Type of Application: T.E.N.
Reference: 223741694.
Nature of event: Party with pay bar.
Start Date: 01/12/2017 - **End Date:** 02/12/2017.
Start Time: 11:00 - **Finish Time:** 03:00.

Dear Mrs Martin,

I would like to confirm that I have considered the above proposal with regard to the prevention of public nuisance.

On behalf of Community Protection (Environmental Health) I would like to make representations to the T.E.N.

On the following grounds:

That the proposed operating hours are inappropriate due to the close proximity of residential dwellings.

The operating schedule does not address the prevention of public nuisance from:

- airborne entertainment noise
- Structure borne noise or vibrations from entertainment

Supporting Information

The last complaint received about loud amplified sounds was logged 01/09/2017 from a local resident. Not witnessed by council officers.

Informative

I would recommend the following alterations/conditions to the operating schedule:

If the event is to be granted

Prevention of nuisance from noise/vibration

Airborne

All doors and windows will remain closed during the licensed activities. Where a door is used for patrons to enter or leave the premises the door will be fitted with a self-closing device and staff told to ensure that it is not propped open. *[if necessary]* A member of staff shall be positioned at the door to ensure it is opened for as brief a period as possible.

Door supervisors must be employed for the event

Structure borne

Bass / low frequency must be controlled to prevent vibration transmission of sound energy to adjoining properties.
