The Mayor welcomed everyone to the first meeting of the Council over which he was presiding. He offered his congratulations to Baroness Amos on her appointment as International Development Secretary.

He also reported with regret the death of Tony Holyhead, Principal of the College of North West London. The Council stood in silence for one minute as a mark of respect and in memory of Tony Holyhead.

1. **Apologies for Absence**

Apologies for absence were received from Councillors Joseph, HB Patel, Sengupta, Ms Shaw, Singh and Thompson.

2. **Procedural Motion**

Councillor Moloney moved a procedural motion which was CARRIED.

Councillor Hughes moved a procedural motion requesting that up to ten minutes should be allowed for moving, debating and voting on each proposed amendment to the Constitution and that a substantive vote on the Constitution be taken at the end of the general debate, which was put to the vote and LOST.

RESOLVED:-

- (i) that:
 - (a) in accordance with Standing Order 46 (i) and (o), only one member from each political group be permitted to speak in respect of item 2 on the summons - *Amendments to the Constitution* - including responding to or commenting on any motions or amendments moved in respect of the item and that such speeches be limited to not more than 10 minutes;
 - (b) any motions or amendments relating to item 2 on the summons which have not been circulated in advance of the meeting and which are therefore required to be read aloud under Standing Order 46(d) shall be read aloud within the 10 minute time period permitted for speeches on that item, and that Standing Orders be suspended to the extent necessary for that purpose.
- (ii) that Standing Orders be suspended to the extent necessary to permit consideration of the following items included on the Summons;
 - Adult Learning Plan 2003/04, and
 - Motions selected by Leaders of the Opposition Groups.
- (iii) that up to 30 minutes be allowed for discussion of the item – *Adult Learning Plan 2003/04* – with the Lead Executive

Member being permitted up to 5 minutes to introduce the report after which the normal rules for debate will apply.

- (iv) that a period of no more than 40 minutes be allowed for the item - *Motions selected by Leaders of the Opposition Groups* – and that the rules for debate be as per those contained in the new Standing Order 46 adopted below under the item on proposed revisions to Brent's Constitution.

3. **Modern Decision Making – Proposed Revisions to Brent's Constitution**

The Director of Policy and Regeneration introduced the report. In May 2002 the Council agreed to adopt a new constitution which fulfilled the legislative requirements of the Local Government Act 2000 and formalised a split of functions between the Executive, Scrutiny and Overview, and the Council. At the time it was clear that in agreeing to run a totally new system there would be inevitable teething problems and some aspects might benefit from amendment in the light of experience. In recognition of this, the Council created an all-party, member/officer Constitutional Monitoring Group (CMG) to 'review the implementation of the new constitution in the first year of its operation'. The Group began its work in September 2002 and the recommendations set out in the report were the result of its deliberations.

The Mayor invited Members to ask questions of the officers and issues around call-in, the work programmes of the individual scrutiny bodies and the role of the Overview Health Panel were raised.

Councillor Lorber referred to the motions circulated to all Members under cover of a letter from him dated 16th May 2003. He stated he did not accept the arrangements for call-in, referred to the lack of public participation at Full Council, felt the Area Consultative Forums should have a level of delegated power and that the role of the Mayoralty should be reviewed. He felt that there was confusion over the roles of Overview Committee and Scrutiny Committee and that the Overview Committee should be abolished. There was a need for effective scrutiny of transport issues and the recruitment and remuneration of senior officers. Councillor Lorber moved the motions previously circulated in the names of Councillors Chavda, Hughes, Wharton, Shah, Lorber, V Brown, Allie and D Brown.

Councillor R Blackman praised the contribution of the officers who had supported the work of the Constitutional Monitoring Group. The Group had identified three major areas where improvements were most needed. He felt that there was further work to be done but not in so much detail. The report of the Group represented a compromise and in light of this he felt that the new arrangements for scrutiny should be capable of all-party support. The proposals for Full Council gave a greater opportunity for Opposition and back bench members to contribute to the meetings but this would make them longer. He therefore proposed to introduce a comfort break. However Councillor

Blackman felt that a 7.00pm start was too early for many Members and proposed a 7.30pm start. He felt that the Forward Plan Select Committee should have call-in powers. He also felt that an amendment to the Access to Information protocol was necessary to make clear a requirement on officers to brief opposition members. Councillor Blackman moved the motions circulated in his name.

Councillor Kagan referred to the proposals to enhance the role of Full Council for non-executive Members, the introduction of a pre-scrutiny element to the scrutiny arrangements and the intention to promote public involvement by further developing the link between the Area Consultative Forums and scrutiny. She commented that the proposals put forward by the Liberal Democrat Group gave the impression that they had not been a part of the work of the Constitutional Monitoring Group which was not the case. She looked forward to the new arrangements working well. Councillor Kagan moved an amendment to Councillor Blackman's motion regarding the scrutiny process and an amendment to Councillor Blackman's motion regarding Access to Information.

