party at Watkins.

The staff are always courteous, hardworking, helpful and nothing is too much trouble. It's a comfortable environment to be in and very relaxing. In the 2 ½ years that I personally have been going there I have never encountered anything but friendly staff and customers.

I would be extremely disappointed the late night licence may be reduced as we in particular have had many great evenings there.

Dear Mr Gaughan,

I was surprised to hear of the allegations of antisocial behaviour that are to be heard at a licensing review meeting.

I and many of my colleagues within the Civic Centre use your venue regularly for leaving parties and Christmas parties.

I feel that I have to write in support of your current licensing arrangements.

Your venue has played host to many of our events and we have always felt secure and well looked after, it is noticeable that there has always been door security after a set time and that you make use of a door devise that helps you to recognise potential troublemakers before they gain access to your establishment.

In the 3-4 years I have attended Watkins Folly I have never encountered any problems, in fact on the contrary I have personally always felt safe there and have had many of my colleagues from a diversity of backgrounds comment on the warm welcome and lovely atmosphere created in Watkins.

I am astonished that there has been any suggestion of antisocial behaviour as within the Civic Centre your place is regarded as the safest and most relaxing place to host our events.

Please let me know if there is any further support I can provide to ensure that we can continue to enjoy our lovely evenings out in Watkins Folly.

Best regards

To whom it may Concern

I have had the pleasure of attending quite a few functions at Watkins Folly over the past couple of years. Some as a guest at an event, some as the organizer of an event. On all occasions, the atmosphere was one of friendliness. At no time did any of my colleagues or guests feel any anxiety towards their personal safety.

The bar staff and security were at all times professional and a credit to the landlord.

I trust that this testimonial will be taken into consideration during any licence review.

Hi all at Watkins

Having just learnt of your licensing review, I am writing in the hope that a show of support will have some positive influence on the outcome.

I regularly attend Watkins Folly before public events and often call in after working all day in the Civic Centre.

I have had the pleasure of attending many private functions on your premises, a significant number of which have been organised by colleagues here at Brent Council and, indeed, a recent fantastic wedding celebration. You have been the venue of choice for all of these things due to the fact that we have never encountered any form of trouble. Indeed, even when full of visiting football supporters the atmosphere is always one of safe enjoyment. On the occasions when I have stayed until the later hours, I've always found your door staff to be utterly professional in their welcome and have never observed any unpleasantness. I have also witnessed first-hand your bar staff politely refuse to serve alcohol to customers they deem to have "had enough" without this leading to hostility.

I'm somewhat surprised and irritated, then, to learn that reports of antisocial behaviour and drunkenness are being levelled at Watkins Folly.

It is precisely because my friends, co-workers and I never experience these things, neither arriving nor leaving, that we choose to be your customers and are never concerned on those occasions when we stay late.

I hope that colleagues in Brent Licensing see sense and dismiss these ridiculous reports; especially as I have a birthday celebration coming up and a large tract of us will be popping to your place, knowing our safety is assured!

Kindest regards and best wishes to all of the team.

To whom it may concern,

Watkins Folly is our local family pub. I personally have spent many Sunday afternoons with family for a Sunday roast but also many Saturday nights with friends. I always feel safe and secure here and have never experienced an unsafe environment. The door staff are always strict with ID, no ID no entrance no matter how regular of a customer you are. There is always security in all areas of the bar, near toilet and in smoking area controlling the safety of its customers. I've also never seen substances being offered or taken in the establishment.

I think the review on this pub is highly disappointing. The whole community would be at a low if this was to affect the business and I myself would 100% petition against it. Wembley has always needed a family pub by day that has something to offer with live music in the evening. No other pub in Wembley quite compares!!

Kind regards,
Hayley Nugent

Dear Mr Gaughan

Further to your email below I am pleased to say that I have enjoyed your high quality menu and beverages.

My colleagues and I are always impressed with our Christmas Lunch's we have enjoyed over the years at the Watkins Folly, and our leaving or celebrations do's are normally here.

I am surprised regarding the Licensing review.

I have always found your security staff to be most efficient in dealing with any disturbances in your premises in a very swift & disciplined manner, that you may not know that anything occurred.

On the matter of antisocial behaviour outside your premises I fail to see how you can be liable as staff have always been helpful escorting your customers to the transport provided by staff away from the premises.

However of course the people with the antisocial behaviour may not be customers of Watkins Folly and stragglers making their way past your premises from any number of premises in the Wembley area such as Wembley DLO or High Road and have to pass The Watkins Folly to get to Wembley Park Station.

Hi

I have been frequenting Watkins folly since 2012 when it opened, I have always found the establishment warm, welcoming and friendly. I have never experienced a situation where

I've felt unsafe. On the rare occasions I've seen a troublemaker, the security staff and management have handled it efficiently with a minimum of disruption where possible.

Even on Match days, the team handle the crowd very well, they have the experience to disperse any tension quickly and always make sure the Bar is clear in time for pre match curfews etc...

In more recent time, The Team catered for my wedding reception on August 26th 2016, my wife and I brought over 150 guests from the ages of 5 to 85 and nobody even thought about safety as it was a given, the regulars were allowed in to join the party and even though it was Carnival Weekend, the Security team respectfully handled the door and kept away any unwelcome visitors

Even though I am a regular, my bags are checked on entry at busy times, I watch with interest as they patiently explain to miffed customers why they need to present their face to a camera entry system and politely decline entry when they have to.

In short, I have never had an issue with safety and whenever I've been there with many guests, they have all commented on how friendly Watkins Folly is.

Additionally, the pub makes a point of being involved with the local community, in the last year they have held a number of fund raising events for sick children, sick locals and charities such as cancer research.

It the only late night venue where my friends and I feel safe in Wembley.

You are very diligent in maintaining a very high standard of good behaviour in your premises.

My friends and I work in the leisure industry and don't finish until midnight and it's the only place we can go and know there won't be any trouble. It would be a great shame to have the opening hours curtailed. It would be very wrong.

We at Lynch Plant Hire have used your premises on a few occasions and found your operating system, staff and security to be very professional and helpful.

Your management on the night were very eager to make sure we were taken care of and we always had an enjoyable evening.

I find it hard to believe that there are issues with the late licence as I have never seen any trouble and could not imagine much could happen due to the high volume of security and staff Watkins Folly have.

Should their late licence be reduced I would see problems with them taking parties for companies like ours as we see this as a major part of any event we organise.

We are most definitely going to return to Watkins Folly in the future.
