Dear Roger,

Thank you for your email.

I have looked at the revised risk assessment and believe that conditions 11 and 12 should still apply as the premise is located near vulnerable institutes.

Kind Regards

Esther

Thanks - your response is helpful

We can agree all those conditions except those relating to staffing (Nos. 11 and 12).

It appears that my clients originally provided me with the wrong Gambling Risk Assessment. The correct one is attached along with their explanation to me.

They always envisaged that there would be quiet times of the day when there would be a single member of staff and busier times when there would be 2.

I have to say I think this is reasonable and would invite you to agree to it because:-

- These premises are small (the smallest such premises in Brent) being 4.7m x 9m (15'5 x 29'6). The others are roughly double the size or more.
- The other similar premises in Brent are not generally subject to these conditions with, to the best of my knowledge, only one exception at Neasden where there is a recognised problem of street-drinking etc as you know. I have dealt with the applications in Brent at Kilburn High Road, Wembley (3), Harlesden (2) and none is restricted in this way. As you may know I have recently obtained a new licence for premises at 446 High Rd, Wembley where your colleague Susana Figueiredo agreed to single manning in much larger premises.
- None of the applicants other AGC premises have such a condition.

Please can I ask you to reconsider. We can then resolve the matter.

Yours

Roger

Dear Roger,

I have considered your comments, please find attached revised copy of my representation.

In terms of conditions 6 to 9 related to Children and Young People, the Licensing Authority will not negotiate these conditions in light of the fact that your client has stipulated 'Think 25' in the local risk assessment.

Please discuss this with your client and confirm in writing if your client is happy to accept all the conditions.

Kind Regards

Esther/Nicola

I have received your representations and the 2 sets of conditions you propose. Because Esthers conditions are numbered I have adopted them as the base for the attached document which also incorporates (at the end) additional conditions proposed by Nicola which are not in Esthers original list. I hope you will find it convenient to see these in a single document.

I have retained the numbering (1-25 from Esthers list, the balance from Nicolas). I have omitted the numbered conditions which I suggest should be dropped and used italics for suggested changes to the wording of conditions. The changes are, I hope, self-explanatory but are generally to improve understanding/clarity.

In dealing with this one I think you need to bear in mind that the premises are small (the smallest such premises in Brent) being 4.7m x 9m (15'5 x 29'6). The others are roughly double the size or more. Obviously the number of machines is consequently lower. This also has implications for the supervision of the premises and the number of staff required.

You will note that I have omitted the condition restricting trading hours because there is already a planning condition which does that.

In relation to the safes this is the applicants explanation for not accepting Nicolas condition which I hope is self-explanatory.

In none our venues do we deposit takings via a slot, nor do we use a single safe requiring a time delay.

As part of our ongoing crime prevention measures, we install a number of small safes (minimum 3) hidden throughout each premises and spread any cash across these.

The cashier desk safe holds the least, the back office safe holds a little more and the general manager's safe (well hidden) holds the rest. Only the general manager has access to this via a code. It is important to bear in mind that the highest jackpots are not paid from the safe but either through the machines or the cash change machine. The trade is increasingly using ticket payouts for jackpots.

Future Leisure has two recorded robberies across our 6 venues in the past 14 years, one of which the perpetrator was caught and was sent to prison.

Obviously you will have in mind the fact that no local people (many of whom objected at the planning stage) now object at this licensing stage.

I look forward to hearing from you.

Roger
