1.0 Purpose of the Report

- 1.1 This report updates members on the committee's work programme for 2018/19 and captures scrutiny activity which has taken place outside of its meetings.

2.0 Recommendation(s)

- 2.1 Members of the committee to discuss and note the contents of the report, including updates about scrutiny issues outside of the work programme.
- 2.2 Members of the committee to note the changes to the committee's work programme for 2018/19 as set out in Appendix A.

3.0 Detail

- 3.1 Members of the Community and Wellbeing Scrutiny Committee discussed their work programme for 2018/19 earlier this year, which is published as Appendix A. The programme sets out what items will be heard at committee and which items will be looked at as task groups. However, the assumption made was that it would evolve according to the needs of the committee, and spare capacity would be left to look at issues as they arise.

- 3.2 For practical reasons it may be necessary to move items to be heard at a particular committee. In addition, members and co-opted members can at any time suggest an item to be looked at by committee, which provided it is agreed by the chair, would mean the work programme changes. One change which has been made is that the scrutiny task group on childhood obesity will now go to committee in April. Members are expected to confirm the chair and membership as well as the terms of reference for the task group at that meeting. There will also be the publication of a scoping paper setting out the objectives for the review and what areas it will look at as well as the number of meetings.
- 3.3 Members should also note that another change to the April meeting was that there will be a report about the Safeguarding Adult Review on Adult B. This will be produced by the Independent Chair of the Brent Safeguarding Adult Board.
- 3.4 The new municipal year and the next cycle of committee meetings will start from 1 May 2019. The committee has previously moved items from this year into the next municipal year to allow more time for discussion at the committee meetings. Members may want to consider now what other items they would like to discuss in the next municipal year. At Council on 25 February 2019, there was a change to the terms of reference for the Community and Wellbeing Scrutiny Committee which means that housing will now become part of its remit.
- 3.5 Members of the committee asked for an update about progress with actions around public health set out in the Air Quality Action Plan 2017-2022. This information is contained in a report which was presented to the Resources and Public Realm Scrutiny Committee on 14 March. However, there will be a specific update around public health which will be published with the papers for April.
