Meeting Date	Item	Issue for committee to consider	Outcome
15 th July 2010	Health Inequalities in Brent	Report from Acting Director of Public Health. Context on health inequalities in the borough and a good introduction to the main issues that the Health Select Committee will need to address.	Report noted, but will pick up issues raised in work programme throughout the year.
	Obesity Strategy	The committee wants to look at the Obesity Strategy in the summer of 2010, prior to its approval in order to see how obesity in Brent is to be addressed. This follows on from previous reports considering childhood obesity in Brent and the MEND programme.	<p>The committee made the following suggestions for inclusion in the strategy:</p> <ul style="list-style-type: none"> • More is done to influence food suppliers in the borough, e.g. the supermarkets, rather than only focussing on individuals making a change to their own behaviour. • There is a need for a greater focus on early years' provision given the impact it has on the long term health and wellbeing of children. • The strategy needs to better reflect people's lives, connected to the argument that fast food is tastier, easier and more filling than cooking a healthy meal with fresh ingredients and vegetables which is why people eat it. <p>The committee will follow up the implementation of the strategy in April 2011.</p>
	Tobacco Control Strategy Presentation	The committee will be given a presentation on the Tobacco Control Strategy, currently being developed by NHS Brent and the council.	Report noted. The committee will follow up the implementation of strategy in April 2010.

	Access to health services for people with learning disabilities	Final report of the task group, for committee endorsement once it is available.	Endorsed by the committee and will be passed to the Executive for approval.
	Paediatric Services Implementation Plan	The Health Select Committee spent considerable time in 2009/10 scrutinising plans for changes to paediatric services provided by North West London NHS Hospitals Trust and responding to their public consultation on this issue. The committee should scrutinise implementation plans to assess how this project is running. This could be done in conjunction with the Harrow Overview and Scrutiny Committee, as they were also interested in this subject.	Report noted. Request for information on sickle cell patients in Brent and also to follow up implementation in April 2010.
	Local Involvement Network Annual Report	The LINK should present its annual report to the local overview and scrutiny committee each year. The Health Select Committee receives this in Brent, and will do so again in July 2010.	Report noted.

	Burnley GP Practice, Willesden Centre for Health and Care	There are concerns that the Burnley GP practice at Willesden Centre for Health and Care is to close. NHS Brent will be asked to provide an update on this issue.	<p>The committee made the following recommendation to NHS Brent regarding the registered patient list at the Burnley Practice (i.e. not the homelessness service):</p> <ul style="list-style-type: none"> • That NHS Brent carries out an open tender process for the Burnley Practice registered patients service. This is to ensure that the service continues to be delivered from Willesden Centre for Health and Care and to avoid dispersal of existing patients in an area which already has fewer GPs per head of population than other areas of Brent.
	Proposals for the creation of an Integrated	The Health Select Committee will receive a report setting out proposals for the creation of an Integrated Care Organisation based at	<p>It was agreed that:</p> <ul style="list-style-type: none"> • The committee does not endorse NHS Brent's

	Tobacco Investments	Issue raised under any other business by Councillor Ann Hunter.	<p>The following recommendation has been passed to the Brent Pension Fund Sub Committee:</p> <p><i>The Health Partnerships Overview and Scrutiny Committee recommends that the Brent Pension Fund Sub-Committee reconsiders the investments that Brent Council has in tobacco firms. The overview and scrutiny committee does not believe that the council should be investing pension fund money in companies that make profits at the expense of peoples' health and that it contradicts the council's work to promote tobacco control and smoking cessation. The committee is encouraged that other councils, such as Harrow, have taken a decision to disinvestment from these firms and hopes that the council can follow their lead particularly as Brent is launching its Tobacco Control Strategy on 29th November. Attached is a letter from Cllr Ann Hunter who</i></p>

Results are available in the summer of each year. In addition, the trust has implemented its "We Care" patient experience programme in response to a poor in-patient survey score in 2008/09. Members should scrutinise progress on improving the patient experience at the hospital trust, via the 2009/10 patient survey and an update on "We Care". 	Public Health White Paper	A report on the implications of the Public Health White Paper will be presented to the committee for members to provide their comments before the council's response is submitted.	<p>The Committee made a number of comments which will be included in the council's response to the Public Health White Paper:</p> <ul style="list-style-type: none"> • There is confusion over the government's decision to split commissioning responsibility for some services, such as sexual health and children's services. • How public health services will link to GP consortia and the broader NHS isn't clear. • Public health and local government should be considered an equal partner with the NHS. • There should be seamless movement for patients between services and providers, across primary care, acute care and services commissioned by local government. • The White Paper pays little attention to the broader factors that influence health and wellbeing such as housing, employment and education. Focussing on these issues (i.e. taking a preventative approach to public health) is as important as the attention that has

			been paid to treating ill health within the White Paper.
	Khat in Brent	Cllr Jack Beck has requested that the committee look at the issue of Khat use in Brent. A report on this issue will be requested from NHS Brent to set the context for this issue and to prompt discussion.
