Nuisance Control Team (NCT) believe the Licence Holder KN Bros Limited and current business owner has failed and is continuing to fail in the duty to prevent public nuisance when providing regulated entertainment – especially at noise sensitive times – whilst operating within the terms of the Premises Licence. A copy of the Premises Licence is provided in **Exhibit NCT/01**. The premises is presently licensed to open seven days a week from 11:00hrs, with terminal hours at 02:30hrs Monday to Friday and 03:30hrs Saturday and Sunday. The premises is licenced for recorded music and live music until 02:00hrs Monday to Friday and until 3:00hrs Saturday and Sunday. There are three specific music noise-controlling conditions on the premises licence:

**Condition 13.** The playing of live or recorded music shall not be permitted in any garden or external area.

**Condition 16.** All doors and windows shall remain closed during any licensable activity and where a door is used for patrons to enter or leave the premises the door shall be lobbied and fitted with a self-closing device.

**Condition 17.** The level of music shall be arranged so as not to cause a nuisance to local residents.

The premises comprises an unused Lounge Area to the front of the premises, with a Club Area and DJ booth to the rear of the premises, and an adjoining Garden Area, which is covered but only partially enclosed on two elevations. The Club Area and Garden Area both provide regulated entertainment by separate DJ from a booth. A portion of The Club Area benefitted from acoustic treatment works under the previous business owner, to help contain bass noise transmission into Sudbury Crescent, situated rear of the premises. Those works were compromised and resulted in noise complaints when the present business owner breached the acoustic integrity of the ceiling by installing new lighting, meaning the overall volume of music and bass had to be reduced in order to minimise noise transmission. The adjoining Garden Area – accessible through a non-lobbied door – cannot reasonably benefit from acoustic treatment works, being a partially enclosed composite steel and timber structure. This structure has no adequate sound insulating capacity to contain regulated entertainment or indeed noise from patrons, both of which are reported as disturbing during noise sensitive hours. Noise sensitive hours are generally considered to be between 23:00hrs and 07:00hrs. The use of this Garden Area that is resulting in disturbance and public nuisance to nearby noise sensitive residential receptors. Some noise complaints are supported with dated and time-stamped noise recordings, reported through the Brent Noise App. The Brent Noise App is available to all Brent residents who have access to such a device. After downloading a simple app to their mobile telephone, a user can record 30 seconds of recorded noise disturbance directly to their mobile telephone. Once recorded, this information is then sent to a secure website and automatically deleted from the user's telephone to ensure there is only one copy and the data is stored securely. I am able to listen to the recordings on my computer through noise cancelling headphones by logging on to the website [www.thenoiseapp.com](http://www.thenoiseapp.com). The recordings are used to assist me in the investigation of noise complaints. NCT served a Noise Abatement Notice upon the Licence Holder (KN Bros Ltd) and the Designated Premises Supervisor (Douglas Nunes) in December 2021, following case review and noise monitoring exercises, including review of Brent Noise App reports and recordings. The Noise Abatement Notices were not appealed. A previous Noise Abatement Notice served in August 2021 was formally withdrawn because the serving officer did not secure a copy of the Notice proving proper service. On 16 January 2022, NCT attended a meeting at the premises with the business owner [REDACTED] (one of two active directors of KN BROS LIMITED; Company number 11655090) and [REDACTED] new Operations Manager and Sales Manager. At that meeting, NCT learned that music is provided by DJ's in the Club Area and the partially enclosed Garden Area. We explained that an evidence gathering exercise in response to a complaint of music noise - that would have

ordinarily resulted in prosecution proceedings - was cut short because [REDACTED] had previously pleaded with us to let him know of any further nuisance complaints following service of the still active Noise Abatement Notices. At that meeting, we reiterated the gravity of ensuring music noise and reveller noise from the premises does not constitute statutory nuisance or public nuisance. [REDACTED] explained that he was planning to change the premises from a nightclub-like venue to a lounge venue, without loud music. We are not aware any such change has been introduced. It is our contention this premises operates as a nightclub; and use of the Garden Area at noise sensitive hours is causing public nuisance from patrons and from regulated entertainment in the form of loud amplified music. A Google search describes the premises thus: "Comfortable restaurant offering classic pasta & lamb dishes, plus wraps & cocktails." The Aura Lounge website [<https://theaura.co.uk/about-us/>] displays the following information: "High energy upbeat music to ensure that your feet never leave the dancefloor, astonishing experiences keeping you on your toes, awakening the Root Chakra." NCT as a Responsible Authority invite Licensing Committee to consider reducing the terminal hours as follows:

The opening hours of the premises (Day : Start Time : End Time) shall be as follows:

Monday 11:00hrs – 00:00hrs

Tuesday 11:00hrs – 00:00hrs

Wednesday 11:00hrs – 00:00hrs

Thursday 11:00hrs – 00:00hrs

Friday 11:00hrs – 01:00hrs

Saturday 11:00hrs – 01:00hrs

Sunday 11:00hrs – 00:00hrs

**With all licensable activities (regulated entertainment, late night refreshment, and sale and supply of alcohol) terminating 30 minutes earlier. All seasonal variations shall be removed.**

We also ask Licensing Committee to remove **Condition 11: The outside drinking areas shall cease at 23.30hours** and endorse the Premises Licence with the following noise-controlling conditions:

1. Regulated entertainment in the form of live or recorded music shall not be permitted within the partially enclosed Garden Area.
2. The terminal hour for public use of the Garden Area shall be midnight Friday and Saturday and 23:00hrs Sunday to Thursday.

**Please provide as much information as possible to support the application** (please read guidance note 2)

Dear [REDACTED]

**Noise Nuisance - Environmental Protection Act 1990**  
**Ayla Lounge, 763-765 Harrow Road, Wembley, HA0 2LW**

The Council have a duty to investigate noise nuisance. We have received complaints alleging noise caused by loud amplified music and they have given us your address as being the source of the problem. We request you contact us to discuss this matter further.

We investigate problem noise by visiting those affected and decide what action to take based on the scale of the problem, how frequently it happens, who is affected by the noise and how. We may also use remote monitoring and recording devices to measure and record the noise being complained about.

If the Council is satisfied that a noise nuisance exists, or is likely, a noise abatement notice could be served on the person responsible. If the terms of that notice are broken and you continue to cause unacceptable noise, the Council may then take Court action. A successful prosecution can result in an unlimited fine and a criminal record being imposed.

Please also refer to your Premises Licence which includes the following relevant conditions:

13 The playing of live or recorded music shall not be permitted in any garden or external area.

16 All doors and windows shall remain closed during any licensable activity and where a door is used for patrons to enter or leave the premises the door shall be lobbied and fitted with a self-closing device.

17 The level of music shall be arranged so as not to cause a nuisance to local residents.

Thank you for your co-operation.

