

## **Full Council – 18 September 2017**

### **Motion selected by the Brent Conservative Group**

#### **BRENT PLANNING SYSTEM**

This Council notes that our residents have lost confidence in the Brent planning system.

Residents tell us that consultations are mere public- relation exercises, that decisions are often perverse and some seemingly politically- motivated.

We note last year's damning report on the Brent planning service by PWC, and agree to hold an independent inquiry into every aspect of the planning process. This Council agrees that this is the only way that we can hope to restore residents' confidence in our planning service

Councillor John Warren  
Leader of the Brent Conservative Group  
Brondesbury Park Ward
