1.0 Purpose of the Report

- 1.1 This report updates members on the committee's work programme for 2019/20 and captures scrutiny activity which has taken place outside of its meetings.

2.0 Recommendation(s)

- 2.1 Committee to discuss the contents of the report.

3.0 Detail

- 3.1 The scrutiny committee's work programme sets out the policy areas and decision-making, which are the responsibilities of the Cabinet which the committee will review and scrutinise during the municipal year. It also states the scrutiny task groups which it will set up as in-depth reviews. The committee's

work plan for 2019/2020 is set out in Appendix 1. A scrutiny committee's work plan may change during the municipal year as new issues arise and items are added. An assumption of the work programme is that it will evolve according to the needs of the committee, and spare capacity would be left to look at new issues, particularly in 2020. In addition, for practical reasons it may be necessary to move items to be heard at a particular committee date.

- 3.2 As part of its remit set out in the constitution, the Community and Wellbeing Scrutiny Committee can scrutinise, and make recommendations, to NHS organisations. It reviews the provision and operation of health services in the borough and can make reports or recommendations to NHS bodies or Full Council.
- 3.3 In accordance with this remit, on 24 October there was a special scrutiny committee meeting at which two reports were considered. Firstly, there was a report from Brent Clinical Commissioning Group (CCG) providing an update on the financial position of the North West London Collaboration of CCGs and the financial recovery programmes in place. Secondly, a report from Brent Clinical Commissioning Group and the North West London Collaboration of CCGs on progress with commissioning reform and the to move to a single CCG in 2021, and a single operating structure for North West London. The recommendations made by the scrutiny committee, and the response are attached in Appendix 3.
- 3.4 The committee has also formally established a members' task group to review childhood obesity. The childhood obesity task group has completed all of its evidence sessions which were held on July 16, July 23, and September 3. There was also a special open session on 10 September at which residents, parents and other stakeholders were able to give their views about the key issues. However, the task group would now like to consider more evidence. On this basis, the task group's report will be presented to committee on 16 March 2020.
- 3.5 For reference of Council, the work plan of North West London Joint Health Overview and Scrutiny Committee has also been included in Appendix 2. Councillor Ketan Sheth is council's representative on the joint health scrutiny committee.

4.0 Financial Implications

- 4.1 There are no financial implications arising from this report.

5.0 Legal Implications

- 5.1 There are no legal implications arising from this report.

6.0 Equality Implications

- 6.1 There are no equality implications arising from this report.
