

## Children and Families Overview and Scrutiny Committee – supplementary agenda

**Tuesday, 13 July 2010 at 7.30 pm**  
Committee Rooms 1 and 2, Brent Town Hall, Forty  
Lane, Wembley, HA9 9HD

### Membership:

#### Members

Councillors:

Gladbaum (Chair)  
Matthews (Vice-Chair)  
Aden  
Harrison  
Hector  
Hunter  
Oladapo  
HM Patel

#### Voting Co-optees

Mr C Akisanya  
Dr Kumar  
Mr R Lorenzato  
Vacancy

#### first alternates

Councillors:

S Choudhary  
Clues  
Mistry  
Hirani  
Daly  
Sneddon  
Long  
Baker

#### Non-Voting Co-optees

Dr J Levison  
Mrs S Tabi

#### Second alternates

Councillors:

A Choudry  
Allie  
Mitchell Murray  
Hossain  
Denselow  
Ashraf  
Mashari  
HB Patel

#### Observers

Mr A Carter  
Ms J Cooper  
Mrs L Gouldbourne  
Ms C Jolinon

# Agenda

Introductions, if appropriate.

Apologies for absence and clarification of alternate members

Item	Page
<b>5 Children and Young People's Plan 2009/11 - progress report</b>	1 - 8
<p>Brent's second Children and Young People's Plan (CYPP) was published in May 2009. The CYPP (2009-11) is a strategic document setting out the vision and priorities of the local Children's Trust, Brent Children's Partnership (BCP), for the delivery of services to children and young people in Brent.</p>	
<p><b>Ward Affected:</b> All Wards; <b>Contact Officer:</b> Krutika Pau, Children and Families, Strategy and Partnerships Tel: 020 8937 3126 krutika.pau@brent.gov.uk</p>	
<b>8 School places update</b>	9 - 12
<p>The committee will receive a verbal update on school places in the borough.</p>	
<p><b>Ward Affected:</b> All Wards; <b>Contact Officer:</b> Director of Children and Families</p>	
<b>9 In-flow and out-flow of secondary aged pupils</b>	13 - 28
<p>The committee will receive a verbal update on the in-flow and out-flow of secondary aged pupils.</p>	
<p><b>Ward Affected:</b> All Wards; <b>Contact Officer:</b> Director of Children and Families</p>	
<b>10 Work programme</b>	29 - 32
<p>This report sets out a long list of items for inclusion in the Children and Families Overview and Scrutiny Committee work programme in 2010/11.</p>	

## Children and Young People's Plan Review & Refresh

**Krutika Pau** - Assistant Director Strategy & Partnerships  
**Anna Janes** - Head of Planning Information & Performance  
**Sarah Mansuralli** - Head of Partnership Commissioning Service

## Setting the scene.....

- Over 72,000 children & young people aged 0-19.....and rising
- Over 50% of children and young people are living in 'poor' households – in some parts of Brent
- Fewer families living in temporary accommodation
- Significant increases in levels of DV

## Setting the scene....(Contd)

- 373 LAC... significant proportion are black boys aged 13+
- Immunisation levels at ages 1,2 & 5 need to improve
- 22% of 10 year olds are obese.....poor nutrition and underweight amongst some groups
- KS4 ( age 16) 5+ GCSEA\*- C
  - England 51%
  - Brent 57%: Non FSM 61%, FSM 40%
- Reductions in number of first time entrants to Youth Justice system
- 4.3% of 16-18 year olds NEETS

## Profile of Children & Young People in Brent

Age groups	Wembley	Willesden	Harlesden	Kingsbury	Kilburn	Brent Total
0 to 4	6,004	4,122	4,054	2,880	3,416	20,476
5 to 9	4,945	3,630	3,539	2,734	2,811	17,659
10 to 14	4,919	3,356	3,351	2,990	2,369	16,985
15 to 19	5,208	3,402	3,365	3,110	2,267	17,352
<b>Total</b>	<b>21,076</b>	<b>14,510</b>	<b>14,309</b>	<b>11,714</b>	<b>10,863</b>	<b>72,472</b>

