Nick

Thank you.

This may not be appropriate but how about..

- Review of the position and coverage of the CCTV cameras so they cover the most likely trouble points from a violent crime perspective
- Review of the lighting that may effect the quality of CCTV images to adjust where necessary to improve the quality of the images
- Do they have or keep a list/ description of persons refused service for being drunk etc... to show they do this
- Is the outside area sufficiently cordoned off? (just looked at the website) so this may not be up to date

Subject: Meeting - Betsy Smith

Sirs

Meeting just now with PLH Mr TOFAN, DPS Ms OKAFOR and Security Manager Mr Muhamed HAUTI 07506 855 863 re recent incident. Discussed:

- 1) Security in Hi Viz
- 2) Smoking area to be made smaller limiting number of smokers to 5/7
- 3) Side door only to be used as access/egress
- 4) Increase number of SIA in the short term
- 5) Consider a different genre of music
- 6) Voluntarily bring back entry/re entry to 0030
- 7) Be more selective re client base
- 8) Full search policy
- 9) ID Scan
- 10) groups of males to no more than 5
- 11) Consider trimming weekend hours in the short term to allow new regime to bed in

They are now going to go away and write this up into an 'action plan' which will be with us for gatekeeping on Friday, in the meantime we will liaise with and monitor the venue. They are aware that a summary review is still a possibility and have indicated their support of any police suggestions and actions. We will also flag this up to the Kilburn SNT who under the LPM should be on duty and can also monitor the premise.

Any other suggestions ?

Regards

Nick M
