Police representation to the application for a Premises Licence at MASTER KEBAB, 20 Park Parade, London, NW10 4JG

I certify that I have considered the application shown above and I wish to make representations that the likely effect of the grant of the application is detrimental to the Council’s Licensing Objectives for the reasons indicated below.

I am of the opinion that the risk to the Council’s objectives can be mitigated by removing the requested variations or attaching conditions to the Licence as shown below.

Officer: Michelle Heath
Licensing Constable PC 928QK

An officer of the Metropolitan Police, in whose area the premises are situated, who is authorised for the purposes of exercising its statutory function as a ‘Responsible Authority’ under the Licensing Act 2003.

The application has been made for a premises licence under section 17 of the act.

The Police representations are primarily concerned with crime & disorder and Public Nuisance.

This premise is situated in a crime hotspot area for Anti Social Behaviour and there are residential properties surrounding it.

The initial assessment of this application is that the hours are in excess and would fuel further ASB in the area. In particular around the Prevention of Crime & Disorder and Public Safety i.e. alert to danger and react accordingly? What are your instructions? Protocol?

The operating schedule refers to current security measures and staff training.
Can the policies mentioned please be provided in addition to the risk assessment for sufficient staff members and what are the busy times?

Is your client aware of the Planning Restrictions attached to the premises? These are implemented for a reason.

I look forward to your reply regarding the above

Yours Faithfully

Michelle Heath PC 928QK
Licensing Constable Brent Police
Dear Licensing

Environmental Health’s Nuisance Control Team in their role as a Responsible Authority have considered this application. We wish to make a representation against the application as applied for, on the grounds that granting the application could adversely impact on the occupiers of neighbouring and nearby residential units from trade attracted to the premises at noise sensitive times.

In arriving at this decision a site visit was undertaken on 18 May 2017.

For the benefit of the Licensing & Alcohol Sub Committee NCT provide the following images:

Image 1 (above) shows the gable side of Master Kebab from the perspective of Harlesden Gardens.

Image 2 (above) shows the customer entrance on Park Parade and indicates the upper storeys are occupied.

Image 3 (above) shows the residential units directly opposite the front of the premises.

During our site visit we spoke to the store manager – the owner was not on site. The manager explained that their current practice is to close at 23:00hrs – Sunday to Thursday and 02:00hrs – Friday and Saturday.

NCT acknowledge item ‘d’ of the Operating Schedule that is relevant to the prevention of public nuisance, see below:

Customers will be requested to leave the premises in a quiet and orderly manner. A sign shall be displayed asking

the customers to leave the premises quietly.

Although this control is welcome, NCT believe that granting the application with the hours applied for – effectively enabling the premises to open 24 hours a day, seven days a week – could result in public nuisance from patrons attracted to the premises as noise sensitive times. In particular, there is scope for noise from cars revving; car doors slamming; loud music playing from car stereos; car horns beeping; patrons shouting, arguing or fighting; gangs being attracted to the premises; drunken revellers being attracted to the premises.

NCT would ask the applicant to revise the terminal hours applied for under late night refreshment to the following:
Sunday to Thursday: midnight

Friday and Saturday 02:00hrs

In addition, the hours the premises are open to the public should be revised to coincide with the above terminal hours, with premises opening times more in keeping with the nature of such a business. NCT suggest a morning opening hour to the public of 08:00hrs (Monday to Friday) and 09:00hrs (Saturday and Sunday). If the applicant can agree to these revised timings NCT will consider withdrawing the representation.

We are of course able to discuss our concerns and our representation with the applicant.

Please come back to me if you would like to discuss this response.

Kind regards

Martin Wood

My objection to this application is based on the following four licensing objectives:

1. Crime and Disorder: This kebab shop already attracts a group of young, anti-social people. They hang out in crowds outside the restaurant, smoking illegal drugs and dealing drugs. This would be more of a menace late at night and increase the threat to residents. They often congregate in large numbers on the walls of the houses at the top end of the road where they smoke drugs and can be threatening to locals.

2. Prevention of nuisance: The take away creates noise, smells, litter and general disturbance that would be worsened by all-night trading. The last thing this corner needs is anything attracting anti-social elements through the night. People attending Master Kebab already block the road with the cars and the pavement with their delivery mopeds and the people who congregate outside. The people there are already a nuisance, I don't see how keeping the restaurant open for longer hours would help this.

3. Public Safety: Crowds outside Master Kebab are not only noisy but can be threatening. They also block the pavement, forcing residents in to the street which is potentially hazardous.

4. Prevention of children from harm: Many of the young people who congregate at Master Kebab are precisely the sort of people we don't want congregating on our street. They are anti-social and threatening. Any of our teenage children returning to their homes late at night would be at risk from them. I see no reason to create a focal point for their anti-social activities. During the day, my children have been forced in to the roads by the crowds there and felt scared of the people there. I can't see that this would be improved late at night.

I ask that you deny this application.

Yours faithfully
Dear all

I strongly disagree to the extended licence for master kebab from 11pm to 5am Monday to Sunday. This is ridiculous.
There is already so much noise and anti-social behaviour in the area as well as very restricted space to park my car as a resident.
It also creates litter that we don’t need.
Please do not grant this application.
Many thanks
Dear Sir/ Madam,

We understand that Masters Pizza and Kebab, 20 Park Parade Harlesden NW10 4JG has applied for a license to stay open until 5am through the week.

We would like to strongly object to this extension of hours.

As you will be aware, adjoining Harlesden Gardens has already been made a 'dispersal zone' due to problematic anti-social behaviour.

Knives have been found stashed in the front bushes of a number of properties. The corner of Rucklidge Avenue has also become an area that attracts people drinking and pushing drugs. This seems to be exacerbated by the outside of the empty commercial premises opposite Master Kebab being an area that people can hang out, as well as Master Kebab itself being an area that attracts people to hang out on the street in an anti-social manner.

I have witnessed aggressive behaviour and altercations on the street between different gangs of people on the corner of Rucklidge Avenue and outside Master Kebab whilst walking early in the evening with my children - this part of Park Parade area is already turning into a no-go area for local residents with children. Giving Master Kebab extended opening would, we feel, directly impact on and exacerbate dangerous and anti-social behaviour in this already-problematic part of Harlesden.

Yours faithfully
Good morning,

It has been brought to my attention that this business has applied for a licence extension to continue to trade 7 days a week until 5.00am?

We already have a problem within the area with other premises possibly unlicensed operating anti-social hours and all that brings with it in terms of anti-social behaviour, parking, littering, fouling of the pavement etc so to me it is ludicrous to even entertain an extension. I appreciate that business is there to make a profit but not at the expense of the neighbourhood and all that live and pay rates etc.

Yours faithfully,
To whom it may concern,

I am writing to you to make a representation against the application by Ismail Shirzad of Masters Pizza & Kebab, 20 Park Parade, NW10 4JG for a Late Night Refreshment licence.

I am a resident at the top end of Harlesden Gardens. This street has a long term record of anti social behaviour at its junction with Park Parade. Historically the two corners (outside Masters Kebab and the bus stop on the other) have attracted varying levels of crime and disorder - mostly involving groups of young people gathering blocking the pavements, sitting on people's walls, raising late night noise levels, accompanied with drug dealing, drunken disorderliness and littering. The residents have had to work inconjunction with the police in the past to get a dispersal zone set up here to try and ease these issues. The dispersal zones were mostly successful. Granting a licence to open between the late hours of 23:00 and 05:00 to Masters Kebab would, I believe, exacerbate the issues of anti social behaviour that already exist right on this corner enormously.

I live with my two children and my eldest is too intimidated to walk around the end of our road and onto Park Parade - this is due to the groups of people who hang out on the pavement outside Masters Kebab. They do not directly threaten her but are intimidating to push through, especially when alone and in the darker evenings of winter.

We already have noise issues from O Bombeiro, 25 Park Parade. We as residents have had to call the environmental dept at Brent Council countless times about the owner's lack of responsibility with regards noise nuisance. O Bombeiro allows customers in the restaurant's back garden with unacceptable music levels late into the night. Again this makes sleeping an issue and is very unpleasant for our community. Park Parade needs support to make it a clean and pleasant place to live, to discourage crime and anti social behaviour is key. Considering the hot spot 20 Park Parade is already for so many environmental and crime issues I sincerely hope you will consider not granting this licence.

Kindly
I am a concerned resident who lives in a family home in Harlesden Gardens, very close to the Kebab shop in question. I attended the latest Kensal Green Safer Neighbourhood meeting last week and was flabbergasted to hear that the Kebab shop may be permitted to extend their licence to 5am.

This is a disastrous proposal which will only serve to exacerbate the already problematic anti-social behaviour that exists in our road. Almost nightly, there are noise disturbances particularly, that impact considerably on our lives. The rubbish that accumulates around the back door is disgusting too. Only last night our car passenger window was smashed and this recently happened to our neighbours.

I cannot believe the council could support an application that will impact negatively on its own resources. Policing will be needed to monitor the area as drunken asb will accelerate, as the Kebab shop will become a late-night destination for revellers looking for somewhere to continue their partying.

The local area is already known as an area prone to drug-dealing and noise issues, so how on earth could the support of this application enrich the locality in any way?

Yours

To Whom it may concern,

I live in one of the four residential flats above 20 Park Parade. I object to the licence to trade and serve refreshments until 5am on the following grounds.

**Crime & Disorder, Prevention of nuisance, Public Safety and Prevention of children from harm**

On at least three occasions in the past five years this area of Park Parade has been a dispersal zone. This is because of anti social behaviour. We get groups of young people gathering on the corner late at night without any regard for the fact that this is a residential area. Drug dealing has taken place. This then lures undesirables to the area and puts people’s safety at risk. There have been fights between drunk people leaving the local night club Villa County and coming to this corner and the surrounding area. When patrons disperse from the other local Sports Café just around the corner they are loud and also have no respect for local residents. This is particularly bad during Ramadan. To have food on sale till 5am at Master Kebab will make things ten times worse. Street drinking is also an issue and I have reported this to the local Safer Neighbourhood meeting and to the police. This is particularly bad on the corner of Park Parade and both Harlesden Gardens and Rucklidge Avenue. Please keep in mind that this is not just a business area but also residential.

When the new owners took over the Kebab Shop last year they installed a huge brown exhaust pipe on the outside of the building. This is directly next to my bedroom window and also the bedroom in the flat below mine. The noise from this exhaust is extremely loud and late at night when the rest of the area is quiet it sounds like a plane taking off. I have complained about this to the owners many times. To have this running till 5am means that my quality of life, sleep etc will be disturbed. I have been living here for 15 years and this was installed last summer. Although they say they will turn it off at midnight often this is not until 1 or 2am in the morning.

I do hope that you will consider my objection.

Regards

Our Ref 223722948

Dear Ismail Shirzad,

Licensing Representation to the Initial Application for the Premises License for
MASTER KEBAB, 20 Park Parade, London, NW10 4JG

I certify that I have considered the application shown above and I wish to make a representation that the likely effect of the grant of the application is detrimental to the Licensing Objectives for the reasons indicated below.

An officer of the Licensing Authority, in whose area the premises are situated, who is authorised for the purposes of exercising its statutory function as a ‘Responsible Authority’ under the Licensing Act 2003.

The application has been made for a new premises licence under section 17 of the Act.

The Licensing Authority representations are primarily concerned with the four licensing objectives;
• the prevention of crime and disorder;
• public safety;
• the prevention of public nuisance; and
• the protection of children from harm.

The Licensing Authority require the following points to be included in the operating schedule or added as conditions on the premises licence:

1) CCTV shall be installed to Home Office Guidance standards and maintained in a good working condition and recordings shall be kept for 31 days and shall be made available to police and authorised Officers from Brent Council.
2) A CCTV camera shall be installed to cover the entrance of the premises.
3) Notices asking customers to leave quietly shall be conspicuously displayed at all exits.
4) All deliveries shall take place during the normal working day (i.e. 09:00 to 18:00 daily)
5) A copy of the premises licence summary including the hours which licensable activities are permitted shall be visible from the outside of each entrance to the premises.
6) The licensee shall keep an incident book which shall be made available to the Police and Licensing Authority.

**Trading Hours**

The application request that late night refreshments to be supplied from 23:00hrs to 05:00 hrs and premise to open to the public 24 hours a day, seven days a week. Brent Council’s Anti Social Behaviour analyst confirmed that the premises is located in a hotspot for Anti Social Behaviour.

![Police ASB Calls Hotspots](image)

In light of the fact that the premise is located in an ASB hotspot and surrounded by residential dwellings, the Licensing Authority are concerned that the proposed hours would fuel more problems in the area. Furthermore there is a club within close proximity and should the premise remain open, it would potentially attract further anti social behaviour problems from the patrons after dispersal. In order to mitigate any potential problems from the patrols of the club premise, the Licensing Authority propose the following hours.