Yours sincerely,

Dear

**Noise Nuisance - Environmental Protection Act 1990**  
**Ayla Lounge, 763-765 Harrow Road, Wembley, HA0 2LW**

The Council have a duty to investigate noise nuisance. We investigated a complaint alleging noise caused by loud amplified music on Sunday 15 March and determined the bass noise transmitting from the rear of this premises was at a level likely to constitute public and statutory noise nuisance. We spoke to your manager (Douglas) about this matter and requested he significantly lower the volume of music/bass. Please take steps to prevent further such nuisance by Friday 20th March 2020.

Such steps may include: significantly reducing the volume of music and paying particular attention to the bass frequencies; installing a sound limiting device with a noise level agreed by Nuisance Control Team; arranging for professional acoustic testing to determine what sound insulation measures are required to contain the level of entertainment you wish to provide for your customers.

Condition #17 on your premises licence requires: **The level of music shall be arranged so as not to cause a nuisance to local residents.**

Further evidence of nuisance may result in service of noise nuisance abatement notice, and application to formally review the premises licence under provisions within the Licensing Act 2003.

Please contact me if you wish to discuss this further.

Thank you for your co-operation.

**The Aura, 763-765 Harrow Road, Wembley, HA0 2LW**

Following recent complaints and a case review our Nuisance Control Team have undertaken noise monitoring exercises at the front and rear of The Aura. We remind you that condition 17 in your operating schedule specifies:

**17 The level of music shall be arranged so as not to cause a nuisance to local residents.**

Should further complaints be received, we will investigate by monitoring the situation - usually by visiting the person making the complaint, or the use of remote monitoring equipment which measures and records the noise being complained about.

Contravention of the notice could lead to the instigation of criminal proceedings against you. The maximum fine for each offence currently stands at an unlimited fine upon conviction.

Dear Sir,

**Re: The Aura, 763-765 Harrow Road, Wembley, HA0 2LW**

We are writing to formally withdraw the attached noise abatement notice because the serving officer did not secure a copy proving proper service.

I regret to advise, however, we still have concern The Aura is failing in its duty to prevent public nuisance. We will contact the Licence Holder and Designated Premises Supervisor separately in that regard.

Please contact me quoting the above reference if you would like to discuss anything stated here.

Yours sincerely,

Abatement notice in respect of statutory nuisance

[REDACTED]  
[REDACTED]

TAKE NOTICE that under the provisions of the Environmental Protection Act 1990 the Council of the London Borough of Brent being satisfied of the ~~(existence)~~(likely occurrence)~~(recurrence)~~ of noise amounting to a statutory nuisance under section 79(1)(g) of that Act at the premises known as AURA LOUNGE 763-765 Harrow Road, Wembley, HA0 2LW within the district of the said Council arising from the playing of amplified music and amplified speech.

HEREBY REQUIRE YOU as the ~~(owner)~~(occupier)~~(person responsible)~~ of the premises from which the noise is or would be emitted forthwith from the service of this notice, to abate the same and also

HEREBY (PROHIBIT)~~(RESTRICT)~~ the ~~(occurrence)~~(recurrence) of the said nuisance and for that purpose require you to: **Cease or cause to cease the playing of amplified music and amplified speech at such a level as to constitute a nuisance**

IN the event of an appeal this notice shall NOT be suspended until the appeal has been abandoned or decided by the Court, as, in the opinion of the Council, the expenditure which would be incurred by any person in carrying out works in compliance with this notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance.

IF without reasonable excuse you contravene or fail to comply with any requirement of this notice you will be guilty of any offence under section 80(4) of the Environmental Protection Act 1990 and on summary conviction will be liable to a fine not exceeding level 5 on the Standard Scale (currently £5,000), together with a further fine of an amount equal to one-tenth of that level for each day on which the offence continues after conviction. Dear [REDACTED]

Thank you for your email. I was intending to contact you during the coming week to ask why you had ceased submitting noise app reports. I am aware that the business owner has approached several neighbours.

Yes, the business has been in contact with Brent Council. An online meeting was held last week with the business owner and his agent. The council and Brent Licensing Police raised concerns around noise, parking, waste collection and related issues. We heard what efforts the business is making to reduce adverse impact on neighbours; which includes a plan to change the premises into a lounge as opposed to a nightclub-type venue. We are pressing for more details on this. A period of six weeks was given within which to resolve the issues or face further enforcement action.

We remain concerned about the intensity of noise from music and revellers, given the semi-enclosed nature of the rear garden area. I inspected the area to the rear of the premises at half past midnight on Saturday. It is evident that they are monitoring noise levels and endeavouring to manage customer parking in Sudbury Gardens. However, in my opinion, the efforts to manage noise are falling short. This was conveyed to the business during my visit.

I agree that it is not practical for you to keep contacting the business when they are already aware of the intensity of their noise levels. On that basis, I would encourage you to continue using the Brent Noise App. You are also able to use our call out service, as previously advised.

I have copied in the local Neighbourhood Manager and my colleague from the Community Safety Team who is co-ordinating our efforts to ensure the business operates without failing in its duty to prevent public nuisance.

More anon and kind regards

Dear Martin

Thank you for your email and sorry for the delay in replying back to you.

The Managers of the Aura Lounge have been round to speak to us with regards to the noise levels and we have expressed our concerns of the intensity of the noise, to which they have said they will be looking into how to improve and reduce the noise level. They have asked us to bear with them till they are able to get things sorted. We would like to know whether they are in contact with you regards to what they will be doing and any updates so far.

Hence them visiting us we have not done any recordings on the noise app as giving them time to sort the issue out, though the noise levels are still as per our previous recordings. We have been phoning the Manager to let them know when the noise level is loud, and they have been reducing the noise down, though we do have to keep reminding them. It is not practical for us to do this bearing in mind they are aware the intensity of the noise levels.

Please can you update us on what the Aura Lounge will be doing.

Dear ██████████

I had a meeting today with the local neighbourhood manager and representatives from the licensing authority and community safety team – copied into this reply.

Your recent noise app reports are acknowledged. The recordings made between midnight and 4am are especially powerful in evidencing nuisance from music and revellers.

To answer your specific questions:

The business is under a general duty of care not to cause nuisance to neighbours and is under a legal duty to prevent public nuisance – these are valid before and after 11pm. If noise occurring before 11pm shows breach of either those we can prosecute or apply to review the premises licence. From an evidential perspective, noise >11pm is, as stated, especially powerful.

The business owner has stated that the lounge is a move away from operating as a nightclub-type venue. Given the semi-enclosed nature of the rear garden area we do remain concerned about the intensity of noise from music and revellers. I understand the business has now volunteered to close at 01:30am.

My colleagues are in contact with the business owner to ensure he understands the gravity of the situation and our capacity to prosecute or apply for a review of the premises should evidence supporting such intervention continue.

Please continue to use the Brent Noise App or use our call-out service:

Dear Martin

Hope all is well and thank you for the feedback received on 19<sup>th</sup> January via the Noise App.

The intensity of the noise that is created before 11pm is the same after 11pm, sometimes louder as you noticed when you visited our house. Would like to know the legality of the noise level before 11pm? Their back doors seem to be kept open hence the intensity of the noise level which is loud, plus their revellers that make noise outside their premises at the back. As you have mentioned in your feedback, the premises will soon be reverting from a Club to a Lounge. What difference will that make to the noise levels?

