Screening Data

1. What are the objectives and expected outcomes of your proposal? Why is it needed? Make sure you highlight any proposed changes.

By joining the Source London contract Brent Council will be able to offer residents and visitors to the borough the opportunity to access electric vehicle charging points (EVCP's).

The objectives are:

Increase the use of sustainable modes of travel available in Brent

Reduce the exposure of Brent residents to PM and NO2 generated by non electric vehicles

Provide more EVCP's for residents at no cost to the Council

Improve the condition of the current EVCP's as the contract includes management and maintenance

2. Who is affected by the proposal? Consider residents, staff and external stakeholders.

The Source London offer will be available borough wide and membership will be available for everyone including residents, staff and external stakeholders.

It will not affect any one group more than another and new EVCP's will be considered in areas of high demand by residents.

Before new EVCP's are installed a site by site consultation will be conducted which will include a separate EA
