| Number of complaints to the ombudsman resulting in a local settlement | 2 | 0 | 0 | | 0 | * |

Issues

Youth -Percentage of young men supervised by the YOT subject to custody that are Black African or Carribean affected by the courts approach to sentencing.

Risks

Childrens Social Care -Levels and cost of placements required are a risk to delivering childrens social care 'spend to save' initiatives. Currently the cost of external placements is running higher than expected though this is partly offset by underspending in internal provision.

Pressure on budget for children with disabilities due to direct payments costs and increasingly complex Achievement and Inclusion support packages

This budget overspent by £270k in 2007/08 and there continues to be cost pressures however the SEN Transport Expenditure

review of Transport Services is expected to achieve savings.

Targets for residential care reflect the aim of the adult social care transformation board to reduce the number of residential placements by 50% by 31 March 2010. Forecasts do not yet reflect the work of the board to achieve this, and should draw closer to the target as the year progresses and the effects of the board's initiatives become known. Residential target figures are year end snapshot figures not averages.

| | |

Temporary Accommodation -

Central government agreement is required in order to convert temporary accommodation leases into settled accommodation

Risks

Adult Social Care - Risk to reaching financial savings targets within timescales.

Learning Disability - Overspend relates to purchasing, mainly direct payments and day care.

| | | | | | | |
| | | | | | | |
| | | | | | | |

Issues

Expenditure on maintenance backlog does not include any Devolved Formula Capital.

SAI works - It should be noted that there was a concerted effort over the last two years to improve the quality access database. Previously classifications were crude where as we now grade schools as high, medium and low accessibilities, as not all schools had been visited, but they have now including VA, special and nurseries. From now, there will be continuing reassessment of 20% of schools each year.

Risks

Maintenance backlog forecast figures do not count items that could arise during the financial year

| Number of access corridor land claims resolved | 3 | 18 | 0 | 18 | 0.00 | * |

Issues

Activity data for kilometres of major footway upgrade includes Borough Road 7.00km and Principal Road 2.40km. The PI scores for 187, 223, 224a and 224b are derived from annual condition surveys. The scores for 2008/09 will not be known until 2009, when the results from the latest round of condition surveys will be available. The 2007/08 scores were as follows: 187 - 17%; 223 - 8%; 224a - 10% and 224b - 20%.

The number of access corridor land claims resolved in 2008/09 will be dependant on the number of claims that have to be referred to the Land Tribunal.

BHP Comments:

HCC HIP - percentage of repairs completed within gov time limits

We anticipate continuous improvement as a result of the new action process with contractors which started in April 2008

non-urgent repairs

HCC HIP - average days to complete Performance is slightly above target of 7 due to the high number of days to complete repairs in April 08, Performance has improved monthly from 9.6 in April and 8.0 in May.

Risks

None noted.
