Dear Ezgi,

Thank you for your reply.

The premise is situated in an area surrounded by residential dwellings and by increasing the hours for the supply of alcohol will in my opinion have a detrimental effect on promoting the licensing objectives.

Unfortunately, at this stage I am not willing to negotiate the hours. Please discuss my concerns with your client and confirm whether they are happy to agree to all my conditions and hours.

Kind Regards

Dear Esther,

We are happy to accept the recommended conditions and the opening and closing hours to be reduced by one hour daily.

We cannot accept the hours of alcohol as recommended. We would like to recommend for Reduction of Permitted Hours to be considered as :

Supply of Alcohol:

Sunday to Thursday 1100-01:00 hours
Friday to Saturday 1100-02:00 hours

Kind Regards,
Ezgi Yildirim