•Wembley locality has the largest count of 0 to 19 year old residents (21,076), with the least living in Kilburn (10,863) and Kingsbury (11,714)

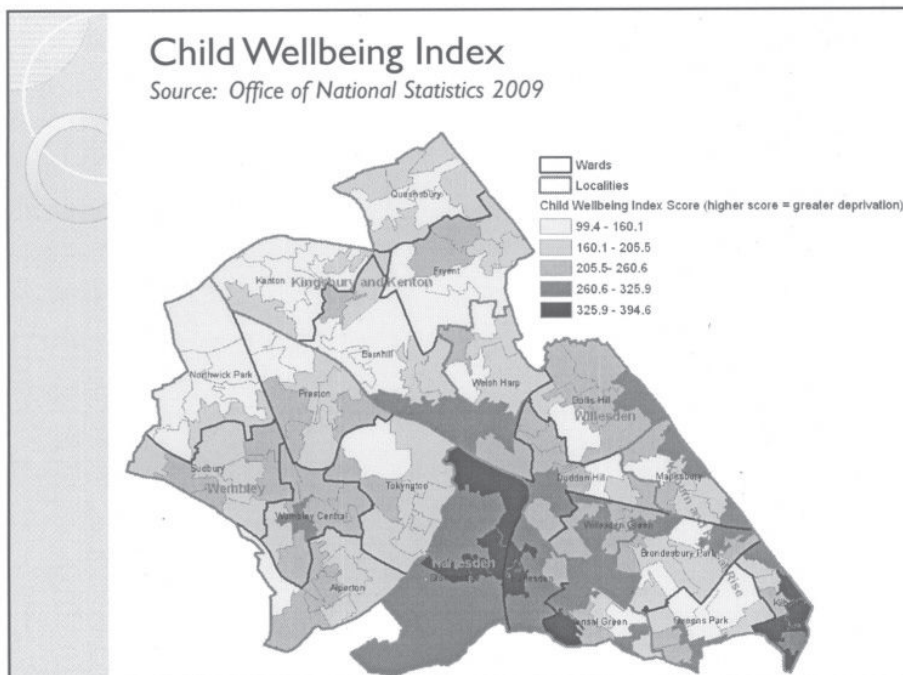

•Wembley is predicted to have the greatest increase in population, with the majority of the increase is predicted to take place in Tokyngton ward (over 10,000 extra people)

## Profile of Children and Young People in Brent

- 92% of Brent's school population belong to an ethnic group other than white British *Source: Brent school census 2010.*
- Brent was the local authority with the second highest number of people born outside of the UK within London in 2007/8. The highest being Ealing. *Source: Annual Population Survey (APS)/Labour Force Survey (LFS), ONS 2008.*
- Brent is ranked 53<sup>rd</sup> out of 354 boroughs in the Index of Multiple Deprivation (IMD) 2007 (1 = Most Deprived, 354 = Least Deprived).
- There has been a significant rise in the rate of domestic violence offences in Brent over the last two years while the London average is declining

## Profile of Children & Young People in Brent

- Teenage pregnancy rate in Brent had been in decline from 2005, but the rate increased in 2009 to 44 conceptions per 1,000 female population (equal to the London and statistical neighbours average).
- There was an increase in the total number of children subject to a CP plan over the time period, with the largest increases shown in Wembley and Kilburn localities.
- The majority of looked after children originally lived Harlesden and Wembley, Harlesden locality was shown to have a significantly higher rate of looked after children (6.6 per 1,000 head)
- A significantly lower proportion of Brent children reported experiencing bullying in the TellUs 4 survey than the national and London average
- Brent students not eligible for free school meals have performed above the national average for the last three years
- Male students perform significantly worse than female students at Key Stage 4

## Children & Young People in vulnerable circumstances

### Comparison between 2008 and 2010

- Contacts to Social Care – 61% Increase
- Referrals to Social Care – 14% increase.
- Children in need - 26% Increase.
- Children subject to Child Protection Plans - 16% Increase.
- Children with a statement of Special Educational Needs - 6.2% Increase.
- Children Looked After by Brent – 6.1% Increase.
- Permanently excluded from Brent maintained Schools – 50% reduction.
- Young Offenders - 6.6% reduction .
- Young people not in education, training or employment 8.1% increase.