**Late Night Refreshments**
Sunday to Thursday – 23:00hrs to 00:00hrs  
Friday and Saturday – 23:00hrs to 02:00hrs

**Opening Hours**
Monday to Friday - 08:00hrs to 00:00hrs  
Saturday and Sunday – 09:00 hrs to 02:00hrs
In order for the Licensing Authority to withdraw this representation, it will be necessary for you to confirm in writing that you are willing to accept the above.

Yours faithfully

Police representation to the Premises Licence application for ‘Wildman Project Limited’ 53 Lonsdale Road, NW6 6RA.

I certify that I have considered the application shown above and I wish to make representations that the likely effect of the grant of the application is detrimental to the Council’s Licensing Objectives for the reasons indicated below.

I am of the opinion that the risk to the Council’s objectives can be mitigated by removing the requested variations or attaching conditions to the Licence as shown below.

If these conditions were accepted in full I would withdraw my representation.

Officer: Nicola McDonald
Licensing Constable PC 157QK

An officer of the Metropolitan Police, in whose area the premises are situated, who is authorised for the purposes of exercising its statutory function as a ‘Responsible Authority’ under the Licensing Act 2003.

The application has been made for a premises licence under section 17 of the act.

The Police representations are primarily concerned with crime and disorder and prevention of public nuisance.

Police require the following points should be included in the operating schedule or added as conditions on the premises licence.

Personal Licence Holder
The sale of alcohol to drunken people and children is a major cause of concern to police and highlighted in the Governments Alcohol Harm Reduction Strategy. Those who sell alcohol should be fully aware of the legislation and issues around alcohol and should be fully trained to a national standard.

This application awaits confirmation of personal licence details from the proposed designated premises supervisor.
**Closed Circuit Television (CCTV)**

Good quality CCTV is essential as a deterrent for the prevention of crime and the detection of offenders. It allows for both covert and overt monitoring of the premises. With proper signage, this reassures both staff and clientele, that this is a safe environment where illegal activities are not tolerated.

All cameras and recording equipment will be installed and maintained in accordance with Home Office Guidance and the manufacturers instructions and will be fully operational when the premises are open to the public.

Notices shall be displayed at the entrance to the premises, and in prominent positions throughout the premises, advising that CCTV is in operation.

**Door Supervisors**

Door Supervisors must be employed after 2100 hours on any day when the premises are open for alcohol sales and regulated entertainment licensable activities past midnight. They will ensure compliance with licensing and security guidance.

A register/log containing the names, badge number, dates & times of duty of security staff and any incidents that occur shall be kept and made available to the Police and Licensing authority on request.

Door Supervisors shall wear clothing that can be clearly and easily identified on CCTV.

Ensure that there are a sufficient number and gender mix of door supervisors to monitor and control the numbers and behaviour of persons present.

The premises will be operated in line with search procedures, the confiscation, storage and ultimate disposal of suspected illegal drugs and weapons.

**Open Containers & Areas for Consumption of Alcohol**

Customers will not be permitted to take open containers outside the premises, as defined in the plan submitted with the operating schedule and approved by Responsible Authorities.

The consumption of alcohol will be restricted to those parts of the premises identified on the plan submitted with the operating schedule and approved by the licensing authority.

**Operating Hours to be displayed on Premises**

A notice displaying the opening hours, the type of licensing activity and licence conditions should be clearly displayed and visible to anyone outside the premises. This may be incorporated in the summary of the licence, which must be displayed, or take the form of a separate item. Likewise the name of the Designated Premises Supervisor (D.P.S.) should be similarly displayed. This will allow the Police and other responsible authorities to readily identify the licence details. Clearly displayed opening hours will also reduce any confusion for customers prior to entering the premises and possible conflict when the premises close/stop selling alcohol.

A Summary of the Premises Licence will be displayed at each public entrance to the premises.

**Capacity Limit for Premises**

Proper control of the numbers of people in the premises is essential to prevent overcrowding and the risk of disorder. It is impossible to conduct any meaningful risk assessment, without knowing the maximum number of people that may be safely accommodated at any one time.

There must also be adequate facilities to monitor and control the number of people present.

The capacity limit will be set by Officers from the Local Authority.
Police require the following points should be added as conditions on the premises licence as below.

CCTV shall be installed to Home Office Guidance standards and maintained in a good working condition and recordings shall be kept for 31 days and shall be made available to police and authorised Officers from Brent Council upon request.

CCTV cameras shall be installed to cover the entrance of the premises.

The CCTV system shall be capable of obtaining clear facial recognition images and a clear head and shoulders image of every person entering or leaving the premises.

A copy of the premises licence summary including the hours which licensable activities are permitted shall be visible from the outside of each entrance to the premises.

Door supervisors of a sufficient number and gender mix, shall be employed from 2100 hours on any day when the premises are open for alcohol sales and regulated entertainment licensable activities past midnight.

A register/log containing the names, badge number, dates & times of duty of security staff and any incidents that occur shall be kept and made available to the Police and Licensing Authority.

Door supervisors shall wear clothing that can be clearly and easily identified on CCTV.

An incident log shall be kept at the premises, and made available for inspection on request to an authorised officer of Brent Council or the Police, which will record the following:
- All crimes reported to the venue
- Any complaints received
- Any faults in the CCTV system
- Any refusal of the sale of alcohol
- Any visit by a relevant authority or emergency service.

Customers shall not be permitted to take open vessels outside the premises as defined on the plan submitted to and approved by the Licensing Authority.

The consumption of alcohol will be restricted to those parts of the premises identified on the plan submitted with the operating schedule and approved by the licensing authority.

A “Challenge 25” policy shall be adopted and adhered to.

A sign stating “No proof of age – No sale” shall be displayed at the point of sale.

Outside areas should cease to be used at 2300 hours. After this time it can be used for smoking only (no drinking vessels) and the number of smokers limited to a maximum of 10(ten). Smokers shall be suitably supervised.

All windows and external doors shall be kept closed after 2300 hours except for immediate access and egress of persons.

Yours Sincerely,
Hi Chris,

Understood and am frantically working to have a plan showing proposal imminently and hopefully in time for you to consider as part of this application.

Best wishes,
Alan

Good Afternoon Alan

I have spoken to The licensing team and the hearing has been set for the 13th July and I do not believe that this date is movable. I think the Public Safety Team would leave the conditions as they stand so set at 60. It is hoped that we would come to an agreement before the hearing and capacities can be recalculated. If this is not the case then you will need to either accept the conditions or continue to hearing.

If you accept the current conditions you will then need to apply for a variation to those conditions to increase the capacity.

As to the fire curtains providing a fire protected route, until I have the complete proposal it would be hard to comment. I would ask the following though

- Can the curtain withstand 1 or a number of people falling against it and maintain its shape?
- How is the curtain deployed?

Morning Chris,

I just wanted to update you following our email exchange last week.

We are considering the option of creating a protected route from the first floor potentially by way of a drop down fire curtain to operate on activation of the fire alarm and detection system. There is a natural path for this from the base of the stair to the existing proposed exit door. We would then need to create another door for the ground floor occupants. This would in effect a protected route from each floor and allow 60 per floor.
The only issues are it undermines the original open plan design and adds cost but both of these points are now being looked at by the designers. When we have a firm proposal I will come back to you. Would we be able to leave the capacity “to be confirmed” via a works style condition on the licence? This would mean we could move forward knowing the capacity condition could only be agreed and signed off with yourselves but would allow us the required time to work up a feasible design etc?

Any thoughts appreciated and hopefully be in touch shortly with an updated plan.

Best wishes,
Alan

Dear Alan

Thank you for your email yesterday. I have had time to review your comments and I would state as beforehand that in its present incarnation the capacity will be set at 60. This would be the maximum escape capacity allowed for a premises 2 floor premises with a single outward facing escape door.

I also note that the building does not meet the requirements to be considered to have a mezzanine level as laid down in BS5588 and as such I feel that a single exit at 1100mm would give an escape capacity of up to 100 as it would not be considered ground floor only.

The door is still open for discussion but as initially stated I feel that this may not be the best premises for the considered use given the size and configuration..

Hello Chris,

Following on from Jack’s email I just wanted to check you had received my earlier email to yourself and Colin regarding the desire to try and increase the capacity a little higher than the currently prescribed 60.
To assist I will just detail the approach again below which is now slightly edited as I have also managed to assess the floor space calculations. I would look to produce a fire risk assessment detailing all of this formally along with any other required works.

I have assessed the floor space using the following principles:

- Banquette/sofas taken at one person per 0.45m
- Standing areas taken at 0.5msq per person
- Area within 2m of bar taken at 0.3msq per person
- Any additional loose seats shown on plan counted.

Following these principles the maximum achievable capacities are: 65 on the ground floor and 60 on the first floor. If all the seating was removed for a standing style function the maximum achievable capacities would be 67 on the ground floor and 65 on the first floor. So an overall premises capacity of 125 or 132 dependent on the type of event.

Given this the operator is very keen to get up to at least 100 to make the operation economically viable and I am trying to devise a strategy where this would be acceptable to you and Colin French (Cc) under building control. My feeling is the ground floor and first floor are one compartment and each floor is 62 sqm so is a relatively small premises.

If we looked to increase the width the front exit door at ground floor level to 1100mm open it outwards in the direction of escape we could then look to apply the Tech Standard guidance within Table 7 for ground floor premises direct to street where a single exit at 1100mm would give you up to 100. Am aware this is specifically for ground floor premises but as the unit is small and one compartment and the travel distance from the worst point on the first floor to exit at ground floor is bang on the 18m I feel treating it in the same way would not present any additional risk given the mitigating features detailed below, which would be in place and form part of the fire risk assessment recommendations:

- Installation of an L1 fire detection and alarm system to maximise early warning. If necessary this could have a voice alarm also to activate at first stage of any alarm and again assist with readily initiating any evacuation.
- Main kitchen risk is located at first floor level and will be separated by 30 minute construction.
- Premises are open plan on both ground and first floor allowing early notification of any incident.
- Ceiling heights will be maintained as high as possible on ground floor and believe these are over 3m to again allow additional escape time prior to smoke layer descending.
- Fire risk on ground floor will be very limited with the rear bar fridge units being the main risk.
- An 1100mm door would normally give a flow rate of 220 in the prescribed 2.5 minutes that underpins general capacity calculations so with the level of early warning described and early movement to the exit we feel we would be able to evacuate the desired 100 people in well under this prescribed 2.5 minutes.
- Premises will be highly managed with robust evacuation procedures in place.

The premises are a bar and not as such an full on entertainment venue with some of the added physical risks that includes so feel this approach is reasonable and obviously the Technical Standards is only guidance and highlights that other approaches may be possible. However I always like to pin to back to the Technical Standards as good practice and feel utilising the max 100 figure it details but stretching that to the overall premises is viable in this instance and is something I have done before to the satisfaction of the brigade and regulatory authorities in other areas if that gives you some comfort but clearly that does not set any precedent for your decision.

The only other potential mitigating feature would be a water mist system for the ground floor risk areas to give added protection to those exiting from the first floor but given the points listed above, the minimal size of premises, risks presents at ground floor level and relatively small capacity proposed I do feel this may be slightly over the top in the circumstances.

I am looking to draft my report along these lines next week but clearly it would be really helpful to have yours and Colin’s thoughts at this stage.

Many thanks for your time and look forward to hearing from you.

Best wishes,
Alan
Dear Chris

Please accept my apologies for the delay.

Our client is on holiday now that the rugby season has finished. I am hopeful I will have instructions to agree the first 5 of your conditions soon.

In the meantime, Alan Lynagh (copied) will be in touch about the capacity limit soon.

Thanks and kind regards

Dear Jack

I have yet to receive a reply from my last email and our telephone conversation. Please note that as it stands the Public Safety Team will be recommending the following conditions are placed on the licence and that the licensing consultation period ends on the 19th of June. I first contacted your company over a month ago and have yet to receive any alternative to the conditions below. I would also remind you that this team is very busy at present dealing with the event season and that a timely response would be most beneficial.

- Exits are not obstructed (including by curtains, hangings or temporary decorations), and accessible via non-slippery and even surfaces, free of trip hazards and clearly identified.
- The locks and flush latches on the exit doors and gates shall be unlocked and kept free from fastenings other than push bars or pads whilst the public are on the premises.
- The socket outlets (or other power supplies used for DJ equipment, band equipment and other portable equipment) that are accessible to performers, staff or the public shall be suitably protected by a residual current device (RCD having a rated residual operating current not exceeding 30 milliamps).
- Where chairs and tables are provided, internal gangways are kept unobstructed.
• Temporary electrical wiring and distribution systems are not provided without notification to the licensing authority at least ten days before commencement of the work and/or prior inspection by a suitable qualified electrician.
• Subject to risk assessment, the maximum number of persons permitted on the Premises (not including staff) shall be: 60

Dear Jack,

Following on from our conversation I can confirm that using guidance in the “Technical Standards for Places of Entertainment (2015) the occupancy capacity of the premises is 67. However, the exit capacity is 60 people. The reason for this figure is as follows:

- Where there is only 1 exit to a place of safety, the maximum number of people who may occupy the premises, irrespective of floor size, exit width or hall use is 60. This figure is reduced if the occupancy capacity (based on the floor area) is lower than 60.

