

Welsh Harp Joint Consultative Committee

Tuesday 22 April 2008

Report from the Director of Environment and Culture

For Information

Wards Affected:
ALL

Welsh Harp Management Plan

Forward Plan Ref:

1.0 Summary

- 1.1 This report presents progress on the Brent Reservoir / Welsh Harp Management Plan and related issues. The Management Plan is jointly managed by the three main local land-holding organisations: Brent Council, British Waterways, and the London Borough of Barnet.

2.0 Recommendations

- 2.1 Members are asked to note the Report.

3.0 Detail

Welsh Harp Management Plan

- 3.1 The Welsh Harp / Brent Reservoir Management Plan is administered by officers of the land owning and land managing organisations. Reviews are undertaken annually. The Management Plan was signed by English Nature (now Natural England) on 15 May 2003. Subsequent amendments have been reported to this Committee. Natural England have indicated that there is no need to seek their consent for minor changes to the Management Plan. The current version of the Management Plan is available on the internet at www.Brent.gov.uk/parks . A map of the zones is also provided on the internet; and is attached to this report.

Management works

- 3.2 Annual works on the marshland were this year undertaken on the Welsh Harp Open Space side of the Reservoir. The work included coppicing of young willow growth and the reduction in size of a Crack Willow where it was over-shading the pond.
- 3.3 No raves or other unauthorised events have been reported since the last meeting of the Welsh Harp Joint Consultative Committee.
- 3.4 Brent Energy Solutions are completing their move to the Chapel building of the Welsh Harp Environmental Education Centre.

British Waterways

- 3.5 British Waterways will continue during 2008 the clearance of fly-tipping in the Site of Special Scientific Interest on the southern side of the Reservoir bordering the North Circular Road.

Environment Agency

- 3.6 For the Environment Agency, Welsh Harp issues are led by the Brent and Crane Environment Management Team. They have been invited to provide an update to the Committee.

Heritage Lottery Award

- 3.7 Maintenance of the Heritage Lottery Fund award project continues. At the previous meeting of the Committee on 12 February 2008, members requested an update on all of the Heritage Lottery Award projects. Some explanation is provided here; and summaries are reproduced in Appendices 1 and 2.
- 3.8 Originally (1998) there were 18 projects divided between A: Nature Conservation and Landscape Enhancement Projects; B: Visitor Information and Interpretation Projects; and C: Public Access and Safety Projects. Due to practical issues, some projects turned out to require modification, deletion, amalgamation or division; and thus the list in Appendix 1 is a summary as presented to the Welsh Harp Joint Consultative Committee of 25 July 2002.
- 3.9 Even with the changes mentioned above, there was some under-spend and time-slippage; and the Heritage Lottery Fund agreed an extension to some projects and enhancements to others. A further 23 projects were thus arranged divided between the London Boroughs of Barnet and Brent. These are detailed in Appendix 2.

Events

- 3.10 Brent Council Sports Service have initiated a Healthy Walks Programme. At the Welsh Harp these meet at the Welsh Harp Open Space car park, Birchen Grove, every Thursday (except on Bank / Public Holidays) from 10am-11am. The walks are 'low to moderate' in pace. The nearest bus routes are numbers 182, 245, 297 and 302. For further details contact Brent Council Sports Service, tel: 020 8937 3707, [www. Brent.gov.uk/sports](http://www.Brent.gov.uk/sports) . The current programme continues until September 2008.
- 3.11 Kingsbury and Welsh Harp Reservoir Open Day. The annual event is this year to be held on Spring Bank Holiday Monday 26 May 2008. This year the event is being coordinated by St. Andrew's Church, Kingsbury. The Welsh Harp Environmental Education Centre will be open from 11am to 3pm.
- 3.12 Walk London are organising a walk along the Capital Ring on Sunday 1 June 2008. Details from: www.walklondon.org.uk Tel: 0870 240 6094.

4.0 Financial Implications

- 4.1 None specific, but some of the priorities identified in the Management Plan will require additional resources and decisions by, as appropriate, Brent Council, Barnet Council or British Waterways, if they are to be implemented in the future. For Brent Council Parks Service, the Management Plan is implemented and improvements programmed via the Brent Parks Service Parks Strategy, and Service Plan; both of which derive from the Council's Corporate Strategy. Thus implementation is partially dependent upon revenue and capital budgets for grounds maintenance and for parks management. The Parks Service pursues other sources of finance and opportunities for partnership working that may become available.

5.0 Legal Implications

- 5.1 Under the Countryside and Rights of Way Act 2000 (CROW) and the Wildlife and Countryside Act 1981 (as amended), land owners or occupiers are required to give notice to and consult with Natural England for any operation in an area of land that is of special interest by reason of any of its flora, fauna, or geological or physiographical features; and Natural England will issue a consent for the works unless the operation is likely to have a significant impact on any of the notified features of interest on the site. CROW (and section 28G of the Wildlife and Countryside Act 1981) places a duty on all public bodies to take reasonable steps, consistent with the proper exercise of the authority's functions, to further the conservation and enhancement of the site.

5.2 It is good practice for land owners or occupiers to produce Management Plans for the SSSI, which when approved by Natural England, enable the carrying out of the works specified in the Management Plan. This can reduce the administrative work inherent in obtaining consent for individual items of management work.

5.3 The Natural Environment and Rural Communities Act 2006 requires that from 1 October 2006 all public authorities in England and Wales have a general duty to have regard to the conservation of biodiversity so far as is consistent with the proper exercise of their functions.

6.0 Diversity Implications

6.1 The proposals in this report have been subject to screening and officers believe that there are no diversity implications.

7.0 Staffing/Accommodation Implications

7.1 None specific.

8.0 Environmental Implications

8.1 The Welsh Harp Management Plan co-ordinates environmental works in the Reservoir area.

Background Papers

Dated correspondence and other documents referred to in the Report including:

Brent Reservoir / Welsh Harp Management Plan.

Equality Impact Assessment Completion Form: Welsh Harp Joint Consultative Committee: Welsh Harp Reservoir Management Plan: 20 January 2005. Form dated 06b.01.2005.

Contact Officers

Any person wishing to inspect the above papers should contact Mr Leslie Williams, Environmental Policy Officer, Brent Parks Service, 660 Harrow Road, Wembley, Middlesex HA0 2HB. Tel.: 020 8937 5628. E-mail: Leslie.Williams@Brent.gov.uk
