

Appendix 1: Evaluation Scores

THE PROVISION OF A 60 BED BLOCK CONTRACT FOR SEMI-INDEPENDENT LIVING SERVICES.			Centrepont Soho	
Quality/Technical Evaluation (45%)		Weighting	Moderated	Result
<p>Method statement 1</p> <p>Please provide a timetable and method statement on how you will mobilise the service in the first 6 months of the new service including:</p> <ul style="list-style-type: none"> • Timetable including dates, staff and properties. • Transition of service users currently being supported into the new service • How you plan to deliver the required number of units within the London Borough of Brent. • Staff structure (including paid staff and volunteers) 		25.00%	3	18.75 %
<p>Method Statement 2</p> <p>Please give 2 examples of similar scheme to the one specified, you have provided within the last 5 years including:</p> <ul style="list-style-type: none"> • Number of beds in each unit • Locations • Client group • Activities and support provided for service users • Evidence of young people being supported to achieve outcomes • References for each contract (Local Authority, contract manager name, Contact number and email) 		10.00%	2	5.00%

<p>Method Statement 3</p> <p>How will you measure outcomes and independent skills for Young People? Please explain how this is implemented and provide one example.</p>	<p>20.00%</p>	<p>3</p>	<p>15.00 %</p>
<p>Method Statement 4</p> <p>Scenario</p> <p>A 17 year old female, YP, has been residing in your care for the last 3 months. She has a history of foster placement breakdowns since being brought into care at the age of 12. She previously resided in a residential care home for the last 2 years prior to transition into your service.</p> <p>On admission she was quiet and spent a lot of time in her bedroom, although building a relationship with the staff team has been slow, YP is engaging well with her main worker. She engages in her college course and has been achieving at a steady rate.</p> <p>Her physical health is in good condition with no outstanding concerns in this area. She has previously been open to CAMHs while residing at the residential unit, but was closed prior to transition.</p> <p>In recent weeks her personal hygiene has deteriorated and she is spending more time in her bedroom. Her previous excellent attendance at college has begun to slip and she often remains in bed until late afternoon. During a key-worker session it has been noticed that YP has slash marks on her arms.</p> <p>Please explain the actions and processes your service would take in the situation and identify the potential outcomes.</p>	<p>20.00%</p>	<p>3</p>	<p>15.00 %</p>

Method Statement 5				
How will you engage with young people to calm benefits in particular housing benefits? Please provide one example how you will engage a young person who is reluctant to apply and how would you track this clam?		10.00%	4	10.00 %