I do not believe that it would be possible to increase the capacity from this point as the guidance states the following and as discussed the only extra exit points would be place on the front elevation

- Designated fire exits should be as widely spaced as possible so as to allow occupants to turn their backs on the fire and to proceed in the opposite direction to a place of safety.
Fire exit separation is generally defined by the 45-degree rule. If from any point in a room, two exits cannot be included within a 45-degree angle, then they may be viewed as being well separated. If from any point in a room, two exits can be included within a 45-degree angle, then they are not well separated. In other words the two exits must be far enough apart so that a fire could not make them both unusable.

Further to our discussion you wished to know if the capacity could be exceeded with a suitable fire risk assessment and fire detection system? I would expect that the answer would be no as the building would still not meet the above requirements but in any case the maximum capacity would still be 67.

Hi Chris

Thanks for the email. Th designer has sent over the comments below, which I hope assists. Please let me know if you'd like to meet him or be put in touch direct.

"The width of ground floor is approx 8600mm and a depth of approx 7000mm and the furthest travel distance from the corner of the first floor to the entrance door is just over 16 metres, It may help if the licensing officer had a site visit if there is an issue as a second stair would take up much needed space and its only possible to exit onto Lonsdale Road at ground floor level , There is no possibility of a rear exit.

A second exit onto Lonsdale road could only be reasonably some 6 metres away from the first exit on the same elevation,
This seems excessive , although I understand their are rules to venue capacities.

Happy to talk through the current thinking with the EHO"

Best wishes

Jack

Dear Jack,

Thank you for your swift reply, just to note that the Public Health team will be calculating escape capacities from the yellow guide “Technical Standards for Places of Entertainment (2015)” and as such your capacity maybe reduced due to having only 1 escape door. I have yet to measure the plans, do you know your intended maximum capacity?

Dear Chris

Thank you for your email to my colleague Amy. Our client’s design team have confirmed the following:

- one principal route for the means of escape from the first floor to the ground floor entrance,
- the staircase will be 1200mm wide and 1000mm wide between handrails.
- The ‘ up ‘ notes on the ground and first floor plans indicate the direction of the staircase from the ground floor.
- Smoke detectors will be placed within the general areas of the ground and first floor as well as the toilets and the kitchen area
- at first floor level, heat detection subject to contractor consultation will be in the first floor kitchen.
- Fire escape signage will be placed at the head of the stairs at first floor level and above the exit area from the main ground floor entrance, all will be visible from the open areas at ground and first floors,

Thanks and kind regards

Jack

Ms Catlin,

Thank you for taking the time to talk to me this afternoon. I am a little confused as to where the actual final fire exits doors are on the plan provided. My assumption is that there are two, one acting as the entrance on the ground floor. One on the first floor, what is the final place of safety on the first floor? Will it be the roof.

On the plan the stairs to the first floor leads to the first floor, is this a typo.

When would be a suitable time to visit this premises.

Jete Sete Night Club currently has a licence that allows it to open Sunday to Thursday between 10.00 - 02.30 hours, Friday and Saturday between 10.00 - 04.00 hours. All other licensable activity finishes 30 minutes before the closing time. The Premise Licence Holder is under a registered company, by the name of MCS INC Limited, and the DPS is Mr Antonio Eugenio Martins.

The premises are failing to promote three of the licensing objectives, namely the prevention of crime and disorder, Public safety, and prevention of public nuisance. Jete Sete has previously had its licence reviewed before, firstly in June 2010, and then again in May 2015, both after serious crime and disorder, both inside and outside of the venue. The licence has 44 conditions attached to it, which the majority are not currently being adhered to.

There has been a recent increase in crime and disorder over the last few months, resulting in injury, theft and public disorderly.
Please provide as much information as possible to support the application (please read guidance note 2)

Crime report - 1928093/15 dated 22/11/2015 refers to the theft of a wallet, this was taken from the victims pocket, time of offence 02.00 hours.

Crime report -1928382/15 dated 29/11/2015 refers to a male throwing a Champagne bottle at a female, hitting her in the face causing reddening to her nose and cheek. The victim was dancing inside the club when she was barged by a female, the victim asked the female not to barge her, at which point the females boyfriend threw the Champagne bottle at her, he then threatened the victim by saying 'I will put a bullet in your head'. This incident took place at approximately 03.15 hours.

Crime report - 1928448/15 dated 29/11/2015 refers to an assault and robbery At 29/11/2015 the victim was in the club with his brother and friends at 04.30 hours he saw Security staff arguing with his brother and trying to make him leave, he went over to help his brother and try and persuade the security staff to allow them to stay, the victim opened his wallet and took out £40 and tried to give it to one of the security staff in an attempt to persuade them to let them stay in the club, he states that it was at this point the security saw that he had a large amount of money in his wallet.

The security staff then escorted the victim and his associates out of the venue and to a nearby bus stop.

The victim then states once at the bus stop one of the security staff punched him in the face causing swelling to his left eye, and then held on to him whilst the second security guard head butted him, causing a cut to the inside of his lip, the victim then fell to the floor, he noticed his wallet on the floor next to him and when he looked saw that £800 was now missing from it.

*It appears from this crime report that the club was open way past its licensable hours and the door staff have assaulted and robbed the victim.*

Crime report - 1904920/16 dated 28/02/2016 refers to an assault. At 03.50 hours the victim was punched in the face by her ex partners new girlfriend

Crime report - 1910534/16 refers to Possession of an offensive weapon, and Affray. On the 02/05/2016 at 03.55 hours Police were called to a fight outside JETSET on arrival they were directed towards two males that were sitting on a wall, where they had placed a large metal bar behind them, the metal bar was used in a fight prior to police arrival, involving about 10 people which included door staff from the club who were trying to diffuse the situation. Both males arrested for possession of an offensive weapon and Affray.

Crime report - 1916612/16 refers to Criminal Damage

This incident happened on the 03/07/2016 at 04:40:00 hours

Male seen to smash a glass bottle and wave it around trying to instigate a fight, he’s also seen to kick off a wing mirror on a vehicle. He is also seen to imitate pulling a knife from a boot of a vehicle. He is stopped by police and asked to give his account of events he stated that he had been to Jet Set club in Harlesden, which he had not been to for a while. He had been drinking and had a good time, and when he left there was an argument with a female, and she was being surrounded by a group of males. He went to calm things down but couldn’t so walked away. He has walked past the Corsa and has broken the wing mirror, and stated he did this deliberately as he was angry. He has then been approached by two unknown males who came running over to him and started trying to fight him.

CAD 2020 - dated 29/10/2016 police called to the venue to deal with drunk and aggressive revelers leaving the club, this was at 05.20 hours when the club should have been closed. Brent police licensing team contacted the DPS a few days later asking him for an account of what happened he stated that he was unaware of any incident and stated that the club was closed, he was asked for a copy of the clubs CCTV for this time which would prove or disprove if the club was open at this time, Mr Martin came back a few days later and stated
that the CCTV was not working correctly and had deleted the footage requested.
It was explained to him that this was not acceptable and he was issued with a final written
warning.

CAD Report 1512 dated the 05/03/2017 at 03.57 hours - reports of a fight and shots fired,
police attended to find large scale public disorder outside the club, but no evidence of a
firearm being discharged.
The DPS was contacted by Brent Police licensing team and asked what had happened on the
night, he stated that there was two gangs in the club and one of the gangs had been sent to
his club from South London to cause problems.
CCTV from inside the club was requested, this shows a fight inside the club and a male being
hit with what looks like a bottle.

Crime report - 1905465/17 dated the 05/03/2017 Refers to a Robbery
This is linked to the above CAD 1512
Male has had his gold chain snatched from his neck and hit over the head with a bottle
causing cuts during large scale public disorder inside the club.

Crime report - 1905777/17 dated the 05/03/2017 Refers to a Theft
Again this all appears to be linked to the above CAD
There is a fight inside the venue and the victim has tried to intervene and break it up, his
watch has come loose at which point an unknown male has taken it off his wrist and made off
with it.

Licensing Visit conducted by Brent Police Licensing Team.
Date 18/03/2017
There were two males at the door, one wearing an SIA badge, the other appeared to be door
staff but when asked stated that he was not working as SIA.
DPS not present.

A full visit was carried out in response to recent disorder at the venue. The manager. Ms.
Tatiana COUTO, claimed the club was holding a 'private function'. We went down the stairs
into the bar area, alcohol was being sold from the bar. Recorded amplified music was being
played by a DJ. The sound level was high; We then went through all of the licence conditions
in the staff office with Tatiana. There were numerous breaches to the 44 conditions. The
following were being breached:

Condition 1 - No I.d Scanner, the scanner has not been used for years as it is broken .
Condition 2 - There should be TWO door supervisors present after 2200 hours - there was
only one on duty.
Condition 3 - The SIA security log had not been completed for the evening. The last time it
was completed was 11/03/2017.
Condition 4 - No entry/re-entry after 0100 hours - People were being allowed in after this time
at 0115 hours.
Condition 7 - Manager was unable to give police unhindered access to the cctv via the
internet
Condition 9 - No licence summary on display at the entrance.
Condition 11 - No notice regarding admission policy on searching on display at the entrance.
Condition 13 - No notice on display explaining drug policy at the entrance.
Condition 17 - No toilet attendants - The last time there was one was about one year ago
apparently.
Condition 22 - No Transport information on display.
Condition 32 - No notices asking customers to leave quietly at the entrance.
Condition 33 - Manager did not know who was the 'dedicated cab firm' for the club.

Conditions breached which were put on by the committee following a review in April 2015:
Condition 40 - SIA officer was not wearing his high visibility jacket.
Condition 41 - No facility provided within the premise for customers to await taxi's.
Condition 43 - Licence holder failing to adhere to existing licence conditions. 15 breaches in total.

The DPS arrived as officers were finishing their licensing visit and he was informed of the breaches identified a meeting was asked for however he stated that he was going to Turkey for two weeks and would be unable to attend any meeting until his return.

CAD 1662 dated 02/04/2017 - Disorder outside the venue
CCTV captures people exiting the club, people can be seen outside the venue and in the road the camera then turns around to the opposite side of the road as people can be seen running across the road from outside the club, it then captures a large crowd fighting, people are being pulled apart and dragged away into Furness Road where the disorder and fighting continues, the fighting and Disorder continues until police arrive.
Two males arrested for Affray.

It is apparent from the above history that there is a lack of management at this venue, since 2010 there have been two previous reviews after serious disorder at the club, the PLH/DPS has been the same for both previous reviews, and it is apparent that no lessons have been learnt.

Police have no faith in the management and it appears that they have no regard for the licensing objectives.
After two previous reviews where conditions were attached to the licence, it is apparent that most have been dismissed and not implemented, and no consideration to the seriousness of the previous reviews has been taken on board.
Numerous conversations have been had with the DPS Mr Martins and each time he makes promises of improvement at the club but this never materializes.

This venue impacts dramatically on police recourses which are limited in the early hours of the morning, this is detrimental to Brent residents as a whole if the limited police recourses are tied up dealing with large rowdy groups from this club in the early hours over the weekends.

The club current has 44 conditions attached to the licence, namely

1 Admission to club by Club Scan, photographic ID to be produced by all patrons (driving licence, passport, oyster card) to staff and electronic records to be kept on Club Scan and checked every time a patron attends the premises.

43 The Premises Licence Holder shall adhere to all existing conditions on the licence including timings.

44 The Premises Licence Holder shall continue to work in partnership with the Police.

Further Council CCTV footage shows the club allowing patrons in past the no entry / re-entry time of 01.00 hours

Summary

This venue is a nightclub which opens predominately at the weekends, the history of violence and disorder over the years is horrendous, and two previous review hearings have done nothing to improve the running of the premises.

Mr Martins seems to have little to no concern when asked about these serious incidents and I believe is under the impression that this is what is expected of what happens when running a nightclub, he is dismissive and nearly always blames everyone else for the problems, but he does not want to take responsibility for his lack of management.

This venue is very near to residential premises which have had to endure the constant crime and disorder along with the Anti-Social behavior from the patrons of JET SET night club.

I have considered all possible options that are open to me under the licensing act, asking for a suspension would have little to no affect as this has been implement previously and even after having this time to improve nothing has changed.

Asking for the DPS to be removed would serve little to no purpose as Mr Martins would in my
opinion still be in day to day charge of the venue and again no real prospect of improvement would be made.

Asking for more conditions to be added to the licence would be unmanageable as the licence already has 44 conditions, most of which are not currently being adhered too.

A reduction in hours would not work as this is a night club which sees most of its patrons arriving at around midnight to party until the early hours of the morning.