## Children & Young People in Harlesden

- Harlesden has proportionally more younger children (0-4 years old) than older children registered with a GP.
- Harlesden locality has the highest levels of deprivation and proportion of children living in poverty compared to the other localities, Kensal Green is less deprived and has higher average annual incomes.
- The average obesity rates for children attending Harlesden primary schools (Reception and Year 6) were shown significantly above the Brent, national and London averages.
- Harlesden had the highest count of conceptions over 2005-2007 and a rate slightly above average for the borough
- Harlesden had a significantly higher DV offence rate (18 per 1,000 head) in comparison with the other localities

## Children & Young People in Kingsbury

- Kingsbury is the only locality which has more older children (10-19 years old) than young children (0-9 years old).
- The Chalkhill area has the highest levels of deprivation and proportion of children living in poverty within the locality.
- Kingsbury had the lowest count of conceptions but a relatively high rate.
- Kingsbury had a slightly lower DV offence count and rate in comparison with Harlesden and Willesden.
- Kingsbury had the highest percentage of students achieving 5 or more GCSEs at A\*-C including English & maths (56%) compared to the other four localities.

## Children & Young People in Kilburn

- The South Kilburn area has the highest levels of deprivation and proportion of children living in poverty within the locality.
- The average obesity rates for children attending Kilburn primary schools (Reception and Year 6) were shown to be in line with the Brent average but above the national and London.
- Kilburn had the highest rate of conceptions (81 per 1,000 head) but the overall count was in line with the rest of the Borough (102).
- Domestic violence offences were spread across all localities, Kilburn had a slightly lower offence count and rate in comparison with Harlesden and Willesden.
- In 2009, Kilburn had 53% of students achieving 5 or more GCSEs at A\*-C including English & maths, this was below the Brent average (57%) and national average (52%).

## Children & Young People in Wembley

- Wembley locality has 21,076 children and young people residents (registered with a GP), this is significantly more than the four other localities.
- Wembley Central and Preston wards have the highest levels of deprivation and proportion of children living in poverty within the locality, there are areas of deprivation in Sudbury, Alperton and Tokyngton.
- Wembley had the second highest percentage of students achieving 5 or more GCSEs at A\*-C including English & maths (56%) compared to the other four localities.
- Wembley had the second highest number of NEET young people (64) in 2009 which were known to the Connexions service compared to the other four localities, this was a slight increase from previous years.

## Children & Young People in Willesden

- There are significant areas of deprivation within the Willesden locality, Dollis Hill and Willesden Green have the highest levels of deprivation and proportion of children living in poverty.
- Willesden had a relatively high count of conceptions (113) but a low rate (36 per 1,000 head pop.) compared to the other localities.
- The rise in domestic violence offences were spread across all localities, Willesden had a relatively higher offence count and rate in comparison with Kingsbury, Kilburn and Wembley.
- Willesden had the lowest percentage of students achieving 5 or more GCSEs at A\*-C including English & maths (32%) compared to the other four localities

## Brent's Children and Young People's Plan (CYPP)

- It is a statutory requirement for Children's Trusts to produce a CYPP for their local area – a strategic plan outlining how services for children and young people will work collaboratively and individually to improve outcomes for children and young people locally. (Apprenticeship, Skills, Children and Learning Act 2009)
- Brent's current CYPP (2009-11) was published May 2009 and set out 4 strategic priorities:
  1. Children and young people remain safe and protected
  2. Excellent education is available for all children and young people
  3. Access to the very best opportunities in and out of school
  4. Developing strong families to improve outcomes for children and young people
- Planning for new CYPP (2011-2014) required for April 2011 to comply with new regulations governing CYPP is underway. This will adhere to the 5 Every Child Matters Outcomes; stay safe, be healthy, enjoy and achieve, make a positive contribution and achieve economic well being.
- An annual review and refresh was recently undertaken in line with CYPP regulations (June 2010).

