**3. Review of Polling Districts and Polling Places**

The Electoral Services Manager introduced the report from the Democratic Services Manager and outlined the background to the review of polling districts and places that had been conducted over the past few months, as required by the Electoral Administration Act 2006. Ward councillors and area consultative forums had been consulted as well as Brent Association for Disabled People and Brent Help the Aged. The Returning Officer's report with recommendations completed following the consultation and visits to each existing polling station had been posted on the Council's website.

The Electoral Services Manager outlined the proposals for changes to polling districts and places which involved minor changes to district boundaries and two new polling places with a view to making voting more convenient to electors. The proposed changes arose in part from responses to the consultation by ward councillors. Other changes were prompted by existing polling stations becoming unavailable.
