Hi Nicola,

As per my conversation earlier with Paul, Crystals caused several issues for us on night duty Saturday 12th Nov.

Team responded to 3 calls (as per the cads listed below), on all occasions we were met by mostly excessively drunk individuals.

The door staff were less than helpful, stated as far as they were aware nothing had occurred inside the premises. If you read Cris 1928974/16 relating to a GBH you'll learn it clearly starts inside the venue.

I attended CAD 1686 and an Asian male informed me his friend was too drunk to get inside but as he was pleading with one of the door staff they said for £250 he could come inside. This male has allegedly handed the money over only to be left outside. The 'victim' did not wish to substantiate any allegation but whilst he was speaking to me the 2 males working the door disappeared inside very quickly.

This informant also stated Crystals was a popular location because people go out elsewhere and can carry on drinking here. Also getting in isn't usually a problem even if you're drunk.

I will write an MG11 detailing the above, this email is just to provide you with a general idea of what has occurred.

CAD 1205/13NOV16 02:52 hours - GBH 1928974/16

CAD 1686/13NOV16 04:31 hours - fight seen on CCTV by Pyramid

CAD 1698/13NOV16 04:34 hours - fight involving knives and guns

If you require anything further please do not hesitate to get in contact with me.

Regards,

Tej