After all other options have previously been tried and failed I ask that the committee consider revoking the clubs licence, as there is no real prospect that the club is likely to improve its track record and will only continue to have incidents of crime and disorder if allowed to continue operating.

Police have previously submitted two Reviews for this premises, the first being in January 2011. This was an Expedited Review after serious crime and Disorder at the venue.

Having considered the application by the Metropolitan Police to Review the Premises Licence for ‘Jet 7 Sete’ (248-252 High Street, Harlesden, London, NW10 4TD) ("the premises") pursuant to the provisions of the Licensing Act 2003 the Sub-Committee resolved that the premises licence continue in force subject to amendments to the premises licence and conditions as follows:-

(i) that the following hours for the provision of all licensable activities be specified:-

(a) that all licensable activities cease by 02.00 (the following day) Sunday to Thursday and 03.30 (the following day) Friday and Saturday

(b) that the premises remain open until 30 minutes past these times

(c) that all licensable activities permitted on the existing licence to commence at the hours specified on the licence Monday to Sunday

(ii) that the following conditions be added to the licence in addition to the existing conditions:-

(a) that all conditions as agreed with the police be attached to the licence, subject to the following amendment to condition 7:-

Replace "appropriately dressed" with 'in smart casual dress'. Smart casual dress not to include football tops, hooded tops, sports tops, jeans or trainers.

The conditions are as follows:-

1. Admission to club by Club Scan, photographic ID to be produced by all patrons (driving licence, passport, oyster card) to staff and electronic records to be kept on Club Scan and checked every time a patron attends the premises.

2. Police officers shall be given unhindered access via the internet to view live images from the CCTV at any time when the premises is open to the public.

3. The front smoking area is to be limited to 10 persons at any one time and there is to be no consumption of alcohol, soft drinks or food. Area to be monitored by door staff.

4. The rear fire exit is to remain closed and only be used in the case of emergency.

5. No persons are to be permitted to remain at the rear of the club premises.

6. One toilet attendant in each of the male and female toilets at all times during licensing hours.

7. The management reserve the right to refuse entry to all persons not in smart casual dress. Smart casual dress not to include football tops, hooded tops, sports tops, jeans or trainers.

8. Management to have a dedicated cab firm and must ensure that all cabs are booked via the in-house booking system.

9. Notices explaining the licensee’s policy on admissions and searching shall be placed at each entrance.
10. The licensee shall undertake a risk assessment agreed by the police and licensing authority of any significant promotion or event, using the Metropolitan Police Service/Event Risk Assessment Form (Form 696) or an equivalent and provide a copy to the Metropolitan Police and Brent Licensing Unit not less than 14 days before the event is due to take place.

11. Where an event has taken place the licensee shall complete a Debrief Risk Assessment Form (Form 696A) and submit this to the Metropolitan Police and Brent Licensing Unit within three days of the conclusion of the event.

The Alcohol and Entertainment Licensing Sub-Committee (B) felt that the additional conditions and the revised operating hours would meet the licensing objectives (prevention of crime and disorder, public safety, the prevention of public nuisance, the protection of children from harm) and accordingly agreed that the premises licence should remain in force.

The second review was heard on the 21/05/2015 again after serious crime and disorder; the hearing determined that conditions should be added to the licence.

London Borough of Brent – Decisions taken by the Alcohol and Entertainment Licensing Sub-Committee (C) on Thursday 21 May 2015 Jet Sete, 252 High Street, NW10 4TD

Declarations of personal and prejudicial interests

Additional conditions
A1) There should be a minimum of two SIA qualified supervisors, wearing high visibility jackets, deployed at the front of the premises, away from the door on Friday and Saturday nights and that they should remain in position until the crowd has fully dispersed so as to ensure the safe and quiet dispersal from the premises.
A2) Facilities within the premises shall be made available for customers to await taxis.
A3) Regular announcements should be made from 03.00 hours reminding patrons to leave in a quiet and orderly manner from the premises.
A4) The Premises Licence Holder shall adhere to all existing conditions on the licence including timings.
A5) The Premises Licence Holder to continue to work in partnership with the Police.

The Sub-Committee when arriving at its decision considered all of the evidence in light of the Council's Statement of Licensing Policy, amended guidance issued from time to time under Section 182 of the Act, and the licence premises holders human rights under the Human Rights Act 1998 (namely Article 6, Article 8 and Article 1 of the First Protocol). Accordingly, in all of the circumstances of the case it was felt that the decision of the Sub-Committee was reasonable, necessary and proportionate.

Officer: Esther Chan– Licensing Inspector

An officer of the Licensing Authority, in whose area the premises are situated, who is authorised for the purposes of exercising its statutory function as a ‘Responsible Authority’ under the Licensing Act 2003.

The application has been made to review the premises licence under section 51 of the Act. The Licensing Authority representations are primarily concerned with the four licensing objectives;

- the prevention of crime and disorder;
- public safety;
- the prevention of public nuisance; and
- the protection of children from harm.

fights and an allegation of rape within the last 6 weeks. In addition there are numerous Criminal Intelligence reports concerning the premises and a catalogue of calls to Police in relation to incidents at and outside the premises from patrons. Police have attempted to work with the management and recently in June 2010 the owner attended an interview at Wembley Police Station when all the allegations and incidents were discussed with him. Despite assurances that things would change the amount of Crime and disorder has continued to present day.

It is my opinion that the only way to stop a continuance of the Crime and Disorder is to seek an expedited review with a view to a closure of the premise.

Which has been granted a 5 or 6am late night drinking license. She is at breaking point with the weekend noise and is contemplating selling her flat for peace of mind due to weekly weekend disruption. Please explain to me how any establishment can run a business based on 2 nights a week? I never see Jet Set open during the week; its doors are only ever open Friday/Saturday night from midnight. Her call should be logged on the police database for your states and figures. It's a shame that the only time our council/government take action on anything is when a problem has gotten out of control or when you have the whole community in uproar about something. What happened to nipping things in the bud before minor issues become a major problem. I still can't believe that our council Brent has granted Jet Set has such a late drinking license, it should be reduced to 2am just like every other establishment in the area.</td>

I called the number 101 to report the incident as the shouting was going on for 20 minutes, case reference CAD 2684 30 June. On this particular morning my partner was actually coming back home and was able to witness what was going on. He informed me there was a group of males about 6 or 7 all standing outside Jet Set shouting and making loads of noise. They would then jump out in front of passing cars yelling at the drivers. They were clearly drunk and un-aware of the dangerous to themselves and others who are driving at that time of the morning! Again I'm asking the council and the licencing committee just how safe and wise it is to have late night binge drinking places?! Not only is it a nuisance to the local council paying residents but it also posing a danger to others who were driving that morning on the high street. Had that person knocked over a drunk man whose fault would it have been and distort would that driver have been in the process?! Also to make you aware of just how noise these men were at 4:40am. Jet Set is on the main road, I could hear them from Palermo road and I was fast asleep in the middle bedroom, and I'm a heavy sleeper. So these men were being extremely loud and Jet Set management or bouncers where nowhere to be seen. Just to let you know I will be reporting every incident and keeping a file of just how many times I'm having to raising complaints about this establishment.</td>

Councillors

Yet again on my way home from work this morning at 4.30am I had the misfortune to be driving past the above night club when a massive fist fight spilled out on the road. The fight involved several males, punching and kicking each other and hitting each other with bottles. The two sole Police Officers in attendance were trying valiantly to stop the fight but were clearly outnumbered. There was raised voices, shoes and mobile phones in the road...it was pandemonium!!!! I felt so sorry for those Officers. They were then assisted by other Officers who turned up at the location. All the while the fight continued and was witnessed by several bus passengers as well.

It was indeed a very very disturbing sight and, unfortunately a common one at this club. My heart goes out to the poor residents who have to endure this continual anti social behaviour. Additionally, I fear for my safety every time I have to drive past this notorious club. You hear about all this gang warfare and people getting shot by stray bullets...it very frightening.

This club attracts undesirables into Brent. You know that and so do the Police. Why, therefore, can't all the responsible authorities get together and close this place down. Harlesden would be such a safer place if this was actioned.

As a Council, can't you take steps to close this club down before there is a fatality. Councillor, this club is a melting pot for anti social behaviour and members of the public and local residents shouldn't have to endure such events. I am sure the Police would love to see this club closed down as well.

I am writing to make a complaint about Club Jet Set on the Harrow Road. I live on Palermo Road (at the Harrow Road end) and every weekend my partner and I are disturbed by the night club. Aside from the music which can be heard, each Saturday, when the club closes at 4am it seems that the clientele congregate outside of the club for at least an hour, shouting at each other. The management and door staff seemingly do nothing to move them on (or clear up the vomit that the clubbers kindly leave in the area too).  

Three weeks ago the police were called due to the trouble that was being caused this is not an isolated incident and in the 18 months I have lived in the area, the police have been called regularly.  

Aside from the noise pollution and litter that is evident post club nights; within one mile of the venue there have been three stabbings in the last few weeks. The area has more than its fair share of violent crime already and judging by the shouting and arguing that occurs every weekend outside the club, it seems quite possible that more violence will  |

Dear Ms****  
This is more of a Licensing issue. I will make a referral to the Licensing Police regarding this. While they may not be on duty at that time in the morning, they may be able to proactively visit the club during their duty hours and give advice to management. Any anti-social behaviour at street level may also be reported to the Police (dial 101).  

The Licensing Team are currently looking into your complaint and may be able to enforce any conditions on the licence regarding crowd dispersal. However, the individual Teams will decide on the best course of action and update you accordingly. I have copied the relevant  |

erupt in the near future.

I fully appreciate that people need to have somewhere to go for entertainment, but the management is clearly not responsible enough to handle such a late license in a primarily residential area. Added to this there is no public transport at the time the club closes or a local cab office in the vicinity, so I do wonder the extent to which drink/drug-driving is being encouraged, and drug dealing within very close proximity to the school on Furness/Palermo Road.

I'd be keen to know on what basis a late license has been granted to this club, what checks are made to ensure that it is operating in a professional manner, and what steps will be taken to reduce the extent to which the club is disturbing its residential neighbours. It is simply not fair that my weekends (and I expect those of many other local residents) should be ruined on a regular basis.

Please acknowledge receipt of this email and let me know by when you will respond to the points above. If I should send it to a different team, please let me know.

Dear all

I am finally writing with a complaint about the JET SET CLUB, which is situated at the start of Harlesden High Street.

I live at [redacted] and have noticed that there is an increasing amount of debris in Rucklidge avenue and in Furness road whenever the Jet Set Club is open.

There is an increase in cars parking on the double yellow lines on Harlesden High street, starting at the traffic lights with Furness Road.

I am pretty shocked that these cars never ever receive parking tickets. These cars are a hazard at the traffic lights.

Last night at 11.45pm, I walked back from Willesden Junction tube station to my house in Rucklidge Avenue as usual there where cars parked all the way down the high street, on double yellow lines.

Rucklidge avenue and Furness road were clear of debris. I walk down at 10am and there ground was littered with laughing gas canisters.

Email was sent to the licence holder regarding the complaint received.

He was advised that although there was no direct link to his premises he should be mindful of the activities taking place in the surrounding area.

The licensee advised that the canisters are not from his clients as they don't use such things and it could be a possibility that they are from The Lodge clients as they park in the vicinity. He stated that he will keep a check on this activity and his clients.

Visit to the premises was undertaken by a licensing officer on Saturday 25th June 2016 at approx. 02:00hrs.

These customers were spilling onto the pavement and a few were seen perching over the barriers to talk to friends. The pavement was blocked.

Advise given:
- Ensure that SIA staffs continue to monitor and control the crowds who are entering the premises and customers who are outside smoking.
- The smoking customers should remain in an area that is cordon off and should not be outside making a nuisance during this time.
- Condition 4 of your licence states: **4. No entry or re-entry shall be permitted after 01:00 hours.**
- SIA staff searching customers for entry at 2am and allowing them into the venue is a clear breach of your licensing condition. It is imperative that you enforce this condition onto your SIA door staff. A clear breach of this nature will have an impact on your premises licence.

| 12/04/2017 | Premises licence review application received via Police. |
**Licensing Visit**

As a result of the review application made by the Licensing Police, a meeting with the company director MCS INC Ltd / DPS, Mr Antonio Eugenio Martins was held at the premises on Thursday 27th 2017 at approximately 11:00hrs. The premise was not open to the public at the time of inspection. Based on my visit, the following outcome was found based on the existing conditions:

**Condition 1 - Admission to club by Club Scan, photographic ID to be produced by all patrons (driving licence, passport, oyster card) to staff and electronic records to be kept on Club Scan and checked every time a patron attends the premises.**

Mr Martins confirmed that he had ordered a club scan machine from America, which arrived 2 weeks ago but had not been able to operate the machine as the format of the program was not compatible with the UK. He is awaiting new software but in the meantime, he is using a temporary machine which takes pictures of ID cards and stores the images on a memory card via a camera.

