Dear Hamida,

I will now withdraw my representations as you have agreed the conditions.

Kind Regards

Jason Nelson  
Enforcement Officer

Dear Hamida,

I write as a follow up to our conversation earlier today regarding the variation submitted.

As agreed, you stated you are willing to accept the hours I suggested for operation of the restaurant for licensable activities.

Sunday – Thursday (Regulated entertainment) – 17:00 to 01:00. (Friday – Saturday from 17:00 to 03:00).

Sunday – Thursday (Live Music) Nothing after 23:00 unless applying for T.E.N. (Friday – Saturday from 20:00 to 03:00).

Late Night refreshments: Sunday – Thursday from 23:00 to 01:00. Friday – Saturday from 23:00 to 03:00.

Please reply via email stating whether you agree or disagree to the above condition that will be attached to your application.

Kind Regards

Jason Nelson  
Enforcement Officer

Dear Sir/Madam,

I hope this email finds you well. We have tried to, to the best of our abilities, to answer all the questions/points made by your letter. If you have any other questions, please ask.

***Nuisance Control objects to the proposed hours as there is not suitable parking for patrons who double parks outside on double yellow lines and causes obstructions to large vehicles trying to pass.***

Our customers are currently using Red car park which is 24 hours and less than 3 minutes walk. Parking would therefore not be a problem. Not only have we been encouraging our customers to use this car park but they have been given very serious instruction on where they cannot park (around the side and the back, and especially not at the front as this is illegal).

***As the property is now a restaurant the proposed hours will give rise to loitering around when smoking and causing public nuisance.***

The restaurant is divided into two sections. The main section of the restaurant and a section for drinking and snacks. We ask that all of our customers wait in the snacks section as they wait for their ride home. This will ensure that not one customer waits outside the building for the car to pick them up. All staff have been given training on how to prevent customers from loitering in the area. And we enforce this with the utmost seriousness. Furthermore, the majority of our customers are families and couples on dates, neither group is likely to loiter in the areas, in any case, particularly not at night.

**The applicant is to provide evidence of sound proofing the premises that will avoid noise breakout from amplified & live music, so local residents will not be affected.**

This issue has been raised by the environmental authorities in the past, in fact, I believe that someone from your office (Mr Wood) came in some 18 months ago, perhaps longer, to see the noise leakage, if there was any. It is my understanding that there was not. That said, we do not have sound proofing evidence this is because it was done by our builders. It was so much cheaper for it to be done in-house than contract it out. It is also my understanding that no complaints have been made about Hiddo Restaurant inside or outside noise since we have been open. And we play music regularly. This, I hope, speaks volumes (mind the pun) about how great the sound proofing is.

Regards,  
Hamida
