

**Health and Wellbeing Board
3 July 2013**

**Report from the Acting Director of Adult
Social Services**

For Action

Wards Affected:
ALL

**Winterbourne View Joint Improvement Programme – Local
Stocktake**

1. Introduction

- 1.1 All Health and Wellbeing Boards have been contacted by the Winterbourne View Joint Improvement Board in relation to a stocktake of progress against the commitments made in the Winterbourne View Concordat which was signed by a broad range of agencies and organisations.
- 1.2 The Concordat was the joint response of agencies including the LGA and the NHS to the Department of Health Transforming Care report arising from the significant failings at Winterbourne View. The Concordat sets out the commitment to transform health and care services and improve the quality of the care offered to children, young people and adults with learning disabilities or autism who have mental health conditions or behaviour that challenges.
- 1.3 The purpose of the stocktake is to enable councils and CCGs to assess their progress against commitments in the Concordat and to allow for good practice and progress from local areas to be shared nationally. It is expected that Health and Wellbeing Boards should play a significant leadership role to ensure that the Concordat commitments are achieved.
- 1.4 Details of the stocktake questions and a letter to all council's from Chris Bull, Chair of the Winterbourne View Joint Improvement Board are attached as appendices to this report. A completed stocktake return will be circulated to the Health and Wellbeing Board members once it is available.

2. Recommendations

- 2.1 The Health and Wellbeing Board is recommended to consider the Winterbourne View stocktake return and question officers from the council and CCG on the progress Brent is making in delivering the commitments in the Winterbourne View Concordat.
