### Notes

This is a table to track the progress of scrutiny recommendation made by one of the formal scrutiny committees at Brent Council. It is intended to form part of a standing item on the Committee's agendas so that the Committee can keep track of the recommendations nit has made, the decisions made, implementation and provoke consideration of outcomes that have for residents, the Council and its statutory partners.

The tracker lists the recommendations made by the committee throughout a municipal year and any recommendations still not fully implemented from previous years, in reverse chronological order (the most recent recommendations first).

The tracker documents the scrutiny recommendations made, the dates when they were made, the decision maker who can make each decision in respect of the recommendations, the date the decision was made and the actual decision taken. The executive decision taken may be the same as the scrutiny recommendation (e.g. the recommendation was “agreed”) or it may be a different decision, which should be clarified here. The tracker also asks if the respective executive decisions have been implemented and this should be updated accordingly throughout the year.

Scrutiny Task Group report recommendations should be included here but referenced collectively (e.g. the name of the scrutiny inquiry and date of the agreement of the scrutiny report and recommendations by the scrutiny committee, along with the respective dates when the decision maker(s) considered and responded to the report and recommendations. The Committee should generally review the implementation of scrutiny task group report recommendations separately with stand-alone agenda items at relevant junctures – e.g. the Executive Response to a scrutiny report and after six months or a year, or upon expected implementation of the agreed recommendation of report. The “Expected Implementation Date” should provide an indication of a suitable time for review.

*\*The Ref. column references the date of the scrutiny committee meeting when the matter was considered, the minutes item number and the number reference of the resolution of the committee in the minutes.*
