- (iii) that voting on each Group's budget proposals be taken *en bloc*.

7. The 2010/11 Budget and Council Tax

The Council had before it a report from the Director of Finance and Corporate Resources seeking approval for the 2010/2011 revenue and capital budgets and to the Council Tax to be levied. The report incorporated key information relating to the council's current financial position and future projections. It set out the key decisions to be made on:

- the 2010/11 General Fund revenue budget
- the 2010/11 Schools budget
- the 2010/11 Housing Revenue Account
- the council's capital programme for 2010/11 to 2013/14
- the council's treasury management strategy
- prudential indicators aimed at ensuring the affordability of capital spending and a secure approach to borrowing and investment.

The Leader of the Council addressed the Council and moved the motion circulated in his and Councillor Blackman's names. Councillor John addressed the Council

and moved a separate budget motion, circulated in her name, proposing a number of alternative budget decisions. Councillor Blackman addressed the Council in support of the recommendations in the report.

Councillor Mendoza reported on the deliberations of the Budget Panel. He thanked the members of the Panel and officers for their work during the year and congratulated the Executive on the way it had dealt with the challenges faced by the Council. He urged the Executive to be ready to deal with the tough spending regime facing the council. Having adopted an ambitious improvement and efficiency strategy, Councillor Mendoza also stressed the importance of the Executive ensuring it was effectively monitored and implemented. He referred to the very good performance of the Executive in meeting the number of corporate strategy priorities that it had and hoped the aim could be to exceed this during the next four years.

Councillor Jones referred to the work of members on the overview and scrutiny committees/sub-committees and the task groups as contributing to the services provided to Brent residents. She referred particularly to the work on day centres which had resulted in a change of approach. Councillor Jones referred to the many recommendations coming out of the work of task groups, some of which were aspirational. She felt the Executive was lacking in aspiration and stated that a tracking system would follow the implementation of these recommendations. The task groups took on a wide range of issues including those affecting partner agencies and Councillor Jones referred to some of the issues raised as a result of their work. She gave notice that the next round of task groups aimed to look at issues covering extending democracy, health services, alley gating, and agency staff. She wished the overview and scrutiny committee under the new administration success in its work and urged that members attend and take part in its deliberations.

A general debate then followed with members expressing views on the proposals from the Executive and the alternative proposals from the Leader of the Opposition.

Councillor Butt addressed the meeting by submitting that the recession was being used as a smokescreen for the cuts and inefficiencies within the Council. The Council had been assisted over many years by increases in government funds and he stated that the Council was now relying on zero percentage interest rates and an improvement and efficiency strategy. However, he warned against assuming everything would go to plan and felt that insufficient contingency had been made. He felt the budget was vague on detail and urged that the motion moved by Councillor John be supported.

The Council voted on the motion in the name of Councillor John which was declared LOST.

The Council then voted on the motion in the names of the Leader and Deputy Leader of the Council which was declared CARRIED.

RESOLVED:-