We have never had this kind of issue with previous owners, and they kept their back doors closed and noise levels low. We will continue reporting the noise level via the App, and hopefully, the owners will then understand the gravity of the situation.

Dear Sir

Your email to [REDACTED] has been passed to our Nuisance Control Team. We have been monitoring this premises for music noise breakout during our Friday and weekend nights. We have also engaged with those responsible for managing the premises and reminded them of their legal and licensing responsibilities. We are concerned that noise from bass after 11pm is likely to constitute nuisance within the meaning of the law and are therefore preparing to serve noise abatement notices this evening.

Enforcement action for breach of that notice must be based on an officer obtaining real-time evidence of the nuisance occurring during our service hours and demonstrating impact on those affected in their home. Our call-out service is mainly available at the times when people are mostly disturbed by noise.

Can someone from Licensing & Planning investigate and advise whether they are complying with conditions of use.

It is under new ownership and this is the 1st time for years that I have received complaints about this.

Past Managers had arrangements for dealing with issues and were accessible. The new owners may need to put something in place too.

Thanks

Dear [REDACTED]

Hope all is well and keeping safe,

I would like to bring to your attention the loud music that is often blaring out from The Aura Lounge, 763-765 Harrow Road. The music is heard even with our bedroom windows closed and often goes on beyond 2am in the morning. I have tried calling them at that hour in the morning to complain but their phone lines go to voicemail. On Monday 29th November at around 2.15am I ended up calling the police who were unable to assist, who also did hear the music whilst I was on the phone to them and they did give a reference number to say we had made a complaint. Also phoned the out of hours Brent Council Noise/Nuisance line but as I had called after 2am the lady advised they had no one to assist but to report the incident online.

Can you please help and advise what can be done.

Hello Esher,

Hope you are well. Firstly i apologise that i was about to send you this email on Friday as promised but had massive issue at work because of that my 3 days has been a nightmare. As we spoke about the issues related to the Ayla please see bellow the things we are doing to avoid it.

Firstly regarding the planning alterations for the outside Area i have spoke to the Joshua Simon Associates few times but because of their heavy load they have been delaying alot & now i have sent all the details to 2 different planing companies There is a private person called [REDACTED] & other one is called [REDACTED] they assued they will start working on this with me from Wednesday. I assure you i will make sure i will stay on top of this & will make sure will do everything as you say.

Regarding Nuisance as soon as i recieved a call from you first thing we did is on Thursday we completely dropped the base from all our speakers so there was no base at all started from Thursday to Sunday we had one security petrolling in that area we have got nearly 13 Vidoes recording of checking the sound if they can hear anything at all & also we have got Digital sound level meter checking the sound & they are been noted on sound check sheet so we can show you this anytime you like.

Now another thing we have got people coming from the void company tomorrow (Tuesday 21st) to check if all our limiters are in place also now we are getting this sorted in a proper way as we have contacted these companies below they are coming to do the proper acoustics for us so we can secure every building corner properly.

<https://www.acoustics.agency>  
[https://www.noiseassessments-ap.co.uk/?gclid=EAIaIQobChMI9ZmG--Pr9AIVmd\\_tCh2DpgYhEAAAYAyAAEgLg8\\_D\\_BwE](https://www.noiseassessments-ap.co.uk/?gclid=EAIaIQobChMI9ZmG--Pr9AIVmd_tCh2DpgYhEAAAYAyAAEgLg8_D_BwE)

They will give us a date tomorrow when can they come in this week they will do the whole site survery & whatever is needed to be done they wil do it even if we have to close & get this done this will be our priority i assure.

But until this is done i assure we will have the security checking everyday taking videos & our bass will be completely down we wont give any issue to anyone at all.

Hope this above is all ok. Really sorry for the issues.  
I assure will sort this on priority.

Many Thanks

TNA / ■■■ / LAM and reveller noises

22:40 CB and Message

22:44 CB no answer

22:45 CB from ■■■ - visit arranged

23:05 Nuisance level of noise from LAM and revellers assessed for <5mins in garden. ■■■ states prevents him and family sleeping, continues until 2am, and occurs seven days a week except Weds.

23:10 call to Atul not answered and no VMS

SIA Doorman says Atul on premises. Other doorman volunteers that noise results from different DJ's competing with each other. Douglas Nunes and doorman accompany me to rear were same noise is evident. DN produces his phone and asks what (dB) number they should aim for. Remind him of his duty to prevent public nuisance and ensure NAN is obliged...and did him and Atul a favour this evening by not insisting on getting sufficient duration of evidence to pursue prosecution; and that further evidence will see such proceedings and application to review licence. DN states Atul has arranged some acoustic works, which should have commenced on 09 Jan and plan is to change more to a lounge than a nightclub (after I recommended nightclub levels of entertainment require nightclub levels of sound insulation). Text to Atul for Sunday evening visit.

Dear [REDACTED]

I had a meeting today with the local neighbourhood manager and representatives from the licensing authority and community safety team – copied into this reply.

Your recent noise app reports are acknowledged. The recordings made between midnight and 4am are especially powerful in evidencing nuisance from music and revellers.

To answer your specific questions:

The business is under a general duty of care not to cause nuisance to neighbours and is under a legal duty to prevent public nuisance – these are valid before and after 11pm. If noise occurring before 11pm shows breach of either those we can prosecute or apply to review the premises licence. From an evidential perspective, noise >11pm is, as stated, especially powerful.

The business owner has stated that the lounge is a move away from operating as a nightclub-type venue. Given the semi-enclosed nature of the rear garden area we do remain concerned about the intensity of noise from music and revellers. I understand the business has now volunteered to close at 01:30am.

My colleagues are in contact with the business owner to ensure he understands the gravity of the situation and our capacity to prosecute or apply for a review of the premises should evidence supporting such intervention continue.

Please continue to use the Brent Noise App or use our call-out service:

Dear Martin

Hope all is well and thank you for the feedback received on 19<sup>th</sup> January via the Noise App.

The intensity of the noise that is created before 11pm is the same after 11pm, sometimes louder as you noticed when you visited our house. Would like to know the legality of the noise level before 11pm? Their back doors seem to be kept open hence the intensity of the noise level which is loud, plus their revellers that make noise outside their premises at the back. As you have mentioned in your feedback, the premises will soon be reverting from a Club to a Lounge. What difference will that make to the noise levels?

We have never had this kind of issue with previous owners, and they kept their back doors closed and noise levels low. We will continue reporting the noise level via the App, and hopefully, the owners will then understand the gravity of the situation.

Regards

Dear Atul

Further to our site meeting at The Aura on Sunday 16 January, I am concerned you have not fully grasped the gravity of this situation or your legal duty under the Licensing Act 2003 to prevent public nuisance.

Attached are a series of noise recordings. It is recommended these are reviewed through noise cancelling headphones. The filename shows the date and time of the recording as follow: year-month-day\_time.

The recordings convey unreasonable levels of noise from music and revellers.

