Subject: Neasden gambling Centre

Dear Ms Patel,

I am writing to complain about the additional gambling centre proposed for Neasden Shopping Centre. I believe this is a negative development for the area. Neasden shopping centre is already struggling with a wealth of unpleasant issues including begging, drunkenness, gangs of unruly youths, mentally unstable persons, etc. Neasden shopping centre already has a casino and a number of betting shops. This is more than enough for such a small area. Local residents increasingly regard the shopping centre as a no go area and this proposal simply reinforces that view. Such establishments will simply generate more misery by exploiting vulnerable people and may I remind you that a large number of school children also pass through the area. Please do not add to the misery of local residents.

Many thanks for your consideration.

Regards