## CYPP Review – Achieving the Priorities

- Enablers that underpin the progress against the strategic priorities of the CYPP include:
  - Integrated structures
  - Integrated processes
  - Delivery mechanisms
- These are comprised of developments such as:
  - Early intervention locality teams (in five localities) co-located with social care locality teams
  - Step up and step down protocol to enable service users to receive care from either the Early Intervention team or Social Care team as appropriate; ensuring the right level of service is provided at the right time
  - Using Children's Centres and schools as hubs to deliver a range of services for children, young people and families in an accessible manner.
  - The Children and Families Workforce Development Strategy which aims to ensure a generic skills set across the children's workforce.
  - The parenting strategy to embed a think family approach across all mainstream service provision .

## CYPP Review – Summary and Conclusion

- The self assessment process has identified good progress against the areas for development outlined in the Plan – based on Ofsted Children's Services Assessment and against the 5 Every Child Matters Outcomes.
- The Children's Services Annual rating for 2009 has been confirmed by Ofsted as a 3 which is defined as performance is good and exceeds minimum requirements.
- The review concludes that good progress has been achieved against the 4 strategic priorities of the plan, recognising it reflects progress at the end of year 1 of a 2 year plan.
- Despite the changing context, the Children's Trust have maintained their commitment to the four priorities, recognising that a new plan which complies with the new regulations must be in place by April 2011.
- The changing political and economic context is acknowledged as a key critical factor that will shape future plans and priorities.
- This will mean that agencies within the Partnership will be working from a reduced resource base which will necessitate an annual re-prioritisation of resources to priorities and an attempt to preserve preventative services as far as possible during this period of economic constraint.

## Overview and Scrutiny Committee - 13<sup>th</sup> July 2010

### Item No.8 - School places verbal update

#### *Primary Update*

#### **Reception 2010 applications**

3817 applications were received by the closing date of 26<sup>th</sup> February 2010. This compares to 3583 last year. First round offers were made on 23<sup>rd</sup> April 2010. Since the closing date a further 264 applications have been received making a total at 9<sup>th</sup> July of 4081 applications. These applications are from Brent resident and non resident children. Many children not resident in Brent apply for and secure Brent school places, for example, faith schools and Brent schools closely bordering neighbouring boroughs.

At 9th July 2010 there were 250 unplaced (Brent resident) reception children and 65 vacancies in schools – a net shortage of 185 places. To provide a comparison at 11<sup>th</sup> September 2009 there were 135 unplaced children and 79 vacancies in schools. There is inevitably some movement prior to the start of term, as some children who have been offered places in April do not take up the place or let the council know. However, applications continue to come in all through the year, and it is vital to have some spare capacity in September for those new applications. 47 children are holding places for September 2010 but their parents have not confirmed that they will take them up. These will be followed up to either confirm the allocation or withdraw the place and offer it to another child.

Brent primary schools have provided an additional 105 places for September 2010

Brentfield Primary school – bulge class 30

Braintcroft Primary school – bulge class with a view to permanent expansion 30

Wykeham primary School – bulge class 30

St Robert Southwell – 15 places to bring admission number to 60

As a result there are 3502 reception place in Brent schools for September 2010.