**You must ensure this level of disturbance ceases with immediate effect. No further warning will be given.**

I have copied in the neighbourhood manager and representatives from the licensing authority and community safety team.

Ongoing evidence of public nuisance will result in formal application to review or revoke your premises licence.

**Subject:** RE: Loud music from licensed premises

Dear [REDACTED]

Thank you for your email. I was intending to contact you during the coming week to ask why you had ceased submitting noise app reports. I am aware that the business owner has approached several neighbours.

Yes, the business has been in contact with Brent Council. An online meeting was held last week with the business owner and his agent. The council and Brent Licensing Police raised concerns around noise, parking, waste collection and related issues. We heard what efforts the business is making to reduce adverse impact on neighbours; which includes a plan to change the premises into a lounge as opposed to a nightclub-type venue. We are pressing for more details on this. A period of six weeks was given within which to resolve the issues or face further enforcement action.

We remain concerned about the intensity of noise from music and revellers, given the semi-enclosed nature of the rear garden area. I inspected the area to the rear of the premises at half past midnight on Saturday. It is evident that they are monitoring noise levels and endeavouring to manage customer parking in Sudbury Gardens. However, in my opinion,

the efforts to manage noise are falling short. This was conveyed to the business during my visit.

I agree that it is not practical for you to keep contacting the business when they are already aware of the intensity of their noise levels. On that basis, I would encourage you to continue using the Brent Noise App. You are also able to use our call out service, as previously advised.

I have copied in the local Neighbourhood Manager and my colleague from the Community Safety Team who is co-ordinating our efforts to ensure the business operates without failing in its duty to prevent public nuisance.

More anon and kind regards

Dear Martin

Thank you for your email and sorry for the delay in replying back to you.

The Managers of the Aura Lounge have been round to speak to us with regards to the noise levels and we have expressed our concerns of the intensity of the noise, to which they have said they will be looking into how to improve and reduce the noise level. They have asked us to bear with them till they are able to get things sorted. We would like to know whether they are in contact with you regards to what they will be doing and any updates so far.

Hence them visiting us we have not done any recordings on the noise app as giving them time to sort the issue out, though the noise levels are still as per our previous recordings. We have been phoning the Manager to let them know when the noise level is loud, and they have been reducing the noise down, though we do have to keep reminding them. It is not practical for us to do this bearing in mind they are aware the intensity of the noise levels.

Please can you update us on what the Aura Lounge will be doing.

Regards

Call from Atul:

- reduced volume of music
- restricting customer numbers
- offering a/c and triple glazing to affected neighbour (rather this than lose the business)
- is transition to a lounge (and will likely lose some customers)

Advised him:

- no dBA limit for nuisance level
- noise still evident at rear because structure does not contain music and customer
- we are happy with operation if no valid complaints
- will prosecute NAN and review if needed to prevent statutory or public nuisance

-  **Martin Wood**  further to my visit on Friday we visited the premises and have since had a meeting and discussion with the business owner. We are advised the premises will soon revert from a club-like premises to a lounge. We have explained that music noise and noise from revellers - especially >11pm - must not cause nuisance to neighbours. We have reminded the same and his manager of their duty to prevent nuisance but, I must say, I am not quite sure they appreciate the gravity of the situation. Please report any further noise through the app. Recordings >11pm would be evidentially more helpful. You are also able to report on Friday - Sunday evening between 6pm - 2am via 02089371234. 19 Jan 2022 4:11pm

Our Ref: 24927

Dear [REDACTED]

**Licensing Representation to the application for a review of a Premises Licence under the Licensing Act 2003 for premises at THE AURA Restaurant & Lounge, 763-765 Harrow Road, Sudbury, HA0 2LW.**

I have considered the application and I wish to make a representation in support of the review application.

**I am an officer of the Licensing Authority, in whose area the premises are situated, who is authorised for the purposes of exercising its statutory function as a 'Responsible Authority' under the Licensing Act 2003.**

The Licensing Authority representations are primarily concerned with the four licensing objectives;

- the prevention of crime and disorder;
- public safety;
- the prevention of public nuisance; and
- the protection of children from harm.

The application for a review by the Brent Council Noise Control Team states that the premises has and continues to undermine the licensing objective relating to the prevention of public nuisance. I have researched the Brent Council licensing record for The Aura and note a number of noise related complaints from local residents and information from Brent Police relating to an incident of crime and disorder at the premises. Further details are attached as a supplement to this representation.

I respectfully ask that the Licensing Sub-Committee considers that action under its statutory powers is needed to address the problems connected with this premise. Those powers are listed at para 11.19 of the Home Office Guidance issued under section 182 of the Licence Act 2003 and I feel the following step taken from the guidance would be appropriate;

- To modify the conditions of the premises licence (which includes adding new conditions or any alteration or omission of an existing condition), for example, by reducing the hours of opening or by requiring door supervisors at particular times;

The review application seeks to have the Premises Licence modified to reflect the following;

The opening hours of the premises (Day: Start Time : End Time) shall be as follows:

Monday 11:00hrs - 00:00hrs

Tuesday 11:00hrs - 00:00hrs

Wednesday 11:00hrs - 00:00hrs

Thursday 11:00hrs - 00:00hrs

Friday 11:00hrs - 01:00hrs

Saturday 11:00hrs - 01:00hrs

Sunday 11:00hrs - 00:00hrs

With all licensable activities (regulated entertainment, late night refreshment, and sale and supply of alcohol) terminating 30 minutes earlier. All seasonal variations shall be removed.

We also ask Licensing Committee to remove Condition 11: The outside drinking areas shall cease at 23.30hours and endorse the Premises Licence with the following noise-controlling conditions:

1. Regulated entertainment in the form of live or recorded music shall not be permitted within the partially enclosed Garden Area.
2. The terminal hour for public use of the Garden Area shall be midnight Friday and Saturday and 23:00hrs Sunday to Thursday.

I believe that the above modifications would be an appropriate and proportionate response to address the issues that instigated the review proceedings and help with the promotion of the licensing objectives.

Yours faithfully

  
Licensing Officer  
Regulatory Services

Premises Location: The Aura is situated at 763-765 Harrow Road, Wembley, HA0 2LW in an area of business and residential properties on Sudbury ward.

**Background:**

Since the easing of lockdown restriction the premises has attracted a lot of complaints from local residents relating to noise nuisance and parking related issues. This has prompted an application for a review of the premises licence by the Brent Council Noise Control Team which is currently in public consultation until 08/06/2022. There is also an application to vary the premises licence which is also in public consultation.

The following information is submitted in support of the review application.

Dear [REDACTED]

RE: [REDACTED]

I am a police officer on emergency response team at Wembley Police Station, I wonder if you might be able to raise a concern to the local authority about the lack of CCTV coverage on Harrow Road, Sudbury namely near 'The Aura'.

This Venue has been generating numerous emergency calls with anti-social behaviour and criminality. Tonight we dealt with 4 males armed with large machetes, a car failed to stop for police having crashed into multiple cars. It would have been very useful if you could have seen the large crowds at around 0300 this morning, the debris over the road and the high number of cars damaged as a result of this one incident. I am sure the local residents are negatively impacted by this.

