

Dear Sir or Madam, recently there are a lot of bars, restaurants and late night promises are opening in Walm Lane. I put my objection I believe another alcohol promise and food selling promise is going to be a lot for Walm Lane for safety neighbourhood, pollution, and more crime during the night. This promise already is trading without A3 license and serving hot food anyway. I thing it should be stopped either. Regards

\*\*\*\*\*

Hi, this is LA BOTTEGA DI ANNA LTD 25a walm Lane NW2 5SH. We received a public representation as attached. We understand that the area is very busy, but we would operate in selling of alcohol in the right and safest way. We are not looking for a late night licence and we will not sale cheap alcohol. We already operate whit a alcohol licence for 3 years in the previous shop (251 High Road NW10 2RX) and we never had any problem. We will and always respect neighbours, preventing noise, cleaning the premises and the front walkway, not selling alcohol to drunk people, respecting the timing.

In relation of the serving of hot food, we do but we only warm up ready made meals, we prepare fresh Panini, or we just mix some pasta(no hi risk food) whit ready made sauces, ( maybe 5 per day???) so we are not running as restaurant, we are just a coffe shop and Italian food minimarket.

As a support on this, you can check our food igene rating, that is 5, so this mine that we are working hard to operate and maintain our business in perfect conditions.

Locking for earing you soon,  
Kind regards.  
Fenzi Stefano  
Director and proposed dps of  
La bottega di Anna Ltd.

P. S. It would be nice to know the name of the person who made the representation, hoping that is not some competitor.