All schools have been approached and asked again to consider expanding and/or to provide a bulge class. Feasibility studies have been carried out by Watts Group on nine primary schools to explore if possible to provide additional places on sites. Three of the schools listed above were identified through this process; it was not feasible to continue with the other six schools for a variety of reasons. Capital City Academy has indicated a willingness to offer all through provision and is prepared to offer 60 reception places from January 2011 subject to identifying an acceptable location on the existing site and obtaining planning permission. Discussions are underway with Preston Manor to offer 60 places in temporary accommodation on their site, again with a view to discuss all through provision at Preston Manor for the future. Discussions are underway with nursery schools and other providers to offer additional reception places for September 2010.

Newfield Primary School provided a bulge class last year (2009) and would be willing to consider permanent expansion. There are constraints around the land available for this, but the Headteacher and Governors continue to be very interested in taking this forward.

The attached cluster map shows the location of the current unplaced children, and that these are dispersed across the borough – with noticeable groupings on the borders with Camden, Harrow and Ealing.

### Primary aged children out of school

The pressure on current year (2009/10) reception places continues with 77 reception aged children without a place on 9<sup>th</sup> July 2010. Applications received after the closing date have been most difficult to find a place to offer as once schools are full at the start of the year there is little movement. Some children have been offered places but families have rejected these as the offer is not of their choice and would involve a long or complicated journey.

	20 <sup>th</sup> October 09	4 <sup>th</sup> December 09	10 <sup>th</sup> February 10	19 <sup>th</sup> March 10	9 <sup>th</sup> July 2010
Year 1	37	23	32	30	32
Year 2	19	10	10	15	15
Year 3	20	12	7	15	16
Year 4	12	4	7	4	6
Year 5	23	7	6	9	16
Year 6	4	1	6	0	12
	115	57	68	73	174

The Department for Education requires the Council to co ordinate applications for all schools from September 2010. This means that from September all applications for all schools in Brent will have to be made to the Local Authority. This will allow the LA to offer places at VA and foundation schools as well as community schools. The pressure on school places is becoming greater for all primary year groups, not just Reception and Year One. Of the 35 community schools only two, Kensal Rise and Mora have significant numbers of vacancies however; these are in the upper year groups only from year 3 onwards. A number of families newly arriving in Brent are seeking school places for several children across the primary age range – it is not always possible to offer all the children in a family a place in the same school due to a shortage of vacancies.

#### *Secondary update*

#### **11+ Transfer for September 2010**

The new places available at the Ark Academy have had an impact on the vacancy situation within other schools, and will provide more choice for parents as more schools have vacancies at this stage of the process than in previous years. There will be sufficient capacity in year 7 for September 2010 for all Brent pupils. As of 9<sup>th</sup> July 2010 there are 77 unplaced pupils (39 boys and 38 girls) but 273 vacancies in Brent schools. All 11+ transfer children have been offered a place.

#### *Casual in year secondary admissions*

While the position for 11+ transfers has been greatly eased by the new places at Ark academy, the new places will not impact on other year groups until the school has taken children in all year groups which will take another four years. The number of children seeking in year admission to secondary schools continues to increase as shown by the numbers below. The applications are made up of new arrivals from overseas and children moving into Brent from other London boroughs, and from other parts of the UK. New arrivals have been monitored since January 2006.

#### *Full year figures for secondary aged new arrivals*

2006 - 734

2007 - 807

2008 - 777

2009 – 849

2010 – 353 (January – June 2010)

All Brent secondary schools other than Cardinal Hinsley and Crest Boy's Academy are currently full in all year groups. Cardinal Hinsley has vacancies in all year groups and welcomes children of all faiths however; the majority of new arrivals do not want to attend a Catholic faith school or a boy's only school. Crest Boys Academy has vacancies in year 7 and 8.

Secondary aged children out of school

	20 <sup>th</sup> October 2009	4 <sup>th</sup> December 2009	12 <sup>th</sup> February 2010	19 <sup>th</sup> March 2010	9 <sup>th</sup> July 2010
Year 7	4	9	21	11	21
Year 8	13	15	17	9	26
Year 9	8	20	31	11	23
Year 10	18	23	29	9	26
Year 11	2	21	20	7	Academic year has finished for Year 11 pupils
Total	45	88	118	47	96

The most recent assessment centre was held between 5 – 7<sup>th</sup> July and all but 18 of the secondary aged children out of school are awaiting confirmation of an admission date.