The motions previously circulated in the names of Councillors Chavda, Hughes, Wharton, Shah, Lorber, V Brown, Allie and D Brown were each put to the vote and LOST.

The motions circulated at the meeting in the name of Councillor Blackman concerning the scrutiny process and access to information, as amended by Councillor Kagan, were put to the vote and CARRIED. The motion circulated at the meeting in Councillor Blackman's name concerning the start time for Council meetings was put to the vote and LOST.

The motion circulated at the meeting in Councillor Blackman's name concerning an interval for Council meetings was put to the vote and CARRIED.

RESOLVED:-

- (i) that the Constitutional Monitoring Group continue to monitor the operation of the executive arrangements and the constitution in Brent and that this takes the form of a lighter programme of meetings commencing in November 2003;
- (ii) that the time allowed at Full Council for Question Time and Non-Executive Members Items be extended from 30 minutes to 45 minutes and three members be selected for each Non Executive Members Item;

 - Two questions for the Conservative Group
 - One question for the Liberal Democrat Group

- (xv) that a Social Care Scrutiny Panel be created, consisting of 7 Council Members to meet quarterly;

- (xviii) that the Chair and Vice Chair of the Scrutiny Committee, the scrutiny panels and the select committees be selected from different political groups;
- (xix) that an informal Management Board be created, consisting of the Chair and Vice Chair of the Scrutiny Committee plus the Chairs from each of the scrutiny panels and select committees;
- (xx) that the terms of reference for the Scrutiny Committee and its sub-committees be agreed, as set out in Part 5 of the Council's revised Constitution (see Appendix I of the report);

- (xxv) that this Council believes that the decision making process should be as open and transparent as is possible under current legislation and believes that this requires informed decisions being made and appropriate information being provided to all political groups on the Council; accordingly the protocol on Access to Information Rules as set out in part 7 of the amended constitution be adopted subject to the amendment of paragraph 7.4 by the addition of the following at the end of the sentence "although officers are not prevented from giving briefings to other members if they feel that is appropriate";

9. **Adult Learning Plan 2003/04**

Councillor Lyon referred to the involvement of the late Tony Holyhead in many aspects of the plan and expressed his appreciation of the work he did with the Council during the time he was Principal of the College of North West London. Councillor Wharton raised no objection to the plan but felt it was written largely for the benefit of the Learning Skills Council. He hoped that such plans could be more fully discussed under the new scrutiny arrangements. Councillor Kansagra added his personal condolences over the death of Tony Holyhead. He also paid tribute to the outgoing lead member, Councillor Gladbaum, for her time as chair and lead member for education. He praised the work of officers in drawing together the plan but felt that it should have been subject to greater member input before its submission date.

RESOLVED:-

that the Adult Learning Plan 2003/04 be adopted.

10. **Motions Selected by Leaders of the Opposition Groups**

- (i) *Motion selected by the Leader of the Conservative Group – University Tuition Fees*

The Council debated a motion selected by the Leader of the Conservative Group, Councillor R Blackman, which asked the Council to welcome the new Conservative policy on the abolition of university fees. Councillor Blackman referred to a past

Labour Party promise not to introduce such fees and submitted that the change of policy should be condemned. He stated that the abolition of fees would help ensure University education was open to all.

Councillor Lyon responded by pointing out that the item was not one over which Brent Council had any executive responsibility. He stated that the Conservative Party's pledge was inconsistent with its aim to reduce public spending because it would cost the public purse over £400m. The fees had been introduced to help meet the higher costs of more people attending University and were an equitable way of raising revenue.

During debate the point was made that this matter affected a large number students living in Brent and was a tax on learning. Local people were running up huge debts to fund their learning. However it was submitted that any abolition of tuition fees needed to be accompanied by proposals to meet the consequent funding shortfall for Universities and without this it was not possible to say that it would open University education to all. The funding generated by fees would help reach the target set by the Government of 50% of young people progressing into higher education.

The Council voted on the motion, which was declared LOST.

(ii) *Motion selected by the Leader of the Liberal Democrat Group – Improving Bus Services to Hospitals in the Borough*

The Council debated a motion selected by the Leader of the Liberal Democrat Group, Councillor Lorber, which asked the Council to review the adequacy of existing bus services serving hospitals in the borough, specifically to urge London Transport to extend the No. 18 bus to Northwick Park Hospital and to establish a transport scrutiny panel.

Members debated the motion. It was pointed out that these issues had already been raised at the Transport Liaison meetings at which all interested Members had been able to raise their concerns. There were other routes to hospitals in addition to the No.18 that were of concern and the Council needed to work with Transport for London in pursuit of getting improvements made.

Councillor Jones added that many Members shared the concerns raised and these were subject to discussion with Transport for London. Liaison arrangements with transport providers already existed and she moved, and it was AGREED, that the issue of improved transport to main hospitals in the Borough, in particular Central Middlesex and Northwick Park be referred to the Public Transport Liaison meeting for detailed consideration.

The meeting ended at 9.15 pm.
