# Introduction

This document provides information on the way that the Council has performed for the year 2006/07 compared to all other councils in the United Kingdom.

The report is presented in line with the Corporate Strategy themes together with the responsible service area.

The report provides:

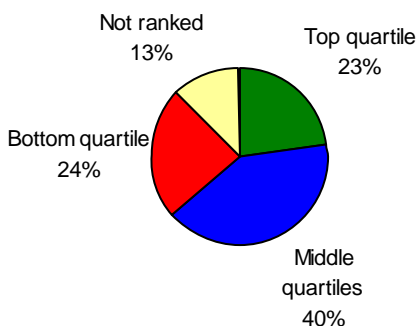

- Externally audited performance against each indicator
- Direction of travel between 2005/06 and 2006/07, showing where performance has improved, fallen or not changed
- The quartile range compared to all UK which covers:
  - top quartile - best performing 25% of councils
  - bottom quartile – BOTTOM performing 25% of councils
  - middle quartiles - indicators in this range fall between top and bottom quartiles
- The names and performance of both the top and BOTTOM performing boroughs in London

# Overall trends

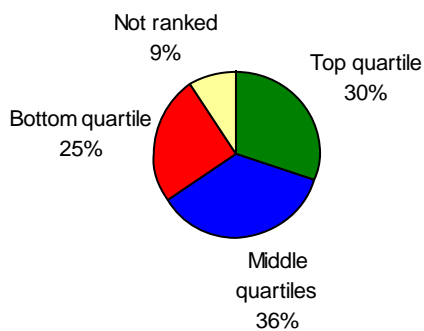

Based on 136 indicators for period 2006/07 our overall UK ranking breakdown is as follows:

- 31 indicators in the top (best performing) quartile
- 55 indicators in middle (between top and bottom) quartiles
- 33 indicators in the bottom (BOTTOM performing) quartile
- 17 indicators in the 'not ranked' section, which means performance cannot be compared because good performance is neither high nor low

## Brent's quartile breakdown for 2006/07

## Brent's quartile breakdown for 2005/06

Compared to 2005/06, the percentage of indicators in the top quartile has decreased from 30% to 23%. However, the percentage of indicators in the bottom quartile has decreased from 25% to 24%.