**Condition 2 - At least 2 door supervisors shall be employed after 22:00 hours on any day when the premises are open for the sale of alcohol past midnight.**

Mr Martins stated that he employs five to six door supervisors (all males) and they are on duty from 23:30hrs.

**Condition 3 A register/log containing the names, badge number, dates & times of duty of security staff and any incidents that occur shall be kept and made available to the Police and Licensing Authority.**

Mr Martins presented a register, however there were no indication when the door supervisors end their shifts as the ‘Out’ column was not filled in. Secondly, the register confirms that door supervisors start their shift between 23:30hrs to 00:00hrs (See Exhibit EC09 & EC10).

**Condition 5 - CCTV shall be installed and maintained in a working condition.**

**Condition 6 - All CCTV recordings shall be kept for 31 days and shall be made available to police and licensing officers if requested.**

In relation to Conditions 5 & 6, Mr Martins was not able to show me footage to demonstrate CCTV recordings are kept for 31 days in order to prove the CCTV system is in good working order. Mr Martins stated he would normally request a CCTV technician to retrieve any required footage.

**Condition 11 - Notices explaining the licensee’s policy on admission and searching shall be placed at each entrance.**

There were no visible notices displayed at the entrance to explain the licensee’s policy on admission.

**Condition 12 - The Portman Group proof of age scheme or similar such scheme shall be adopted.**

Mr Martins stated that he does not supply alcohol to anyone under 18, however there were no prominent Portman Group proof of age scheme posters displayed at the point of sale or around the premises. Mr Martins stated that he wants to adopt Challenge 25 as he believes this will attract a maturer crowd. He is aware that the younger crowd are more prone to instigating physical fights. Mr Martins employs two members of staff to manage the bar and one to two members of staff to manage the floor. However, staff training is not recorded.
Condition 17 - One toilet attendant in each of the male and female toilets at all times during licensing hours.
Mr Martins admitted that this condition has not been fulfilled for the past 4 months as he is experiencing difficulties in hiring long term toilet attendants. He stated they do not tend to stay due to not receiving enough tips from customers.

Condition 18 - The management reserve the right to refuse entry to all persons not in smart casual dress. Smart casual dress not to include football tops, hooded tops, sports tops, jeans or trainers.
Mr Martins admitted that customers are permitted to enter premises in jeans as long as they are smartly dressed.

**Summary**

The premises is only open every Saturday and on rare occasions on a Friday. Mr Martins stated that this business is his only source of income and he endeavours to keep this ‘community club’ in operation. His main clientele are regular customers and the majority are from London.

Based on my assessment, there is evidence that the premises is poorly managed. In light of the number of complaints which the Licensing Authority have received and the number of breaches identified during my visit, the Licensing Authority suggest that Mr Antonio Eugenio Martins is removed as the DPS and a new appointment is made.

To assist the new DPS further in maintaining adequate control over the venue and its customers, the following changes would be necessary and appropriate in order to promote the licensing objectives.

The Licensing Authority suggest that the following conditions be removed from the current premise licence:

- Condition 2 - At least 2 door supervisors shall be employed after 22:00 hours on any day when the premises are open for the sale of alcohol past midnight.
- Condition 5 - CCTV shall be installed and maintained in a working condition.
- Condition 6 - All CCTV recordings shall be kept for 31 days and shall be made available to police and licensing officers if requested.

The Alcohol and Entertainment Licensing Sub-Committee (B) accepted the evidence submitted by the police concerning crime and disorder associated with the premises, including incidents of violent assaults and an allegation of rape. It was felt that the premises licence holder had not taken sufficient or reasonable steps to address crime and disorder and that the only appropriate course of action in all of the circumstances of the case was a suspension of the premises licence as an interim step on the grounds of crime and disorder.

The Sub-Committee also suggested that the premises licence holder works in consultation with the police to produce a satisfactory Management Plan prior to the full review of the premises licence. |

(i) that the following hours for the provision of all licensable activities be specified:

   (a) that all licensable activities cease by 02.00 (the following day) Sunday to Thursday and 03.30 (the following day) Friday and Saturday

   (b) that the premises remain open until 30 minutes past these times

   (c) that all licensable activities permitted on the existing licence to commence at the hours specified on the licence Monday to Sunday

(ii) that the following conditions be added to the licence in addition to the existing conditions:

   (a) that all conditions as agreed with the police be attached to the licence, subject to the following amendment to condition 7:-

      Replace “appropriately dressed” with ‘in smart casual dress”. Smart casual dress not to include football tops, hooded tops, sports tops, jeans or trainers.

      The conditions are as follows:

      1. Admission to club by Club Scan, photographic ID to be produced by all patrons (driving licence, passport, oyster card) to staff and electronic records to be kept on Club Scan and checked every time a patron attends the premises.

      2. Police officers shall be given unhindered access via the internet to view live images from the CCTV at any time when the premises is open to the public.
3. The front smoking area is to be limited to 10 persons at any one time and there is to be no consumption of alcohol, soft drinks or food. Area to be monitored by door staff.

4. The rear fire exit is to remain closed and only be used in the case of emergency.

5. No persons are to be permitted to remain at the rear of the club premises.

6. One toilet attendant in each of the male and female toilets at all times during licensing hours.

7. The management reserve the right to refuse entry to all persons not in smart casual dress. Smart casual dress not to include football tops, hooded tops, sports tops, jeans or trainers.

8. Management to have a dedicated cab firm and must ensure that all cabs are booked via the in-house booking system.

9. Notices explaining the licensee’s policy on admissions and searching shall be placed at each entrance.

10. The licensee shall undertake a risk assessment agreed by the police and licensing authority of any significant promotion or event, using the Metropolitan Police Service/Event Risk Assessment Form (Form 696) or an equivalent and provide a copy to the Metropolitan Police and Brent Licensing Unit not less than 14 days before the event is due to take place.

11. Where an event has taken place the licensee shall complete a Debrief Risk Assessment Form (Form 696A) and submit this to the Metropolitan Police and Brent Licensing Unit within three days of the conclusion of the event.

The Alcohol and Entertainment Licensing Sub-Committee (B) felt that the additional conditions and the revised operating hours would meet the licensing objectives (prevention of crime and disorder, public safety, the prevention of public nuisance, the protection of children from harm) and accordingly agreed that the premises licence should remain in force.

Dear Mr Martin

LICENSING ACT 2003- Inspection visit 252 High Street, London, NW10 4TD

A visit was carried out on 1st September 2011. The visit was an annual inspection and for Alpesh Kerai from information Systems Analyst, Environment & Culture Directorate to determine the correct address of the building. On the system and on all paper work the address is known as 252 High Street Harlesden NW10 4TD. When checked by Alpesh, that door number is for the empty carpet shop next door. Alpesh has advised Paulo (your son) to change all records for the purpose of safety issues. Alpesh will write to you with regards to this issue.

On inspections the following was found. Below are the areas that need to be corrected to meet the conditions on your license. You will find the action points in brackets.

- The fire exit off the main dance floor was not in a sterile condition. Behind the fire doors in a gap there were flammable goods stored. There was also a type of cylinder found under the emergency stair well which leads down from the flats above. (This needs to be removed and cleared as soon as possible).

- The lighting in the emergency exit area was inadequate and in disrepair. (The light needs to be repaired and add another light to increase clear vision of the escape route).

- In the emergency fire escape area there were two broom sticks which will cause a potential hazard. (Clear this area as soon as possible).

- In the emergency fire escape, there was a mat that had been placed over the drain service cover. This will cause a trip or fall hazard. When the mat was picked up, it was revealed that the drain service cover was in disrepair. This is why the mat was placed over the drain cover. (Repair the drain cover and remove the mat as soon as possible).

- The Fire Exit in the VIP lounge area (This used to be the restaurant) was secured with a metal shutter from the outside. I was advised by Paulo that this is open during operating hours. (An evening visit will be made to ensure that this is opened).
• Fire extinguishers were out of date and were not strategically placed around the club. (I have advised Paulo to get the fire system and extinguishers checked and serviced as soon as possible).

• The fire exit in the VIP lounge was not illuminated and clearly marked. (Please have the fire exit sign changed and clearly marked).

• In the kitchen (which is no longer in use) it was noted that the door leading into the fire escape was not clearly marked for the purpose of the kitchen staff (when the kitchen is in use). (Please have this door clearly marked).

• Paulo stated that part of the kitchen area was used as a cloakroom for a short period of time. Although this is no longer in use either, the curtain used to hide the kitchen is still considered to be a fire hazard if it has not been fire checked. (Paulo has been advised to remove this).

On inspection I asked to see a copy of the public liability insurance but Paulo was unable to produce this or any other documentation related to the premises. On your conditions it states that A copy of the premises licence summary including the hours which licensable activities are permitted shall be visible from the outside of each entrance to the premises. On inspection this was not visible.

I would advise you to adhere to the points above before another inspection is carried in due course. I realise that it is not possible for you to always be available on the premises. In this case I would suggest that you have a file on site of all licensing documentation so that on a future visits an inspector or the Police can gain the necessary information needed.

If the above is not carried out you will be in breach of your conditions and further action will be taken against you. If you have any issues to discuss please do not hesitate to contact me on 0208 937 5359.

Yours Sincerely

Lavine Miller-Johnson

Dear Sara

I am aware of your complaints, I have received sporadic in the past usually in the nice weather.
I have made observations in the area on numerous occasion and have found it difficult to put blame on the congregation and noise on Jet Set customers alone. Legislation would only allow direct connection to the premises to be used as evidence in a review of the Jet Set premises licence.
Today I have spoken to the owner and warned him of the noise nuisance. He will be getting the door supervisors to be more proactive in the vicinity of the venue and make sure all doors/windows remain closed whilst the music is playing. He informs me there is a noise limiter on the equipment (out of my knowledge remit).
The owners solution to the disturbance made by customers at closing time, is to extend the opening hours of the venue to 6am.
The reason being there is more public transport, especially the train station next to the premises that would cater to his customers needs. The music played at the venue caters for a specific culture and many of these reside in South and East London. The owner is entitled to make an application to extend the licensable hours, however there would be a 28day consultation period for responsible authorities and residents to make representations. What is your opinion?
I recommend you keep a diary of dates/times you are disturbed and how you know they are Jet set customers, this would help build a case for review of the premises licence if required. Please email any nuisance you experience.
Don't hesitate to contact me further
regards
Nicola

Dear Ketan

I would like to register another complaint about the noise from Club Jet Set, again this Saturday. I was able to hear music from the club at various points during the night and early morning. And as usual there was considerable disturbance as the club emptied and people congregated on the street to shout at each other.

Kind regards

This is more of a Licensing issue. I will make a referral to the Licensing Police regarding this. While they may not be on duty at that time in the morning, they may be able to proactively visit the club during their duty hours and give advice to management. Any anti-social behaviour at street level may also be reported to the Police (dial 101).

The Licensing Team are currently looking into your complaint and may be able to enforce any conditions on the licence regarding crowd dispersal. However, the individual Teams will decide on the best course of action and update you accordingly. I have copied the relevant teams into this email.

The Nuisance Control Team will continue dealing with any complaints about loud music.

Dear Environment and Protection Team

I am writing to make a complaint about Club Jet Set on the Harrow Road. I live on Palermo Road (at the Harrow Road end) and every weekend my partner and I are disturbed by the night club. Aside from the music which can be heard, each Saturday, when the club closes at 4am it seems that the clientele congregate outside of the club for at least an hour, shouting at each other. The management and door staff seemingly do nothing to move them on (or clear up the vomit that the clubbers kindly leave in the area too).

Three weeks ago the police were called due to the trouble that was being caused – this is not an isolated incident and in the 18 months I have lived in the area, the police have been called regularly.

Aside from the noise pollution and litter that is evident post club nights, within one mile of the venue there have been three stabbings in the last few weeks. The area has more than its fair share of violent crime already and judging by the shouting and arguing that occurs every weekend outside the club, it seems quite possible that more violence will erupt in the near future.

I fully appreciate that people need to have somewhere to go for entertainment, but the management is clearly not responsible enough to handle such a late license in a primarily residential area. Added to this there is no public transport at the time the club closes or a local cab office in the vicinity, so I do wonder the extent to which drink/drug-driving is being encouraged, and drug dealing within very close proximity to the school on Furness/Palermo Road.

I’d be keen to know on what basis a late license has been granted to this club, what checks are made to ensure that it is operating in a professional manner, and what steps will be taken to reduce the extent to which the club is disturbing its residential neighbours. It is simply not fair that my weekends (and I expect those of many other local residents) should be ruined on a regular basis.
Please acknowledge receipt of this email and let me know by when you will respond to the points above. If I should send it to a different team, please let me know.

Kind regards

Review Visit

Heard loud shouting and laughing as I was walking along Rucklidge Ave, however unable to ascertain where the noise was coming from. Noise became louder on top of Furness Road. Observed a female singing aloud o/s premise, male SIA staff did not appear to be stopping female guest causing nuisance. As I approached the venue, the male and female guests entered premise, followed by another 2 females who were seen being searched inside the front entrance. Whilst door staff went to alert the manager, I noted that the front entrance door was propped open, loud music was emanating from the premise (Justin Timberlake’s Rock with You was playing) contravening condition 20.

