

Performance & Finance Review

Performance Report 2012-13 Quarter 3

This report is designed to supplement the covering Performance & Finance Review report. It summarizes the Council's key performance indicators for the current reporting period.

Produced by: Strategy, Partnerships & Improvement and Finance & Corporate Services

How to interpret this report

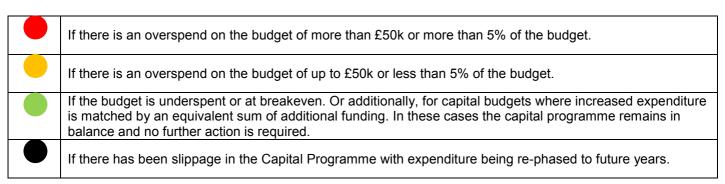

This report is designed to supplement the covering Performance & Finance Review report and includes a much wider suite of performance indicators. It summarizes performance information in relation to the Health & Wellbeing Strategy and other strategies which collectively enable the Council to deliver Brent's Borough Plan.

The indicators contained in this report are those which are considered essential at the current time, given the pressures which the Council faces, and are reported on a quarterly basis. The Council also has a suite of annual performance indicators which are reported on an annual basis.

Performance information is assessed using the following "Alert" symbols:

If performance is below target.
If performance is below the level of expected performance but is within tolerance of the target.
If performance is as expected and the target has been met or exceeded.
If performance cannot be fairly measured against a target because it is difficult to set a target or influence performance due to external factors then the indicator is marked as indicative only.

Finance information is assessed using the following symbols:

The LAPS Benchmark figures— are the national average benchmark figures taken from LAPS for the same quarter the previous year.

- NI 117 (NEETs): This figure is provisional as returns have not been confirmed with DfE. This
 usually happens mid-month. The NEET target is measured as an average over the 3 months
 November to January each year. In 2011 2012 Brent was the joint 10th best performing LA
 nationally on this indicator. Although the performance for November 2012 to January 2013 will not
 be known until mid February 2013, we are currently on track to meet the target.
- There have been 12 Parenting Programmes to date, with 121 participating in total. Of these 121 parents, 73 completed the programme.

- NI 154 There will be no firm information on the number of new homes provided until after the end
 of the financial year when a completions survey is undertaken. The assessment of progress is
 based upon an estimate of the level of devt. Activity
- NI 157a Performance against the major applications target (NI 157a) is the most vulnerable to
 external factors and will be a key indicator for the Government's proposal to remove planning
 powers from authorities who fail to meet national performance targets (which are below Brent
 targets).
- NI 157 (a, b &c) All three applications that went over the target time were Brent related schemes
 which were reported to the Planning Committee within target. Two overran due to delays satisfying
 the Major of London and the other related to a sale of Council property. It is recommended that this
 success factor is included in the programming of future corporate planning applications and that
 Planning Performance Agreements are included to formally vary the target timescale.
- Proportion of residents with no qualifications: Remains the same as last quarter. There has been a
 massive reversal of the proportion of residents with no qualifications; the rate has increased by
 more that 100%. The previous years (Jan 10-Dec 10) data jumped from 5.1% to 11.2% (Jan 11Dec 11)
- Planning Complaints constant with 10 local resolutions and one final review for this reporting
 period. The reporting method on response time was changed from a percentage to show case
 numbers, based on the total sent and the total sent in time. The complaints service is continuing to
 work with the department to improve response times.
- Housing complaints are comparable with previous quarters and with clients wanting to improve their banding in being able to acquire permanent accommodation. There has been a general rise in demand through the homeless route as welfare cuts start to bite. Also increased correspondence concerning clients looking for permanent accommodation through the waiting list and enquiries about affordability of housing. Following the recent restructure, there has been a big increase in correspondence from clients in temporary accommodation which is presently being addressed in the current restructure.

Adult Social Services Revenue

Current forecasts are that the outturn overspend will reduce to £86k, some £452k less than the forecast of £538k at quarter 2. The department is working hard to identify new areas to bring this down further, so that at year end it hopes to have a balanced budget position. The financial pressure in 2012/13 relates to the shortfall in funding for transitions over the last two financial years, a pressure of £1m and the department has worked continuously to reduce this with compensating underspends in other areas of the budget such as:

- Keeping vacancies unfilled and not recruiting agency staff.
- On off top slicing of grants to voluntary organisations in relation to care services and HIV/Aids services.
- Additional agreement on capitalisation of occupational therapy costs.
- Agreement from the PCT for funding of staff costs for the memory clinic and for historic rent and service charges

Adult Social Services Capital

£20k of budget and grant has been transferred to Regeneration and Major Projects to fund the work at the John Billam Resource Centre.

Children and Families Revenue

The service area is currently forecasting an overspend of £50k, a change of £38k on the £12k overspend reported in quarter 2. There continue to be pressures on the children's social care purchasing and placement budget although steps have been taken during the year to reduce these costs.