This venue generates dozens of calls to police all undoubtedly linked to the Aura lounge.

Would the local authority consider installing a camera that will help police deal with and reduce the demand for the venue and surrounding area? Is this something that as the local councillor you would be able to ask for?

To whom it may concern,

I have been passed your email address from [REDACTED] regarding the problems residents are having with people using the Aura Lounge.

Firstly, people park on the double yellow lines directly under our bedroom windows then come back and start doing gas (nos) and drinking. I've reported this on numerous occasions to the police with registration and descriptions but nothing. Fights are common, there was a bad one around two weeks ago that went on for ages and then the rubbish these people leave behind when they leave and using the alley where our entrance is as a toilet is fairly common too.

Obviously it's worse Friday and Saturday but it does get trade all week.

It's the same type of people usually 20 to 30 years old mostly male, all ethnicities but more so black/mixed race.

I don't have a problem with people enjoying themselves but the blatant disregard of others is disgusting.

The club doesn't seem to proactively offer any solution to this problem and I think the hours they are open is encouraging people who have already been out to finish their night as late as possible and the problems we experience can go on to 4 or 5 in the morning.

Dear [REDACTED]

Hope all is well and keeping safe,

I would like to bring to your attention the loud music that is often blaring out from The Aura Lounge, 763-765 Harrow Road. The music is heard even with our bedroom windows closed and often goes on beyond 2am in the morning. I have tried calling them at that hour in the morning to complain but their phone lines go to voicemail. On Monday 29th November at around 2.15am I ended up calling the police who were unable to assist, who also did hear the music whilst I was on the phone to them and they did give a reference number to say we had made a complaint. Also phoned the out of hours Brent Council Noise/Nuisance line but as I had called after 2am the lady advised they had no one to assist but to report the incident online.

Can you please help and advise what can be done.

Regards

Dear Esther,

I am aware of three crime reports that were recorded in the early hours on 3<sup>rd</sup> October concerning the same incident outside the venue.

It appears a male who was in the club was refused re-entry and an assault was alleged by this male against security staff.

Police attended the location and the male was then detained for a search which also included his vehicle.

The male was found to be in possession of class B drugs and potential Class A drugs pending drug examination of the substance.

Kind regards  
Len

Dear [REDACTED]  
Hope you are keeping well.

You may have heard the nuisance that is being caused by the guests of the Night Club. On Saturday 02 December a car was parked opposite the bay on the even [REDACTED] and the owner must have gone to the Club for at least two hours there was mayhem in the street shouting, screaming knocking on the doors. The street was completely blocked for traffic for nearly two hours. I called out of hours and reported it and the enforcement came but could not take any action because it may seem legal because it was only a single line.

Police turned up after an hour about 11:00pm and taking some witness statement. I don't know what happened.

This is not the first time [REDACTED]. Could you please talk to other councillors and implement double line drawings from [REDACTED] please.

Residents are really fed up with this Night Club. You need to think long and hard about the nuisance, noise, pollution and anti social behaviours caused by this outfit.

Please copy other Councillors as well.

Thank you

Variation Ref - [REDACTED]

Dear [REDACTED]

Further to the representations that I have made in relation to the review and variation applications that are due to be determined at hearings on the 5<sup>th</sup> July I submit the following.

There is currently a planning application relating to the Aura, 763-765 Harrow Rd, HA0 2LW Ref 22/1957. This application is for “Outdoor canopy and seating area only”.

Whilst Planning and Licensing are separate regimes there are times when information can come to light that can and should be used to help determine a licensing or planning application. The information obtained indicates that the Premises Licence Holder is trying to utilise all available areas within his premises footprint to as late an hour as possible which has and will continue to undermine the licensing objectives if not robustly dealt with through the two applications being heard on the 5<sup>th</sup> July and especially the review application.

I submit the attached emails with photographs that shows the premises has no dedicated storage areas for their rubbish resulting in this being piled on the street which undermines the licensing objective relating to public nuisance.

The Revised Guidance issued under section 182 of the Licensing Act 2003 at para 2.15 states;

*“The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and*

*responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter”*

Dear [REDACTED]

I suspect the collections may have been disrupted due to the storm on Friday so hopefully the waste will be cleared soon.

The business is keeping all the waste on their deck as I understand that there is no dedicated bin store area within the site. Unless they reconfigure the front deck area in some way to accommodate a dedicated bin store, their waste will presented/stored using bags.

The review date for the Notice is at the end of February along with the wider review of whether this site is really suitable for such a large entertainment operation with all the attendant parking and waste storage issues.

We check the site regularly and are working towards the best outcome we can.

**31<sup>st</sup> December 2021 – a report was made that a victim had been spiked**

**16<sup>th</sup> Jan 2022 the robbery offence happened**

**PC [REDACTED] called back where he explained that CCTV must be viewed by police the club said a fight occurred but they have sorted it and they don't need police to get involved.**

**18<sup>th</sup> Jan 2022 – Pc [REDACTED] attended the club where the head door man ([REDACTED]) stated it was the manager who is in control of CCTV, after speaking to the manager he stated that the head door man is the person who can download the CCTV.**

**After stating that police will get a warrant to get the CCTV the manager stated that he can view and download the CCTV, the manager provided police with a small clip of CCTV which police viewed, times and dates. The ID machine was also viewed which was broken and had been broken for 1 month (which was confirmed by PC [REDACTED]).**

**PC [REDACTED] also saw groups of people enter the club and were not searched**

**19<sup>th</sup> Jan 2022 PC [REDACTED] was sent four clips of CCTV which after close inspection seemed to be edited to the version that the club only wanted to show and was not the times or dates required. **PC [REDACTED] contacted the victim of the Robbery and asked if he was happy to attend court which he was very eager to take the investigation all the way and help as much as possible, PC [REDACTED] then called the head door man and explained that this case may go to court and therefore the police will need the CCTV between specific times with no gaps.**

**20<sup>th</sup> Jan 2022 - after re-watching the CCTV clips that PC [REDACTED] was provided, it looks like one of the door man, is seen in the CCTV to pick up what is believed to be the chain, play with it and hold it in his hand for quite some time before he walks off camera.**

**21<sup>st</sup>– 24<sup>th</sup> Jan 2022 PC [REDACTED] contacted the licensing team and continued with further investigations.**

**25<sup>th</sup> Jan 2022 – Aura venue have told police that the CCTV was ready for collection for Administering GHB substance – 2000018/22**

05<sup>th</sup> Feb 2022 – police spoke with Aura and were told that the CCTV was not downloaded and they would not be able to pick it up as it comes from a different site. (Administering GHB substance – 2000018/22)

7<sup>th</sup> Feb 2022 – PC [REDACTED] contacted the manager who explained that all the CCTV had been given to police, however when PC [REDACTED] asked who it was given to he could not say, he then stated that CCTV for the robbery wasn't provided as the victim told him the case had been dropped, PC [REDACTED] explained that the police still require the CCTV which the manager has stated that he will need to now call an engineer to have a look.

