Clare

spoken to the licensee. Footage downloaded on to a memory stick. Would you be able to take him a replacement memory stick.

He will be in the shop from 1730hrs tonight. Otherwise phone him (Kannay) on [REDACTED]

He's on our radar at the moments so any problems get back to me.

Nicola

Nix,

Personally, I am not sure.....CID are having an issue with their CCTV at Sudbury Supermarket...

Hi

I have been unsuccessful in getting hold of CCTV for Sudbury Supermarket for a stabbing that occurred outside on 5th November. The owner first answered my calls and said he would get it for me and now the phone just rings out and he doesn't reply to my voicemail messages.

I believe this is a licenced supermarket. Have you had any issues with them re CCTV? If they don't have working and recording CCTV then I will stop wasting my time chasing this up. Just wondered what you knew (if anything) about them

Kind regards

Clare