Spoke to the manager known to be Ms Tatianna Couto of 94, Flat 4 Drakefield Road, SW17 8RR, DOB 29/08/77 who confirmed she has been working in the premises for 5 years undertaking different roles.

I asked her to confirm the last entry and re-entry time, she stated 3am. I requested her to show the Door Register, which she went to collect from the office. Female staff behind the ticket booth alerted the male SIA staff that music was loud and requested him to get music volume lowered.

A female door supervisor known to be Ms Amelia Oliveri of 6 Perry Park Gardens, SE18 5EG, DOB 10/08/64 confirmed she was on duty, however she was not wearing her SIA badge as she is awaiting for a replacement as she had lost it. When Ms Couto returned with the door register, Ms Oliveri confirmed the last entry/re-entry time is 1:30hrs. Checked register, noted ‘in’ time not logged, 2 males and 1 female SIA staff including Ms Oliveri recorded. Opening and closing checks not logged. Ms Oliveri stated toilets are checked every 10 - 30 minutes but not documented.

Premise Licence displayed at the bar contrary to condition 7. At 1:28hrs, LH Mr Antonia Martins arrived. Explained the contraventions identified and noise emanating from premise and guests causing nuisance by singing outside premise. Mr Martin stated that he has changed SIA company and they are much better than the previous company. No notices displayed related to admissions, drugs policy contrary to condition 9, 13 and 29.

During our conversation outside the premise, I noticed a vehicle parked in front of the neighbouring property, a female left the vehicle and approached the staff members who were standing outside the premise behind the barred area she did enter premise. A few minutes later 2 black females approached Mr Martins and spoke to him in Portuguese. It appeared that the 2 females wanted to enter the premise but was refused by Mr Martins. Shortly after, another group of females was stopped by Mr Martins and were refused entry.

Mr Martin told me that the last entry and re-entry time is 1:30hrs. I told him that the last entry/re-entry time is in fact 1am. It was apparent that customers are arriving at the venue after 1am, thus condition 3 is being breached. Mr Martins stated that customers prefer to drink beforehand elsewhere as its cheaper then turn up at the venue. I advised Mr Martins that it is in his interest to point out to customers that the last entry time is 1am via announcements, signage and social media. To change any of the conditions, he will need to apply for a variation. Condition
3 breached. He said he will be seeing Nick Mortimer on 18th May 2015 to discuss matters related to the review and will look into varying the licence to extend the entry and re-entry time.

Checked with Nick Mortimer, concluded no reps required by Licensing Authority.

Dear Sir/Madam,

I’m a resident of Rucklidge Avenue and the Jetset club is visible from my window. In the last few years, the after club noise has been very disrupting with people screaming, peeping their horns, sometimes fighting, cars parked everywhere on double yellow lines. Cars park freely on the bridge and right up to the junction of Furness Rd and the High St. Indeed, it’s total chaos at the weekend, so noisy and crawling with club goers that it feels like a different place. No where to park, people urinating everywhere, one only wants to stay indoors as we feel threatened to go outside.

I remember the shooting in 2008, Trident even came to my address to find out what I knew. I also remember the rape in Palermo Rd a few years ago. The problems are incessant and the closure of this club would bring safety back to this area.

Regards,

To whom it may concern,

I am a resident on Palermo Road and every Saturday I am woken up between 2 am and 5 am with jet set party goers fighting, screaming and doing drugs. My daughter often wakes up too and cries because she is scared of the shouting which sounds like a pack of animals in the street. I have called 101 on numbers occasions and even resorted to going out on the street in my night dress to break up a fight.

PLEASE CLOSE THE PLACE DOWN. It adds nothing of value to the area.

Kind regards

I am currently attached to the licensing unit for the Borough, I have been authorised via a delegated authority to represent the Borough Commander of the London Borough of Brent and for the Commissioner of the Metropolitan Police Service to act on Licensing matters. 

This statement is in relation to Jet Set night club, 252, High Street Harlesden, NW10 4TD, on the 12th April 2017 I submitted a review to Brent Council, after several incidents of disorder in and outside the venue. Below I will detail evidence gathered from Brent Council CCTV which is situated a short distance from the club and CCTV footage from inside the venue.

The first footage I exhibit is dated the 05/03/2017 from inside Jet Set, and is in relation to CAD Report 1512 dated the 05/03/2017 at 03.57 hours - reports of a fight and shots fired, Crime Reports - 1905465/17 Refers to an Assault and Robbery where a male had his gold chain snatched from his neck and was hit over the head with a bottle - Crime report - 1905777/17 Refers to a Theft. 

The footage starts at 03.36 hours and shows a very busy bar area, there appears to be an argument between two males on the stairs and people try and get between them, one of the males is then hit over the head with a bottle which sparks a large fight, numerous fights break out, when Mr. Martin was asked about this incident he stated that a rival gang from South London had been sent down to cause trouble in an attempt to get his club closed down.

I exhibit this footage as MJS/1 

Further footage from Brent Council CCTV which is situated across the road from the venue picks up the crowds leaving the club in the early hours of the morning where numerous disturbances can be seen happening before police arrival. I exhibit this footage as MJS/2.

12/03/2017 - camera 10 high street Harlesden JW Furness Road 

The footage starts at 01.02, the camera turns around and focuses on the front of Jet Set, there appears to be a number of door Supervisors (SIA) on duty, none of them are wearing clothing that would identify them as being door staff, this is a condition on the licence which reads - **There shall be a minimum of two SIA qualified supervisors wearing high visibility jackets deployed at the front of the premises away from the door on Friday and Saturday nights. They shall remain in position until the crowd has fully dispersed so as to ensure the safe and quiet dispersal from the premises. This condition was added to the licence after a review hearing.**

At 01.05 people can be seen arriving and entering the club, again at 01.11 hours three females enter the club, 01.14 hours another male enters the venue, and again at 01.19 hours three more females arrive and are allowed to enter the club, followed by two males at 01.20, and then another two people at 01.21 followed by another group of people, at 01.26 two more people enter, at 01.31 hour three more people arrive and enter the venue followed by several more groups.

Further footage of the same date timed 02.00 to 02.15 shows people still entering the club. The next footage from the same night starts at 02.23 to 02.53 hours again shows people being allowed into the club. Again at 03.06 hours Mr Martin is seen outside the club smoking and makes no attempt to stop people entering the club, footage ends at 03.20 hours.

The next footage starts at 03.31 hours until 03.43 hours and again shows people arriving and going into the club. The next piece of CCTV is timed 03.58 and ends at 04.33 hours shows the club emptying people are seen in the road, large crowds standing around.

The next footage is dated the 18/03/2017 and starts at 01.43 to 01.48 hours this footage is of licensing officers conducting a visit, and shows a large crowd outside trying to enter the club, during the visit a large amount of breaches were found as highlighted in the review, the crowd waiting to enter later walk of down the road and into an alleyway which leads to the rear of the club, it is believed they were gaining entry into the club, however this was not witnessed.

The final footage is dated the 2/4/17 and starts at 03.48 has large groups seen leaving later in the footage people are seen in the road, people are being dragged away after what appears to be some sort of altercation, and males can be seen urinating up against fencing, traffic is stopped as people are seen standing and running across the road there are then several fights that break out and this continues until police arrive and arrest two males.

I exhibit all the above CCTV footage as MJS/3.

The venue has a condition on its licence that reads - No entry or re-entry shall be permitted after 01:00 hours. This condition is clearly being breached.

I further submit an email from Acting Inspector Riley and exhibit it as MJS/4, he was on duty on the 29/10/2016 when police were called to a serious assault at a nearby venue to Jet Set where patrons from Jet Set were trying to enter the Shisha Bar, and were becoming aggressive at being refused entry to the bar which was now a crime scene, Mr Martin was asked about this and stated that he was unaware of any incidents involving his customers, CCTV was requested, but Mr Martin was unable to produce the CCTV, he stated that it had been deleted as the system was not working correctly, he was given a final written warning for this breach which I exhibit this as MJS/5.

On the 18/03/2018 I along with PC Whitcomb and PC McDonald conducted a licensing visit at the venue, the venue was open and it was very busy.

The manager Ms. Tatiana Couto was spoken too, she claimed the club was holding a 'private function'. We went down the stairs into the bar area, alcohol was being sold from the bar. Recorded amplified music was being played by a DJ. The sound level was high; we then went through all of the licence conditions in the staff office with Tatiana. There were numerous breaches to the 44 conditions. The following were being breached:

Condition 1 - No I.d Scanner, the scanner has not been used for years as it is broken.
Condition 2 - There should be two door supervisors present after 2200 hours - there was only one on duty.
Condition 3 - The SIA security log had not been completed for the evening. The last time it was completed was 11/03/2017.
Condition 4 - No entry/re-entry after 0100 hours - People were being allowed in after this time at 0115 hours.
Condition 7 - Manager was unable to give police unhindered access to the CCTV via the internet.
Condition 9 - No licence summary on display at the entrance.
Condition 11 - No notice regarding admission policy on searching on display at the entrance.
Condition 13 - No notice on display explaining drug policy at the entrance.
Condition 17 - No toilet attendants - The last time there was one was about one year ago apparently.
Condition 22 - No Transport information on display.
Condition 32 - No notices asking customers to leave quietly at the entrance.
Condition 33 - Manager did not know who was the 'dedicated cab firm' for the club.
Conditions breached which were put on by the committee following a review in April 2015:
Condition 40 - SIA officer was not wearing his high visibility jacket.
Condition 41 - No facility provided within the premises for customers to await taxis.
Condition 43 - Licence holder failing to adhere to existing licence conditions.

15 breaches in total were found to be being breached.

The DPS Mr Martin arrived as officers were finishing their licensing visit and he was informed of the breaches identified a meeting was asked for however he stated that he was going to Turkey for two weeks and would be unable to attend any meeting until his return.

There have been two previous reviews on this premises and it appears that very little improvement has been made, the committee at the first review determined that the club should have a Club Scan, and that photographic ID is to be produced by all patrons (driving licence, passport, oyster card) to staff and electronic records to be kept on Club Scan and checked every time a patron attends the premises. This clearly hasn’t been happening as during a licensing visit on the 18/03/2017 the manager informed officers that the ID scanner had not worked for years.

This venue is a nightclub which opens predominately at the weekends, the history of violence and disorder over the years is horrendous, and two previous review hearings have done nothing to improve the running of the premises.

Mr. Martins seems to have little to no concern when asked about these serious incidents and I believe is under the impression that this is what is expected of what happens when running a nightclub, he is dismissive and nearly always blames everyone else for the problems, but he does not want to take responsibly for his lack of management.

This venue is very near to residential premises which have had to endure the constant crime and disorder along with the Anti-Social behavior from the patrons of JET SET night club. When serving Mr Martin with the review he indicated that he had made mistakes and that things had declined, he stated that he was intending turning the club around and changing the music and type of people to an older crowd, unlike what it currently attracts, he said he has seen a change in the people that were attending his club, and there appeared to be a gang type element, Mr Martin said he would keep in regular contact with officers from the licensing unit and inform us of when the changes had been implemented, to date he has not contacted any officer from this unit.

I have considered all possible options that are open to me under the licensing act, asking for a suspension would have little to no affect as this has been implement previously and even after having this time to improve nothing has changed.

Asking for the DPS to be removed would serve little to no purpose as Mr Martins would in my opinion still be in day to day charge of the venue and again no real prospect of improvement would be made.

Asking for more conditions to be added to the licence would be unmanageable as the licence already has 44 conditions, most of which are not currently being adhered too.

A reduction in hours would not work as this is a night club which sees most of its patrons arriving at around midnight to party until the early hours of the morning.

After all other options have previously been tried and failed I ask that the committee consider revoking the clubs licence, as there is no real prospect that the club is likely to improve its track record and will only continue to have incidents of crime and disorder if allowed to continue operating.

Mike

I do remember this incident.

The assault, crime scene and subsequent enquiries ultimately led to the closure of xxxxxx xxxxxxx

The investigation was being hampered by a number of people leaving Jet Set and trying to get into the shisha café after it was closed as a scene. They were drunk, argumentative and confrontational. The officers managing the scene had to physically block the door to stop people trying to enter and eventually pulled the shutters down.

The overall impression I took from the situation was the egress from Jet Set was uncontrolled and unmonitored. Not only were the customers leaving in large rowdy groups but vehicles were blocking the thoroughfare and causing disruption.

What should have been a reasonably straight forward investigation for an assault was complicated by unmanaged lurb goers. The staff at Jet Set appeared to take no responsibility for their customers behaviour as they left the venue.

If you need clarification on any of my comments, please ask.