Work has been done to ensure the transfer of pupils from the EAL projects to schools and to college courses as appropriate for September 2010.

BR = Brent Residents, NBS = Neighbouring Borough Students, DIF = Difference from Brent census

A negative figure represents a higher proportion of the ethnic group attend school in Brent, where as a positive figure represents higher proportion of the ethnic group choosing to attend school in a neighbouring borough  
**This table takes into consideration the all Brent resident secondary school students reported in the Brent and neighbouring boroughs Jan 09 school census.**

Table 11 – Proportion of students by ethnic group attending school in Brent against those attending Neighbouring borough schools

### Children and Families Overview and Scrutiny Committee Work Programme – 2010/11

The items listed below include suggestions for the first meeting and items that the previous committee asked to be considered at a future meeting

Proposed Item	Issue for Overview and Scrutiny Committee to consider	Committee Date
Committee Introductions	Councillor Gladbaum, chair of the committee, has asked that the councillors, co-opted members and officers spend some time introducing themselves at the beginning of the committee meeting.	July 2010
Children and young people's plan 2009-11 – progress report.	The Children's Plan sets out the vision and objectives for Brent council and its partners in delivering children's services in Brent. This report will provide the committee with a good overview of the current work and priorities for children and young people in Brent.	July 2010
Brent Youth Parliament	Overview of the work of the parliament including progress with 'Break the Stereotype fix the Impression' campaign (a campaign by BYP to improve adults perception of young people)	July 2010
Annual Education Standards Report	This will report validated attainment data for assessments undertaken in summer 2009, which will be useful background information for the committee at its first meeting.	July 2010
Verbal updates	<ul style="list-style-type: none"> <li>• School Places</li> <li>• In – flow and out – flow of secondary aged pupils.</li> </ul>	July 2010
Work Programme	Overview of the importance of the scrutiny work programme and suggestions for topics that the committee may wish to look at	July 2010
Safety on the journey to and from schools task group	This task group report was agreed by the Executive in March 2010. This report will provide an update on the implementation of the recommendations	October 2010

Building schools for the future	Update on the progress with the Building Schools for the Future programme in Brent and timetable for the works to begin.	October 2010
Healthy Relationships task group	This report will provide an update on the implementation of the recommendations	October 2010
14-19 Agenda	This report will detail the progress with the transfer of the 16-19 education council from the learning and skills council to the local authority.	October 2010
Support for Somali pupils	Update on the work within schools to provide additional support for Somali pupils through the extended schools programme.	October 2010
Special Educational Needs	Look at the outcomes of the council review of SEN in Brent.	October 2010
Education standards report	This report details pupil's exam results across all the key stages for the previous academic year.	December 2010
Safeguarding update	The committee discussed this issue on March 25 <sup>th</sup> and requested further information on the outcome of an analysis of child protection re-referrals in the light of possible recording errors and a brief report on the progress of the relevant performance indicators following a review.	December 2010
Homophobic Bullying update	A report on the progress of the work within the council to ensure that Brent has a robust approach to tackling homophobic bullying.	Feb 2011
Impact of domestic violence upon children and young people	Look at emerging evidence that children who are affected by domestic violence in the home are more likely to experience other negative outcomes.	tbc
Emerging legislation	To look at the impact of emerging legislation on work within the children and families department	tbc

Children in care council	This is a new body set up to represent the views of looked after children. The committee may wish to meet with the council to discuss their current work	tbc
Children's health in Brent	Overview of key issues regarding children's health in Brent to include update on progress with childhood obesity project and plans to recruit more school nurses, as the committee were planning to revisit these issues in 2010.	tbc