9<sup>th</sup> Feb PC [REDACTED] messaged the manager and asked to confirm he will be over Thursday 10<sup>th</sup>, the manager has replied stating that he has a high fever which is not covid but he won't be better until saturday or Monday when the 28 days are over, he has stated he cannot realise the password to the CCTV to anyone else at the club as it needs to be safe.

**Police Licensing comments regarding the Brent Council Review of 'The Aura, 763-765 Harrow Road, Wembley. HA0 2LW.'**

I acknowledge receipt of an application for the review of the above said property under section 51 of the club premises certificate and section 87 of the Licensing Act 2003, submitted by Mr Martin Wood from Brent Council

**Basis of the Review**

The main complaints regarding this venue are those of noise nuisance created by regulated entertainment which is fully detailed in the review submitted by Mr Wood. In addition to the noise nuisance complaints the council have concerns over waste management, food safety and Parking.

The current opening hours of the venue are as follows:

Monday to Thursday from 11.00 hours to 02.30 hours  
Friday and Saturday from 11.00 hours to 03.30 hours  
Sunday from 11.00 hours to 02.30 hours.

The regulated entertainment and sale of alcohol cease half an hour before the closing time respectively.

Mr Woods is proposing that new times should be:

Monday to Thursday from 11.00 hours to 00.00 hours  
Friday and Saturday from 11.00 hours to 01.00 hours  
Sunday from 11.00 to 00.00 hours.

Having read through this review and looked at the crime figures, complaints and numerous calls to this venue over just the last year alone, police fully support this review and the reduction of hours suggested by Mr Wood.

**Police Crime figures and Calls to the venue**

Below is a very brief outline of the calls police have had to this venue from the last year (24/05/2021 to 24/05/2022). The police reference numbers have had to be redacted.

CAD – Call to police  
 CRIS – Crime report

QK/492	CAD	08-May-22	Call from Doorman at club stating he is refusing entry to a lady who is smoking cannabis	01.03hrs

QK/582	CAD	29-Nov-21	Complaint of loud music coming from location - police operator could hear music in the back ground	02.30hrs
19XXXX7/21	CRIS	11-Nov-21	Male was evicted from club and then proceeded to get arrested for common assault and being drunk and disorderly	01.58hrs
QK/8569	CAD	27-Oct-21	Male has entered the club and when asked for ID he has refused and become aggressive	23.34hrs
19XXXX3/21	CRIS	09-Oct-21	Assault on security guard from club, female suspect arrested by passing police officers	23.40hrs
19XXXX8/21	CRIS	12-Jul-21	Allegation of kidnapping from the Aura Club	00.01hrs
QK/6593	CAD	06-Jul-21	Report that COVID rules were been broken by the club	20.00hrs
QK/977	CAD	01-Jun-21	A report of over 30 people not social distancing during COVID	23.30hrs

As you see from the above data a majority of the crimes and calls to police are after midnight. This is more than likely going to be fuelled by drunk behaviour where customers are using the Aura Lounge as an alternative venue to attend once the public houses have ceased trading. A shortening of the opening hours of the club would reduce a majority of the crimes that this venue is experiencing.

#### Licensing Issues

There is an attached exhibit to this letter, which is an e-mail from PC Dan Bailey – Exhibit PSG/1. To summarise this e-mail from PC Bailey he was investigating to separate matters, one of drink spiking and another of robbery. Both of these investigations required CCTV from the Aura. Numerous attempts had been made by PC Bailey where the club have firstly denied any incident took place. Then after repeated attempts to obtain the CCTV it was sent ‘edited’.

The club have then decided that the police did not require the CCTV as the victim no longer wished to substantiate the allegation. PC Bailey had to explain that it was not their decision to make. The footage then showed one of the SIA picking up the stolen item and walking off camera with the property. To the best of my knowledge this item of property was not handed to the police or victim.

PC Bailey detailed how he had to threaten to get a warrant from court in order to obtain the CCTV.

From a licensing perspective I have grave concerns over the difficulties that police had on two separate occasions with obtaining CCTV. This is a basis requirement and I would expect the DPS to provide this CCTV without question within a speedy time frame. It is even more worrying to hear that a member of the security team had picked up this item which has not been seen since.

#### Summary

There appears to be a persistent problem with the management of the club providing police with CCTV from The Aura. This is a breach of the Aura’s premises license which undermines the polices’ ability to effectively prevent crime and disorder.

The above crime and incident figures are very high. These figures only show the last year of reported crime and I fear there is great deal more of un-reported crime linked to the venue.

In addition to the crime and disorder matters which is the main concern of the police, there are the issues of noise nuisance, waste enforcement, food safety and parking. A combination of all these issues shows a clear lack of control from the management of the club and police fully support the recommendations made by Mr Woods within this review.

Yours Sincerely,

**PC Phil Graves 3122NW**  
**NW BCU - Brent Licensing**

 What would you like to tell us about?  
 Hi, I want to report The Aura lounge on Harrow Road for breaking Covid-19 business rules. The venue have been serving shisha for many weeks now when this is not allowed. They don't care about the rules and as while other venues have all stopped serving, they continue to break the rules. You can see from their Instagram page that they continue to advertise and post pictures of people smoking in the lounge. Just as a side note, they do have security on the doors which they may try use as a method to stall entry when you arrive at the premises but please don't be fooled and let them delay your entry. Also it is best to visit on a friday/saturday night at about 8-10pm as this is when the lounge is most packed and busy so you will be able to see the full scale of them serving shisha and breaking social distancing rules in the packed and venue. I hope you can address this problem with The Aura Lounge and fine them which is what they deserve. They full well know the rules and completely decide to continue breaking the rules so should be prosecuted as hard as possible. Thank you.  
 Did you do any of the following before you used the website today?

Officer Name: PC 2261NW WHITAKER

Offence Summary and Officer's Initial Actions:

Police were on patrol and come across huddle of people in the street pushing and shoving between them and seemed to be crowded around a vehicle.

Police initially tried to split any groups up that seemed to be in heated arguments and get them away from the area.

It appears that all parties have been in Aura Shisha lounge, one group of males and the others were a mixture of males and females. Someone from the opposing group has shouted towards [REDACTED] and his friends 'FUCK SUDBURY' which has offended him. This has turned into a heated argument. Between the two feuding groups someone has hit [REDACTED] in the face causing a minor cut to the lip.

The opposing friend group (LINKED CRIS 19[REDACTED]/22) have stated that they were approached by [REDACTED] and his friend group, they have started to argue and assault them including the females and they defended them.

[REDACTED] was drunk, he was verbally abusive in general and was pushed away more than once to prevent any further incidents. He was making attempts to walk over towards the other group but was stopped and was making comments which agitated the other group. Police stayed to prevent a BOP. [REDACTED] was asked to leave for over 20 minutes but just continued to

walk the area, once all of the other group left officers left the area. [REDACTED] was with 4 other friends from his group.

