

I wish to object most vigorously to any extension to The Rising Sun's licencing or entertainment hours . This pub is already a problem and should never be allowed to operate in the centre of a residential area. As it is residence are disturbed by rowdy behaviour, noise , and some very unpleasant characters , generated by and frequenting the pub . A pub such as this needs to be situated in a high street not a residential street where children should be able to walk freely and young women safe . Police have already been called to the pub and the unpleasant atmosphere generated can only get worse with any extension to its opening hrs/music licence. Further It is likely that Harlesden Road will seriously deteriorate with residents particularly those with children being forced to move away .
