Subject: The Rising Sun Pub, Harlesden Road, London NW10 2BY

Dear Sir/Madam,

I hereby write to lodge my vehement objection to the licence application submitted recently by the above establishment.

I own flat [REDACTED] which is situated [REDACTED] to the public house.

At present there are frequent occasions where the loutish behaviour of some members of the public who come out of the pub inebriated causes a noise disturbance.

If the licence is extended as proposed this will only lead to more unsocial behaviour. There is precious little parking available in the area. This will lead to more litter being left in the surrounding vicinity. Already there have been frequent sightings of rodents in the vicinity.

Ultimately this will lead to property values dropping.

I have made my representation to the my local MP and will do so to my local councillor as well.

Regards