Officers attending

Officer Name: PC 2261NW WHITAKER

Offence Summary and Officer's Initial Actions:

Police were on patrol and come across huddle of people in the street pushing and shoving between them and seemed to be crowded around a vehicle.

Police initially tried to split any groups up that seemed to be in heated arguments and get them away from the area.

It appears that all parties have been in Aura Shisha lounge, one group of males and the others were a mixture of males and females. Once having left someone in one of the group has shouted towards the others 'FUCK SUDBURY' which has turned into a heated argument. Between the group someone has hit [REDACTED] in the face causing reddening to the eye.

The friend group with [REDACTED] have stated that they were approached by the opposing group, they have started to argue and assault them including the females and they defended them

[REDACTED] was drunk, he did not seek medical attention and was taken away by his family and friends to prevent any further incidents.

[REDACTED] is no trace to PNC and IIP.

Due to the number of people being involved being between 15-20 we are unable to initially establish who the suspect is, [REDACTED] has not given a statement and no further investigation at this stage.

There is a linked CRIS to follow.

Suspect – Unknown

On 01/01/2022 at Approximately 05:22 officers posted as CN42N responded to a call on the radio stating that a female had come home very confused and believed she had been spiked. The call was made by the informant's mother who stated that her daughter had come home very confused and dazed. Shortly after arriving home VIW2 has gone to check on VIW1 and has found her fully naked lying face down. At this point the mother also realised VIW1 had injuries on her face. Upon arriving on scene officers assessed these injuries which were minor cuts to the nose. Officers spoke to VIW1 who was still very intoxicated/ under the influence of something. VIW1 stated that she had gone to AYLA LOUNGE, WEMBLEY, HA0 2LW with 2 friends, VIW3 and 4. She arrived at approximately 10pm and while there only had a couple of drinks. VIW1 then states her memory is completely blank between then and the next thing she remembers is getting home and waking up in the bathroom. VIW1 did not seem to know she had injuries to her face and has no recollection of how these happened. Officers on scene opted to take a urine sample to be sent and tested due to the allegations of spiking however were unable to do so due to the victim still being confused and dazed. This sample is to be taken by an early turn unit.

\*\*\*\*

I have come across this report which relates to an allegation of spiking, initially reported by the VIW mother, relating to the victims attendance at Aura Lounge the previous evening.

I note that a CN unit attended early this morning but the victim was not in any fit state to provide a urine sample. As a

result arrangements were made for a unit to re-attend at midday; however, having checked the CAD 3222 it has been closed.

I have therefore liaised with both CN400 and NW400 and requested that a NW unit attend the VIW address which is just over the border and complete the following actions:

1. Complete urine sample.
2. Confirm description of clothing worn.
3. Obtain victim MG11.

**OIC UPDATE**

=====

I have taken over this investigation and note the initial entries made by the IIO. The circumstances of the incident at this stage are rather straight forward so I do not intent to repeat them.

We are looking to identify whether or not the victim has had her drink/food tampered with whilst she has been on a night out on 31/12/2021/01/01/2022 thus explaining her loss of consciousness or memory. To do this, I have completed a lab form and e-mailed BFM Simon Black with the circumstances. The purpose of this lab form is to submit the victim's urine sample to the lab for toxicology.

I note the remaining actions however, due to the time of night I am unable to complete these but will look to do so upon my return on 03/01/2022.

CCTV UPDATE  
=====

I have attended the lounge to collect the CCTV today however, the manager claimed it was at a separate site. He has offered to drop it off at Wembley Police Station. Given the fact that I am on A/L I have asked if this could be done as it would expedite matters. I have given the manager the CRIS reference to quote when he gets to the front office.

The other outstanding matter in this case is the urine sample testing. This is with the lab and has been since 12/01/2022.

Spoke to victim. Advised we are still awaiting toxicology and CCTV. I have asked about the details of the friends she was with that day but she has refused to

provide them at this stage.

TOXICOLOGY

Urine results have returned. The only substance found in her urine was a cannabis component. The comments from Dean Ames, Forensic Consultant, read:

"The result shows a cannabis component has been detected and no other drug. As the urine sample was taken within 12 hours of the incident, the expectation is that any drug administered would have been detected."

I have tried calling the victim to confirm with her whether she had consumed any cannabis on the day but no reply. I've left a voicemail and await a response.

CCTV

I have spoken to the manager and he confirmed he has dropped off the CCTV in a white envelope with AURA written on it. There's no mention of that on the report and so I will make enquiries to locate the USB.

OIC UPDATE

I have sent a text message to the victim and advised of the toxicology update. I have noted that she has not returned my calls and have asked her to contact me as soon as she can. I advised that the interim time, the CRIS will be closed but advised it can always be re-opened in light of her reply.

To surmise, this case dealt with an allegation of drink spiking made by [REDACTED]. In her statement, [REDACTED] claims that she was out with friends on New Years Eve and attended the AURA LOUNGE between 22:30hours and 0400hours. During this time, she has some mainly mock tails and 2 tequila shots. Between 0200hours and 0400hours, [REDACTED] had no recollection of her night and was brought home by way of UBER with assistance from her

10/02/2022 19:11

PC 251360 T DAWOOD

friend.

She was dropped off by her friend, [REDACTED] who told her she had no injuries after getting out of the UBER. [REDACTED] does not remember how she got into her flat but remembers waking up at 11am half-naked on her bed. She had grazing on her forehead and cuts on her nose and lips. Her mum has called police.

[REDACTED] chief concern when I've spoken to her is to find out whether she had been spiked. Her injuries on her face appeared consistent with falling and she has not made any allegation of sexual assault. Having her toxicology return, there is only presence of a cannabis component and nothing such as GHB or other incapacitating agents. I've tried to make contact with [REDACTED] understand the origin of the cannabis but have had no reply.

[REDACTED] did not want to provide the full details of her friends who have supported her throughout the night until her toxicology had returned so I have been unable to speak with them.

I have CCTV from AURA LOUNGE however, I do not feel it proportionate to review 6 and a half hours of footage at this stage. Certainly, if [REDACTED] was to re-engage with police and advise that she wishes to progress the investigation then this can be reviewed ASAP. At this stage, there is no signs of incapacitating drugs in her system and she has not alleged/believed that anything more sinister (sexual assault) has taken place.

The risk to [REDACTED] here moving forward is minimal as despite the allegation of poisoning, no concerning drugs were noted in her urine and she has not engaged with police to confirm the cannabis.

I will be closing this crime report under outcome code 16.

OIC closing report noted. Toxicology shows only some cannabis present - no stupefying drugs associated with "date rape" or any other substance found.

No allegation of sexual assault. No other offences alleged or apparent.

THRIVE+ completed by OIC - There does not appear to have been an offence at this time, however I am concerned that the victim has suffered a health issues for an unexplained reason - this is a medical issue and victim is aware.

No suspect identified. As no drug used and no offences apparent it is not proportionate to view the 6+ hours of CCTV.

All RLEs pursued.

As the toxicology shows that there was no administering then I am submitting this for "no crime".

2. Detailed account from primary VIW(s)

---

Officers were called to the above mention address by staff who states that customers were refusing to leave and being rowdy.

