Subject: PREMISES LICENCE REVIEW OF SAHRAH LOUNGE 5-7 WEMBLEY HILL ROAD, WEMBLEY HA9 8AF

To whom it may concern,

It comes to my attention that the property listed above is up for a license renewal and I would like to make it known the strain the current terms and the breach of the current terms has had on not only my household but many other occupants of the street.

I have forwarded one of my many communications to the council on this matter and also I will forward on my other communications with the council for your reference subjected 2 & 3.

It would be much appreciated if you took the time to read these to really understand the upset that this bar has caused and is still causing to me and my neighbours every weekend.

Many thanks

Subject: Weekend Disturbances

To: "cllr.krupa.sheth@brent.gov.uk" <cllr.krupa.sheth@brent.gov.uk>

Cc:

Hi Krupa,

I am an occupant of Ecclestone place with [REDACTED] For some time now we have experienced disturbances varying from loud chitter chatter, music from cars to extreme - almost party like going ons. These individuals are coming from the Sarahya Shisha Lounge located at the end of our street. It saddens me that this is not the first time that I, and many of my neighbours have had to write an email regarding this yet the matter only seems to get worse and not resolved.

My elderly mother still works shifts and these disturbances have meant that she has had to seek alternate accomadation (my sisters house in Watford) on a Friday and a Saturday night every week just to get some sleep. My mother has lived at this residence for 40 years but now we find ourselves prisoners in our own home and that's if you can bear the noise. When confronted, the revellers are often aggressive and obnoxious in their tone which makes us apprehensive to approach them and have a civil conversation about respecting the neighbourhood.

As mentioned earlier in the email I have a 12 week old baby who is continually disturbed due to the noise.

If nothing is done to either control or put a stop to these distrubances that occur on a weekly basis, I fear the drug fuelled behaviour of these individuals will lead to myself or one of my neighbours being seriously hurt. As my local council, I deem you responsible to insure such venues are correctly policed (which they are not currently).

Attached below is a picture of the individual who came from the Shisha bar and decided to park his vehicle outside my garage and opposite my house to play music, eat food and put a balloon up his face to 'get high'. This picture was taken by me from my bedroom window at 2.44AM on the Friday 29th July and this is just one of many pictures I have taken on numerous different occasions.

Im sure I'm not the only one who doesn't appreciate this sort of behaviour outside their bedroom window every weekend.

I await your plan of action on the matters above.
