Dear Sir/Madam,

I'm a resident of Rucklidge Avenue and the Jetset club is visible from my window. In the last few years, the after club noise has been very disrupting with people screaming, peeping their horns, sometimes fighting, cars parked everywhere on double yellow lines. Cars park freely on the bridge and right up to the junction of Furness Rd and the High St. Indeed, it's total chaos at the weekend, so noisy and crawling with club goers that it feels like a different place. No where to park, people urinating everywhere, one only wants to stay indoors as we feel threatened to go outside.

I remember the shooting in 2008, Trident even came to my address to find out what I knew. I also remember the rape in Palermo Rd a few years ago. The problems are incessant and the closure of this club would bring safety back to this area.

Regards,
