Dear Ms Moalin,

I would like to confirm that I have considered the above proposal with regard to the prevention of public nuisance.

On behalf of Community Protection (Environmental Health) I would like to make representations to the T.E.N.

On the following grounds:

That the proposed operating hours are inappropriate due to the close proximity of residential dwellings. The noise caused by patrons exiting the premises and finding suitable transport home is likely to be detrimental to the residential amenity.

The operating schedule does not address the prevention of public nuisance from:

- airborne entertainment noise
- Structure borne noise or vibrations from entertainment
- Noise from patrons exiting the premises

Supporting Information

- Noise abatement notice has been served on the licensee for noise nuisance.
- The licence has been reviewed and reduced in operation hours

Informative

I would recommend the owner confirm any methods that has been done to minimise noise breakout from the property that has an impact on local residents.

I object to the event unless the above is proven.
