Date: 22/05/2012

Premises: The Regent, 5 Regent Street, London NW10 5LG

I confirm that I have considered your application for the Temporary Event Notification – Ref 1026344 for the Queens Jubilee Party (3rd and 4th June 2012). I am objecting to the application on the grounds of the licensing objective of promoting the prevention of public nuisance. However, if the conditions below are agreed to we will remove our objection. I include a brief synopsis of our case history, below:

Case History: Brent Council has historically received reports of noise nuisance from August 2008 –December 2011. However during the last 16 months Brent Council has received two complaints (one in May 2011 and the other in December2011). Complaints have been mainly of noise due to loud amplified music as well as noise from customers congregating outside, traffic congestion as well as the sounding of vehicle horns. Following recommendations by the Licensing Police, improvements have been made to address public nuisance arising from customers outside the front of the premises as indicated in the late night operating schedule for the The Regent.

Conditions:

Noise due to customers outside:

1. The operating schedule should be adhered to so as to ensure that noise is minimised.

Noise due to amplified music:

1. All doors and windows shall remain closed during any licensable activity and where a door is used for patrons to enter or leave the premises the door shall be lobbied and fitted with a self-closing device.

2. The level of music shall be arranged so as not to cause a nuisance to local residents.

Notwithstanding the approval of the application, should there be evidence of a statutory noise nuisance, our office would be obliged to serve an abatement notice.
