

Annual review of Councillor Emad Al Ebadi

I submit the following review as activities I have participated in as a councillor over the Municipal Year 2010/2011.

Please continue on separate sheets if required.

Local ward work:

One of the major concerns raised by local residents is the concentration of several religious centres around Ealing Road, at the junction with the High Street, which causes traffic jams and inconvenience.

Also many residents have raised individual issues which I assisted in forwarding to the relevant officers to resolve.

Surgeries held:

Regular surgeries held jointly with Cllr Jayesh Mistry twice monthly at Ealing Road Library.

Surgeries are poorly attended and could benefit from more publicity.

Council meetings attended:

As Chair of Voluntary Sector Liaison Forum, attended all meetings bar one (emergency travel abroad due to death of my brother).

As Chair of Audit Committee, attended all bar one (reason as above)

Attend most Full Council meetings and member development training. Also attended all Wembley Consultative Forum meetings.

I am keeping in touch with the core business of the Council and how well we are doing and knowing the current concerns of local residents.

Community meetings attended:

Attended all Iraq community meetings in Brent.

I would be keen to attend all other community meetings in Wembley area/residents' associations.

Work in respect of which a special responsibility allowance is paid:

I receive an allowance for chairing the Audit Committee and Brent Voluntary Sector Liaison Forum (one allowance).

Participation in outside and governing bodies:

None last year.

Training events attended:

All Member development training.

Other achievements throughout the period:

I am committed to being more involved in the community and providing a better environment in Wembley Central Ward.

Form completed on: 20 June 2011