Dear Mr. Martins,

I recently requested CCTV from Jet Set after an alleged incident in High street Harlesden, involving customers from your club, you then informed me that after checking your CCTV system that you had found a fault where the hard-drive deletes all images on the 31st day of each month and starts again.

I must remind you that you have conditions on your licence that state, CCTV shall be installed and maintained in a working condition, and All CCTV recordings shall be kept for 31 days and shall be made available to police and licensing officers if requested.

I must point out that these breaches amount to an offence under section 136 Licensing Act 2003, namely conducting licensable activities without authority, which carries an unlimited fine and/or up to 6 months imprisonment.

However, I have taken into account that you have informed me that a new hard-drive has been installed and is now recording and saving the CCTV correctly.

Please accept this as a Final warning.

A further condition on your licence reads - Police Officers will be given unhindered access via the internet to view live images from the CCTV at any time when the premises is open to the public.

Can you please supply me with the IP address for the CCTV in the club.

If you have any further queries, please do not hesitate to contact me.

Yours Sincerely,

both serious crime and serious disorder

Premises (Include business name and address and any other relevant identifying details):
Postal address of premises or club premises, or if none, ordnance survey map reference or description:
Jet Sete Club, 254 High Street, NW10 4TD
Post town: Harlesden Post code: NW10 4TD

Name of premises supervisor (if known):
Mr Antonio Martins

I am a Superintendent* in the Metropolitan Police Service.
*Insert rank of officer giving the certificate, which must be superintendent or above.

I am giving this certificate because I am of the opinion that other procedures under the Licensing Act are inappropiate in this case because:

(Give a brief description of why other procedures such as a standard review process are thought to be inapppropriate, e.g. the degree of seriousness of the crime and/or disorder, the past history of compliance in relation to the premises concerned)

There have been two serious incidents over the last two weekends involving the customers from this venue resulting in 8 arrests. 
On the weekend of 19th April 2015 there was an Affray outside the Jetset Club. There was a large disturbance with one male with a base ball bat. Male with bat detained along with 4 others for a mixture of Affay, Off Weap, assault on police & Obstruct police. 
On the weekend of 25th April 2015 When the club closed at 4am a large crowd spilled onto the street, a few men were forcibly removed from the premises at around 04:20am and scuffles broke out in the street.
Other procedures have been considered, temporary closures do not adress the long term issues, a standard licence review could take months to reach a conclusion especially if taken to appeal and the evidence is that this premise will continue to contributow to serious issues and disorder in the area if not closed immediately.

The expedited process is necessary to close the premise with immediate effect to prevent further crime and disorder occuring. This is deemed a proportionate measure in view of the issues shown above and to prevent a further threat to public safety.

I am writing to make a complaint about Club Jet Set on the Harrow Road. Aside from the music which can be heard, each Saturday, when the club closes at 4am it seems that the clientele congregate outside of the club for at least an hour, shouting at each other. The management and door staff seemingly do nothing to move them on (or clear up the vomit that the clubbers kindly leave in the area too).

Three weeks ago the police were called due to the trouble that was being caused – this is not an isolated incident and in the 18 months I have lived in the area, the police have been called regularly.

Aside from the noise pollution and litter that is evident post club nights, within one mile of the venue there have been three stabbings in the last few weeks. The area has more than its fair share of violent crime already and judging by the shouting and arguing that occurs every weekend outside the club, it seems quite possible that more violence will erupt in the near future.

I fully appreciate that people need to have somewhere to go for entertainment, but the management is clearly not responsible enough to handle such a late license in a primarily residential area. Added to this there is no public transport at the time the club closes or a local cab office in the vicinity, so I do wonder the extent to which drink/drug-driving is being encouraged, and drug dealing within very close proximity to the school on Furness/Palermo Road.

I'd be keen to know on what basis a late license has been granted to this club, what checks are made to ensure that it is operating in a professional manner, and what steps will be taken to reduce the extent to which the club is disturbing its residential neighbours. It is simply not fair that my weekends (and I expect those of many other local residents) should be ruined on a regular basis.

Disorder outside JETSET, NW10 (3 arrested) When the club closed at 4am a large crowd spilled onto the street, a few men were forcibly removed from the premises at around 04:20am and scuffles broke out in the street. Police arrived around 10 minutes later and made THREE arrests for AFFRAY/ASSAULT POLICE. QK5 reviewed (and copied) the footage from camera 10 of the borough CCTV between 04:20-05:00. The DP's are all shown committing various public order offences on camera from around 04:40am. It appears one vehicle of men started this incident and they made off in vehicle **********. The footage at 04:34 shows one male in a white top intimating a weapon in his waistband (the footage is not clear enough to see what he actually has). HE eventually gets into the front passenger seat. Another male, the driver, is clearly seen to discard a large knife into the boot of the car (there is no reports of stabbing but the CAD does mention a knife). 27/4/15 NM

Dear Sir/Madam

LICENSING ACT 2003
NOTICE OF DETERMINATION OF APPLICATION FOR REVIEW OF PREMISES LICENCE
CLUB JET SETE, 252 HIGH STREET, NW10 4TD

Modifying Conditions of Licence

Brent Council as the licensing authority, received an application for a review of a premises licence in respect of the CLUB JETSET, 252 High Street, London, NW10 4TD.

A hearing was held on 21 May 2015 to consider the representations and the Council have determined to modify the conditions of the licence in the following respects, namely adding the following:

1. There should be a minimum of two SIA qualified supervisors, wearing high visibility jackets, deployed at the front of the premises, away from the door on Friday and Saturday nights and that they should remain in position until the crowd has fully dispersed so as to ensure the safe and quiet dispersal from the premises.

2. Facilities within the premises shall be made available for customers to await taxis.

3. Regular announcements should be made from 03.00 hours reminding patrons to leave in a quiet and orderly manner from the premises.

4. The Premises Licence Holder shall adhere to all existing conditions on the licence including timings.

5. The Premises Licence Holder to continue to work in partnership with the Police.
The reasons for the decision are:

The Sub-Committee when arriving at its decision considered all of the evidence in light of the Council’s Statement of Licensing Policy, amended guidance issued from time to time under Section 182 of the Act, and the licence premises holders human rights under the Human Rights Act 1998 (namely Article 6, Article 8 and Article 1 of the First Protocol). Accordingly, in all of the circumstances of the case it was felt that the decision of the Sub-Committee was reasonable, necessary and proportionate.

The applicant or an interested party/responsible authority who made relevant representations in relation to this application may lodge an appeal against this determination within 21 days beginning on the day of being notified of the decision. Appeals must be made to Brent Magistrates’ Court, 449 High Road, London, NW10 2DZ. Tel: 020 8955 0555.

The determination will not take have effect (a) until the end of the period given for appealing against the decision or (b) if the decision is appealed against, until the appeal is disposed of.

Licensing Applications Officer
London Borough of Brent – Decisions taken by the Alcohol and Entertainment Licensing Sub-Committee (C) on Thursday 21 May 2015
Jet Sete, 252 High Street, NW10 4TD

Declarations of personal and prejudicial interests

Application by the Metropolitan Police for the review of a premises licence for ‘Club Jet 7 Sete’, (248-252 High Street, Harlesden, NW10 4TD) pursuant to the provisions of the Licensing Act 2003 The Alcohol and Entertainment Licensing Sub-Committee (C) having considered the application by the Metropolitan Police to review the premises licence for ‘Jet 7 Sete’ (248-252 High Street, London NW10 4TD) pursuant to the provisions of the Licensing Act 2003 (“The Act”), the Sub-Committee resolved that the premises licence continue in full force and effect, subject to the following additional conditions and informatives;

Additional conditions

A1) There should be a minimum of two SIA qualified supervisors, wearing high visibility jackets, deployed at the front of the premises, away from the door on Friday and Saturday nights and that they should remain in position until the crowd has fully dispersed so as to ensure the safe and quiet dispersal from the premises.

A2) Facilities within the premises shall be made available for customers to await taxis.

A3) Regular announcements should be made from 03.00 hours reminding patrons to leave in a quiet and orderly manner from the premises.

A4) The Premises Licence Holder shall adhere to all existing conditions on the licence including timings.

A5) The Premises Licence Holder to continue to work in partnership with the Police.

The Sub-Committee when arriving at its decision considered all of the evidence in light of the Council's Statement of Licensing Policy, amended guidance issued from time to time under Section 182 of the Act, and the licence premises holders human rights under the Human Rights Act 1998 (namely Article 6, Article 8 and Article 1 of the First Protocol). Accordingly, in all of the circumstances of the case it was felt that the decision of the Sub-Committee was reasonable, necessary and proportionate.
I hereby certify that in my opinion the premises described below are associated with:

both serious crime and serious disorder

| Premises (include business name and address and any other relevant identifying details): |
| Jet 7 Sete |
| 248-252 High Street |
| Harlesden |
| NW10 4TD |

Premises licence number (if known): 231214

Name of premises supervisor (if known): Antonio Martins

I am a Chief Superintendent¹ in the Metropolitan Police Service.

¹Insert rank of officer giving the certificate, which must be superintendent or above.

I am giving this certificate because I am on the opinion that other procedures under the Licensing Act are inappropriate in this case because²:

The premises has a record of serious crime and disorder culminating recently in two large fights and an allegation of rape. The police and council licensing officers have worked extensively with the club management over the years to address these issues, this has shown some short term success but long term they still continue. The club has required extensive police resources on weekends to deal both with the disorder and incidents outside.

Other procedures have been considered, temporary closures do not address the long term issues, a standard licence review could take months to reach a conclusion especially if taken to appeal and the evidence is that this premises will continue to contribute to serious assaults and disorder in the area if not closed immediately.

The expedited process is necessary to close the premises with immediate effect to prevent further crime and disorder occurring. This is deemed an appropriate and proportionate measure in view of the issues mentioned above.

²Give a brief description of why other procedures such as a standard review process are thought to be inappropriate, e.g. the degree of seriousness of the crime and/or disorder, the past history of compliance in relation to the premises concerned.

The premises has a history of serious crime and disorder culminating in two fights and an allegation of rape within the last 6 weeks. | 2.            | Application by the Metropolitan Police for an Expedited Review of the Premises Licence for 'Jet 7 Sete' (248-252 High Street, Harlesden, London, NW10 4TD) pursuant to the Licensing Act 2003 | Having considered whether it was necessary to take interim steps under section 53B of the Licensing Act 2003 pending the hearing of the application by the Metropolitan Police for an Expedited Review of the Premises Licence for 'Jet 7 Sete' (248-252 High Street, Harlesden, London, NW10 4TD) ("the premises") pursuant to the provisions of the Licensing Act 2003 the Sub-Committee resolved that **the premises licence be suspended as an interim step under section 53B of the Licensing Act 2003**:-

The Alcohol and Entertainment Licensing Sub-Committee (B) accepted the evidence submitted by the police concerning crime and disorder associated with the premises, including incidents of violent assaults and an allegation of rape. It was felt that the premises licence holder had not taken sufficient or reasonable steps to address crime and disorder and that the only appropriate course of action in all of the circumstances of the case was a suspension of the premises licence as an interim step on the grounds of crime and disorder.

The Sub-Committee also suggested that the premises licence holder works in consultation with the police to produce a satisfactory Management Plan prior to the full review of the premises licence.

2. Application by the Metropolitan Police for a review of the premises licence for 'Jet 7 Sete' (248-252 High Street, Harlesden, London, NW10 4TD) pursuant to the provisions of the Licensing Act 2003

Having considered the application by the Metropolitan Police to Review the Premises Licence for 'Jet 7 Sete' (248-252 High Street, Harlesden, London, NW10 4TD) ("the premises") pursuant to the provisions of the Licensing Act 2003 the Sub-Committee resolved that the premises licence continue in force subject to amendments to the premises licence and conditions as follows:-

(i) that the following hours for the provision of all licensable activities be specified:

(a) that all licensable activities cease by 02.00 (the following day) Sunday to Thursday and 03.30 (the following day) Friday and Saturday

(b) that the premises remain open until 30 minutes past these times

(c) that all licensable activities permitted on the existing licence to commence at the hours specified on the licence Monday to Sunday

(ii) that the following conditions be added to the licence in addition to the existing conditions:

(a) that all conditions as agreed with the police be attached to the licence, subject to the following amendment to condition 7:-

Replace "appropriately dressed" with "in smart casual dress". Smart casual dress not to include football tops, hooded tops, sports tops, jeans or trainers.

The conditions are as follows:-

1. Admission to club by Club Scan, photographic ID to be produced by all patrons (driving licence, passport, oyster card) to staff and electronic records to be kept on Club Scan and checked every time a patron attends the premises.

2. Police officers shall be given unhindered access via the internet to view live images from the CCTV at any time when the premises is open to the public.

3. The front smoking area is to be limited to 10 persons at any one time and there is to be no consumption of alcohol, soft drinks or food. Area to be monitored by door staff.
4. The rear fire exit is to remain closed and only be used in the case of emergency.

