25th July 2017

Dear Sir/Madam,

**Reference: Sal's Bar (The Field), 249 Neasden Lane, Neasden,
London, NW10 1QG
Premises Licence Review**

I am writing in regards to the above property to have their opening hours reduced. I am the landlord of  Neasden Lane, and have been receiving several complaints from my tenants of severe noise disruption, especially loud music, coming from the mentioned property at unduly hours in the morning. This has not been fair to them as their disruption levels have increased, as is the case with other members of the community. This place used to have closing times of 11pm and since their opening hours have extended to 2am, the peace of the community has been disrupted, with many cases of fights breaking out.

~~I kindly ask that you review the opening hours of the premises and~~
reinststate the original closing times of 11pm, to keep the peace in the neighbourhood, and noise and disruption levels to a minimum.

Yours faithfully,
