

SUMMONS ITEM 10(ii)

FULL COUNCIL 15th September 2003

Motion selected for debate by Councillor Lorber, Leader of the Liberal Democrat Group

We note that residents are fed up with the dirty state of Brent and the failure of Brent Council to take effective action.

We resolve therefore to divert resources currently wasted on propaganda and spin and reinvest it on implementing the following priority 5 point plan:

1. Recruit more street cleaners to tidy up our area.
2. An immediate clean up of graffiti on all Council property and grants to local shops and traders to help clean up graffiti.
3. Faster action to remove abandoned and dumped cars from local streets.
4. Create anti-dumping teams and the creation of grot-spot hotline to enable local residents to report problems in their area and get them sorted.
5. More litter bins in our area and more frequent emptying of all litter bins.
