

APPENDIX A

1. An engagement programme with partners such as schools, GPs and other health professionals is developed to help further raise awareness of Signs of Safety.
2. The effectiveness of training in Signs of Safety is monitored by using existing workplace surveys to benchmark effectiveness and highlight any issues which may prevent the proper development of training.
3. The Cabinet Member for Children and Young People updates scrutiny annually about progress in implementing Signs of Safety, including social worker retention and other factors which may affect development of the practice.
- 4(a): Measurements are developed for assessing how effective Signs of Safety has been in the long-term in improving outcomes for children and young people.
- 4(b): Brent works with other local authorities who use Signs of Safety to share information about developing measurements for assessing the effectiveness of the model.
