

# BRENT COUNCIL'S PERFORMANCE PLAN 2008/09

PRU 07/08 - 04

POLICY & REGENERATION UNIT LONDON BOROUGH OF BRENT

TEL: (020) 8937-1030 FAX: (020) 8937-1050

### **BEST VALUE PERFORMANCE PLAN 2008 – 2009**

#### Introduction

Each year the council is required to publish its end of year performance against the national set of performance indicators as directed the Dept of Communities and Local Government and Audit Commission.

The government has set the date for the publication of the Best Value Performance Plan for the end of June each year. This has been done to enable us to include actual performance data for the previous financial year. Most of the figures you will see are actual figures however; there are some performance indicators that are still estimated. These are mostly financial figures where there has not been sufficient time since the close of the financial year to calculate them accurately.

The data within the plan is subject to an annual independent verification process by external auditors on behalf of the Audit Commission.

Please note that some current indicators are being discontinued and do not have a future target set. This is due to the introduction of the new set of 198 National Indicators from 2008/09.

#### Statement on contracts

The council has undertaken an exercise to identify all relevant service contracts awarded during the 2006/07 financial year which have involved a transfer of staff and where requirements of the Code of Practice on Workforce Matters in Local Authority Service Contracts are applicable. Two relevant contracts have been identified. A contract between Prospects Services Limited and the Council involved the transfer of staff previously employed by the Council from a previous contractor. A contract between Millbrook Furnishing Industries Limited and the Council involves the transfer of staff employed by the Council to the contractor. In both cases the contract complied with the requirements of the Code of Practice on Workforce Matters.

### **About the Plan**

This year the focus of the report has changed to reflect the new Corporate Strategy themes. Each indicator has been positioned to relate to the most relevant theme within the Corporate Strategy.

The Best Value Performance Plan covers each of these indicators showing performance against target.

Priority	Theme	Page:
A Great Place	A safe place	9
	A clean place	11
	A green place	11
	A lively place	12
A Borough of Opportunity	Local employment and enterprise	13
	Health & Well being	13
	Help when you need it	14
One Community	Settled homes	15
	Early excellence	17
	Civic leadership	19
	Community engagement	19

## Key

The performance plan shows the following for each indicator:

- Previous and current annual performance
- Current year's target
- Did we achieve the target?

727	Low risk' performance indicators – this means the annual targets are either being met or exceeded
	'Medium risk' performance indicators - this means annual performance is not being met but is within 10-15% of the target
	High risk' performance indicators - this means annual targets are not being met and are not within 10-15% of the target

## Direction of travel

v	Arrow signifies that performance has gone up and that this is the right direction it should be going.	<b>,</b> >	Performance falling where it should be falling (as smaller is better)
*x	Signifies that performance has gone up and that this is the wrong direction	×	Performance falling where it should be rising (as bigger is better)
-	No change		

• Future targets where possible for the next three years