- Following a successful legal challenge by a number of local authorities on the basis of how monies were being deducted for academy funding for LACSEG as part of the local government finance settlement the authority received £500k compensation.
- Lower than expected redundancy costs following the review of Early Years has resulted in £200k of additional savings.
- Savings from Transport and Business Support are both contributing £150k of savings each.
- The above savings have allowed the pressures on the Social Care purchasing and placements

Key Financial Risks

budget to be balanced.

The schools budget is currently forecasting an overspend of £182k which is a £386k improvement on the £568k reported in quarter 2. There are two main elements of overspending

- £1m estimated overspend in SEN mainly in out of borough Mainstream & Independent Day Special pupils.
- Pupils without school places is currently forecasting an overspend of £1.062m with a significant increase since August because of the new September 2012 intake of pupils.

These overspends are offset by

- £1.4m from the schools budget headroom which was approved as part of the schools budget deficit recovery plan.
- The review of the Alternative Education Services has achieved savings of £300k from the closure of one of the Pupil Referral Units.
- £100k savings from Schools Improvement Service

The current forecast is subject to further review once the final Dedicated Schools Grant allocation for 2012/13 has been announced by the DfE and a firmer forecast should be available at that point.

Children and Families Capital

Children and Families has an additional grant, which is being used to increase private, voluntary and independent nursery provision

Environment and Neighbourhood Services Revenue

Environment and Neighbourhoods is currently forecasting an overspend of £468k for 2012/13. The projected tonnages on waste and recycling have increased since quarter 2 and current forecasts are for a £796k overspend predominantly around higher than anticipated tonnages for residual waste to landfill. There continue to be issues over staffing costs following the wave 2 staffing and structure review and a shortfall in highways and licensing income. To meet the overspend £443k of balance sheet deposits and provisions no longer required will be written back. Negotiations are also taking place with Veolia to achieve lower gate fees, a reduction in vehicle costs and a review of rounds. Action is also being taken to review agency and freeze vacant posts and non essential spend. Overall the position is £316k worse than quarter 2.

Environment and Neighbourhood Services Capital

The budget for the public realm has been reduced by £1,853k to reflect savings on the purchase costs of the depot.

Key Financial Risks

Regeneration and Major Projects Revenue

Regeneration and Major Projects are now forecasting an underspend of £1m an improvement from the £500k underspend reported in quarter 2

The main pressure within Regeneration and Major Projects was envisaged at the start of the year to be the housing benefit scheme changes resulting from the introduction of the Local Housing Allowance caps in April 2011. Temporary Accommodation budget includes growth of £1.134m in order to assist in managing the cost pressures and increased service demand. The pressures on the temporary accommodation and housing benefit budgets are not as high as projected and it is currently showing an underspend of £861k in total. It is proposed that expected surplus on Regeneration & Major Projects for 2012/13 will be set aside in a reserve to help meet the additional temporary accommodation pressures in 2013/14.

Housing Revenue Account (HRA) Revenue

The HRA forecast is currently in line with budget.

Regeneration and Major Projects Capital

Within the Children and Families capital programme, there are a number of changes. £8k has been vired from the Schools Asset Management Plan to Access Initiatives; and £104k has been vired from Schools

Key Financial Risks

Asset Management Plan to the Provision for Temporary School Expansion. The project at Islamia has slipped from this year, reducing forecast expenditure by £2,932k. Expenditure on school expansion schemes has been rephased, and in the current year forecast expenditure has decreased by £1,781k at Barham Park, £1,328k at Mitchell Brook Primary, and £2,577k at Fryent Primary School. £167k has been added to the schools expansion programme funded by surplus capital receipts. £47,436k of grant allocated to expansion schemes has been slipped to future years. £170k of Short Breaks for Disabled Children grant has been received, but not allocated to a scheme.

The Strategy, Partnership and Improvement schemes include a reduction in forecast expenditure of £2,816k this year for South Kilburn Regeneration due to a revised cashflow. A transfer of £20k of grant for John Billam from Adult Social Services. New spending of £340k on Public Conveniences in the Wembley Area is funded by £308k of Section 106, with the balance funded from revenue.

Housing General Fund Capital

£1,800k of spending on Private Sector Renewal Support Grant and Disabled Facilities Grant council has been slipped to 2013-14. £288k of additional funding has been received form the HCA.

Housing Revenue Account (HRA) Capital

Rooftop Aerials to Housing Blocks has slipped by £560k; Health & Safety Works in South Kilburn has slipped by £530k; Health & Safety Works to Housing Blocks has slipped by £,1730k; Loft Coversions has slipped by £50k; Major Repairs Allowance Works has slipped by £4m; an additional £122k compulsory purchase order has been funded by Notting Hill Housing Association.