5. No persons are to be permitted to remain at the rear of the club premises.

6. One toilet attendant in each of the male and female toilets at all times during licensing hours.

7. The management reserve the right to refuse entry to all persons not in smart casual dress. Smart casual dress not to include football tops, hooded tops, sports tops, jeans or trainers.

8. Management to have a dedicated cab firm and must ensure that all cabs are booked via the in-house booking system.

9. Notices explaining the licensee’s policy on admissions and searching shall be placed at each entrance.

10. The licensee shall undertake a risk assessment agreed by the police and licensing authority of any significant promotion or event, using the Metropolitan Police Service/Event Risk Assessment Form (Form 696) or an equivalent and provide a copy to the Metropolitan Police and Brent Licensing Unit not less than 14 days before the event is due to take place.

11. Where an event has taken place the licensee shall complete a Debrief Risk Assessment Form (Form 696A) and submit this to the Metropolitan Police and Brent Licensing Unit within three days of the conclusion of the event.

The Alcohol and Entertainment Licensing Sub-Committee (B) felt that the additional conditions and the revised operating hours would meet the licensing objectives (prevention of crime and disorder, public safety, the prevention of public nuisance, the protection of children from harm) and accordingly agreed that the premises licence should remain in force.

CIV  607422

PRIMARY INVESTIGATION DETAILS : 1 Immediate action
Scene not visited by police reported by Crib
001 check = no trace

Victim states, that he had a lot to drink. He states, that he had his wallet in his jeans pocket.

Victim was very vague about events. He states, that when he left the club, he was jumped by some males who were in a vehicle and had his phone stolen. These details were not shown on CHS. I have sent CHS back for victim to be seen and a robbery report be taken for the theft of his phone.

Victim assumed at first that his wallet had been taken at the same time. Having spoken to his aunt, who is a bouncer at the club, he knows that his wallet was taken prior to this incident. She has informed him, that he told her, that he did not have his wallet, just before he left the club.

Victim has been advised by his bank, that his card was attempted to be used at Argos to the value of £200. It was used at JD sports for £90.00. No other details known.

Victim does not know how his wallet was stolen or even if he lost it orginally. I have not taken any clothing details of victim for cctv, as he is very vague about what happened.

I have explained to victim that police report the theft of his card and the bank will investigate the unauthorised transaction.

CCTV.

Closure advised unless the following is established -
There is a camera pointing in the direction of the offence No
Time of offence is specific or within a realistic time frame having due regard to the nature and circumstances of the offence No

PC 236649

PRIMARY INVESTIGATION DETAILS : 1 Immediate action
1 - CAD 1788 of 29/11/15; PS 1032CW & PC 1741CW

2 - Circumstances are that on SATURDAY 28/11/15 at approximately 0315 hours, all three VIW's (cousins) were present within venue, near to the entrance of the venue - the part after the ticket stalls where the bouncers stand. VIW2 was in the toilet and VIW's 1 and 3 were waiting for her. VIW1 states that, at this time (thought to be between 0315 and 0345) she was dancing on her own whilst waiting for VIW2 to come back from the toilet when she was barged by a blonde woman (approx 37 years old; nfd) and when she asked the woman not to barge her, the woman's boyfriend (SUS1) apparently stepped in and threw a champagne bottle at VIW1, causing said reddening to her face and nose. VIW1 states that the male then said to her "I WILL PUT A BULLET IN YOUR HEAD" however no firearm was actually seen. It is thought that VIW2 did not see the incident but saw SUS1 present, and VIW3 similar. It is not known if there is CCTV coverage of the incident; VIWs could not be any more specific with the timings.

3 - VIW was taken to A&E to seek treatment for her sore face

Conclusion (Recommendation for Screening)
Pass to QK as happened on their ground, CCTV enqs to be made
29/11/2015 06:26

PS 217144 58QK

I have reviewed this report and am satisfied that the initial investigation has been completed to a suitable standard - just! There is little detail to assist with possible CCTV enquiries and no mention made of any forensics considered.

30/11/2015 00:50

PC 236649

1741 - apologies - should have explained better - VIW1 had consumed alcohol and all that she was able to tell me I recorded herein; don't have any personal knowledge of the venue due to it being a QK premises and, not having the ability to visit myself at the time, knowing the investigation would be passed on. I
have described as best I could the area which the offence is said to have taken place - I asked VIW1 numerous times and she was unable to describe any better than what I have recorded; stated that there is only one area with ticket stalls so it should be identifiable by this alone. It is not known how many cameras there are. VIW1 ended up in CW’s ground after having been driven round for approximately one hour by her cousin after having left the venue - the incident was not reported in the club, so it was believed the bottle had been discarded, it was not retained or seized. I was unable to get a better description of SUS1 and it is not known if he was part of a group and, if so, how many were in said group.

PRIMARY INVESTIGATION DETAILS : 1 Immediate action
19 Point Robbery Plan

1. Obtain/Record account from victim. Include their movements up to an hour before the incident. - VIW1 states that he had been on a night out with his Brother and two friends from University, he was inside the venue for a few hours. At approximately 0430Hrs he saw security staff arguing with his Brother and trying to make him leave, he went over to see what was happening and tried to assist his Brother and see if he could persuade the security staff to allow them to stay as he was not ready to head home.

He has stated that he removed £40.00 from his wallet to give to one of the security staff as a way of persuading them to let them stay, when he did the staff could see he had a large amount of cash inside his wallet.

The security staff then assisted VIW1 and his friends to leave the club, taking them out of the front doors to High Street Harlesden. They walked VIW1 and his friends to a nearby bus stop.

VIW1 then states that SUS1 punched him causing swelling under his left eye and then held onto him while SUS2 head butted him causing a cut to the inside of his upper lip. He then fell to the floor and the security staff walked away. He saw his wallet was now on the floor next to him and when he retrieved it there was £800.00 cash missing from inside, he still had the £40.00 he had taken out earlier as this was inside his pocket. He also states that Police did attend the location and drove him to a different bus stop and told him to go home. He did not make any allegations to the Officers at that time.

2. Obtain/Record evidence from witnesses in and around the

I am APS 639QK one of the ND section sergeants 2200-0700. I have reviewed this report and I am happy that the officer has conducted a satisfactory initial investigation. The officers made the best attempts they could to collect the evidence for this case. The fact that registered door staff have refused to assist police will be documented and past to the licensing team to deal with as this is possibly in breach of their operating licence.

There have been ongoing issues with the CCTV operatives refusing to burn off copies of CCTV on night duties. This particular operator stated there was an "issue" with the system and he could not burn a copy off. Again this will be passed to the relevant body to address.

02/05/2016 06:49
PC 232976

CCTV has been emailed to request the footage for this incident.
They were unable to burn it off when requested as there were issues with their IT systems.

Classification confirmed
SUSP1 was interviewed by PC322QK. Also present was his solicitor xxxxxx xxxxx.

He was asked to give his account of events and he stated that he had been to Jet Set club in Harlesden, which he had not been to for a while. He had been drinking and had a good time, and when he left there was an argument with a female, and she was being surrounded by a group of males. He went to calm things down but couldn't so walked away.

He then stated that eventually people started to move away and he did not want to go with his friends in the White VW GOLF, and started to walk towards home. He has walked past the Corsa and has broken the wing mirror, and stated he did this deliberately as he was angry, but that he knew the female that owned the car, and had told her and had arranged to pay her to repair the mirror.

He has then carried on his way and two unknown males have come running over to him and started trying to fight him.
03/07/2016 21:23

PC 231884 322QK

He stated he put his hands up in a defensive stance and the males have then punched him and kicked him to the floor. He claims to be the victim and the police have arrived and detained all three, he ends up being arrested and the others let go.

I have viewed the CCTV and this confirms his account. He is clearly seen causing the damage to the car, and is set upon by the two males. He is seen to be punched first and then they all move off camera. Armed units then arrive and susp1 is arrested.

The affray matter was NFA'd on authority of xxxxxxxx, and a charge for criminal damage to M/V was given at 1951 hours. SUSP1 was bailed to court on 18th July.

Criminal Damage CRIS is 1916669/16.

Circumstances
An urgent assistance call was circulated on the ‘CW’ radio link detailing an incident at the venue. Subsequently multiple CW units have responded.

The call originated from VIW/1 whom stated shots had been fired in the club and his cousin (VIW/2) was inside injured.

Upon arrival CW units assisted TROJAN units in clearing out the venue and preventing any further disorder.

TROJAN units confirmed a firearm had not been discharged and conducted an extensive search of the venue.

TROJAN units stated they believe a gun was not present and this incident originated from a public order situation

Whilst present outside the venue officers were approached by VIW/1 and VIW/2.

VIW/2 stated that whilst he was present inside the venue a fight broke out which prompted the patrons to swiftly vacate the premises. During the commotion VIW/2 states his chain and two pendants were snatched from his neck. Subsequently VIW/2 has turned around to investigate. It was at this point VIW/2 was struck on the forehead with what he believes to be a glass bottle. The strike has caused minor cuts to VIW/2’s forehead. VIW/2 stated he did not see his attacker thus a description has not been provided. VIW/2 declined LAS and stated he would make his own way to hospital thus not providing a statement.

VIW/2 was heavily intoxicated

VIW/2 stated he is leaving the country tomorrow.

TP CMS. There is no evidence at this time to suggest that the suspect was the same for the robbery and assault. This report has been confirmed as the robbery for the snatch of the chains. A separate report will need to be created for the GBH as it cannot be confirmed at present from the dets that the suspect was the same for both incidents.

**CID REVIEW**
Only an e-mail address left for the victim who has apparently left the country. It is not clear how long for however the dets would suggest indefinitely. The chains have been yanked from the victim during a large disorder at the venue. There is little to no chance of identifying the suspects taking the chain. The victim did not see the suspects. He has not provided a statement and his current whereabouts are unknown. I have e-mailed the victim on the e-mail address given asking him whether he is returning to the UK and whether he would wish to pursue a criminal allegation.

I am a Police Constable of 12 years experience, all of which I have worked on the London Borough of Brent, I am currently attached to the licensing unit for the Borough, I have been authorised via a delegated authority to represent the Borough Commander of the London Borough of Brent and for the Commissioner of the Metropolitan Police Service to act on Licensing matters.

This is a further statement in relation to Jet Set night club, 252, High Street Harlesden, NW10 4TD, On page 4 of my review dated the 12/04/2017 I refer to CAD 2020 dated the 29/10/2016. I have stated that police called to the venue to deal with drunk and aggressive revellers, I have now received an email from Acting Inspector Riley (MJS/4) who was on duty on this night and attended the location, the actual venue of the incident was further down the road, however the patrons from Jet Set were cause problems and threatening officer and trying to enter a venue that was now a crime scene. I also include in my supplementary bundle three further CADS linked to the one referred to in my review, CAD 2020. These are 1480, 1847, and 5656, all dated the 29/10/2016.

Also in my review on page three in reference to Crime 1928448/15 I make reference to door staff assaulting and robbing the victim, I would like to amend this comment to read that it is only alleged that door staff assaulted and robbed the victim, as no door staff have been arrested or charged with either of these offences.

Looking at the history of crimes that occur at in and around the venue it is apparent that most happen in the early hours of the morning when police and other emergency services are already limited and stretched, the crime reports mentioned in my review are all in the very early hours of the morning mainly between 03.00 and 04.00 hours which is when then club is preparing to close.

It is also clear that most the crimes are resulted in no further action due to the victims not wanting to substantiate the allegation, there also appears to be lot of drunkenness involved around these crimes.

In crime report 1928093/15 it has been recorded that the victim had a lot to drink.

Crime report 1928382/15 mentions that the suspect had a Champagne bottle and threw it at the victim, it also goes on to say the victim consumed alcohol, this appears to have affected how much detail she was able to give to the police about the incident.

Crime report 1928448/15 police office states that the victim was very drunk and was the main aggressor in one of the fights; the victim also mentions that he bought a bottle of whiskey and was drinking it with his two friends and his brother, he also states that he was assaulted and robbed the the security staff.

In crime report 1910534/16 the reporting officer states that the SIA (Doormen) refused to give statements assisting police with the investigation, during the interview one of the suspects stated that he had been hit with a bottle, he goes on to say that he was under the influence of alcohol, and did not know why he picked up the weapon, he is then asked what his reason for having it was, to which he replies ‘Ma’am I don’t know as I was drunk’ the victim also makes reference to being assaulted by door staff.
Crime report 1905465/17 the victim states that he was hit with a glass bottle, and robbed of his gold chains.

It appears to me that there is a problem with drunkenness at the venue which affects peoples judgment, and leads to disorder, victims are then unable to give a proper account of what has happened, the lack of management at the venue is clear and they seem to have no dispersal policy in place, there are also concerns around the door supervisors, there are allegations of them assaulting patrons, and of not providing the police with evidence to support an offence, it is apparent that the club has not improved from the first two reviews, and have done little to implement the conditions on the licence, or uphold the licensing objectives.
