To whom it may concern,

I want to make an objection against Wembley Bay Fish & Chips, 13 Wembley Hill Road, gaining a premise license as the owner brings his friends and family at night and they sit inside and drink. This has become a routine occurrence. For example on Sunday 26 October there was a lot of noise while talking to each other, coming from the fish and chips shop which resulted in us living above the shop being unable to sleep properly. As we came down to check who it was, there was no positive response further from them to stop the disturbance as they should have done. Due to a lot of disturbance from the shop our sleep was affected and we were tired and could not focus at work and some were unable to attend work the next day. If this continues and we do not focus at work we will get fired and won't be able to pay our bills. Additionally there are a lot of places nearby selling alcohol in and out of shops which are sufficient to ensure people can use the service but we feel that no more is required. As more will just increase drunk people on the road which is risky as some of us come home late from work.

Please reject this licence in order to ensure there is less public nuisance coming from below and we are able to continue with our lives as normal.

Regards,  
 Residents above Wembley Bay Fish & Chips