Upon police arrival there was a large group of people on the outside of the club. The club has just close and patrons were refusing to leave. They were all drunk.

Officers spoke to the Manager and security who pointed to a female (suspect). They stated that the suspect has been aggressive and refusing to leave. The Manager states that the bar was closed and the suspect wanted to order another drink. The suspect was told that the bar was closed. However she got upset and smashed the security ID scanner machine causing damage and scattered papers that were on a table to the floor.

The suspect was drunk and continued to shout she stated that she had paid for a drink and didn't got it. The suspect was with a group of friends who had come to the club to celebrate birthday. The manager states that everything went will until it was time to closed . The group and the suspect agreed to pay for the machine. The manager and the suspect came to an agreement to settle the cost. Both agreed and exchange details and will contact each other the next day to arrange payment.

The manager didn't want to press charges and agreed this was the best solution he states that they

CRIS Closure Report – ADULT

I am trained in the use of Community Resolution. I have investigated this matter, which I consider to be a low level offence of criminal damage and capable of proof.

The suspect is identified by use of drivers licence and she fully admits having committed the offence.

A check of

police indices shows no previous offending history]

The victim and suspect, both being over the age of 17 years old and not considered vulnerable, have had the Community Resolution process explained to them; both fully understand and are willing to participate in it.

I believe that Community Resolution is the most appropriate means of disposal in this case because victim agreed he doesn't want to prosecute but rather accept payment

Please tell us what happened, and the events leading up to it, to help us identify if an offence has been committed.

A friend of ours birthday was held place in this lounge. Myself and 2 other friends were invited to this place. We come into this place looking very smart and obviously tried entering this lounge. The bouncers refused to let us in. The first said we have to come in with girls. So we was about to get in with the girls but they refused entry to us again. Our friend had a booking with us

part of the numbers. It took a very long time to try get hold of ours friends but we were still hanging around. During these times, the bouncers were letting other random males in. Who one didn't have bookings or with a girl. A friendly bouncer has approached us and mentioned that we should call the friend of ours whos birthday it was to come out and verify us to get inside. As so, I called my friend to come out to verify us. At this time we was standing opposite the bouncers behind the gate. All of a sudden my friend beside me got punched by the bouncer. He was fully attached by this security for absolute no reason whatsoever. I understand that bouncers have all the rights to do their job by kicking people our and not taking any sort of abuse verbally or physically. However, in this occasion, this report is getting filed because we understand that we didn't give them any reasons for this assault. This led the bouncers to attack myself and 2 other friends. They was man handling us as we were some sort of teddy bears. We only retaliated in a pure self defence reason. We are not supermen or think of us in any way to get into a fight with bouncers. The worse think about this is that we were also not intoxicated. I can't stress enough about this situation due to the fact that were assaulted for no reason. My understanding of the law in bouncers is that they are not allowed to assault public members but like I keep mentioning; they had 0 reasons.

Do you feel race, ethnicity, sex, gender, sexuality, disability or religion were a factor in this crime?

Yes

Please tell us why you feel race, ethnicity, sex,

gender, sexuality, disability or religion were a factor in this crime

Only reason I am saying yes to this question is because we didn't give them a reason to assault us. I don't want to pull out the race card but I don't see no other reason why they would attack us unless for the following - race, ethnicity, sex, gender, sexuality, disability or religion

This report has been created in line with CRIB policy. The Primary Investigation has been completed from either an online report, a live call or a call back to a victim. It is CRIB policy that informants for certain types of volume crime are not routinely called back.

I have/not spoken to the victim/informant for this report. I spoke to the victim on 22.01.2022.

Not believed to be vulnerable/intimidated/repeat victim/no known communication issues

24/06/2022 18:27

**Details of Investigation**

CCTV Enquiries: Google maps does not show any CCTV cameras outside the venue likely to have captured footage of the offence. Venue number [REDACTED]

Other information:

VIW1 states that he and his two friends were trying to get into venue. They were stopped and not allowed in.

One of the bouncers came away from the door and came over to speak to them calmly. He told them that he knew the owner and that they should call their friend to come out and verify the reservation and that they would be let in.

Whilst this was happening and VIW1 was calling his friend, a different bouncer “came out of nowhere” and “swung for” his friend, punching him in the face.

VIW1 states that he and his friend retaliated but only in self-defence and then all the bouncers joined in. One of them punched VIW1 in the left side of his face “as he was leaving” causing bruising to the inside of his mouth.

VIW1 states that one of his friends has a chipped tooth. I have advised him to pass CMS details on to his friends so that they can be added

22/01/2022 13:18

to the report as victims.

--

The delay in reporting is due to the victim contacting a solicitor regarding compensation from the venue and the solicitor advised him to make a police report.

Offence:  
Attempted theft

Venue:  
Outside the Aura Club, Harrow Road, Wembley

Initial actions:

Officers arrived on scene after the victim called police and stated that someone had tried to take his chain off of him from around his neck. When officers arrived on scene the victim made himself known to police and officers took the victim in the rear of their vehicle for a drive around of the immediate area to look for suspects potentially still on scene or in the area.

Victim then told police that this incident occurred twenty minutes prior to him calling police and that he believes the males were long gone from the area, the male was mostly concerned about how the bouncers working on the venue location had refused him entry to the nightclub because they suspected his ID to be out of date.

The male gave his details to police and provided the below account. Police confirmed the victims ID on PNC and informed the door staff of the location who then allowed the victim in for his own safety. Officers asked LA CCTV to have a look at their cameras for potential evidence however this was no trace.

Detailed account from the victim or primary witness(s)

\*\*\*\*Operation Hampshire Team\*\*\*\*

This investigation has been picked up on an overnight search by the Op Hampshire Team due to there being an allegation of assault on a Police Officer or Police Staff.

Under Op Hampshire and the new 'Assault On Emergency Worker' legislation, the OIC has additional obligations in terms of the investigation.

Details for everything mentioned on this CRIS entry can be found on the Op HAMPSHIRE intranet site.

Additionally, to provide the best service to the victim and present the strongest case to the CPS and Court please ensure the following;

- Victim statement with Victim Personal Statement (VPS) for first hearing including overnight to court cases. Follow up VPS prior to trial.
- The victim's BWV identified, viewed, categorised, clipped where necessary and made available to CPS.
- All other BWV identified or requested from other attending Officers/Staff, viewed and correctly categorised.
- Medical evidence to support the charge being sought. The initial evidence doesn't have to be a full medical statement from the Doctor or Consultant but can be triage notes, however it does need to clearly state the confirmed injury.

This not only assists the CPS in making an informed decision in terms of charging for the correct offence but it also assists the Bench in applying the correct sentencing guidelines based on the seriousness of the injury.

- If Mental Health plays a part in the case of the

suspect, make sure the capacity at the time of the assault is ascertained before a disposal decision to NFA is made. We are not medically trained to NFA based on a suspect being sectioned or having MH issues.

- Include the Deputy Commissioner's Impact Statement within the post-charge COPA file. This won't always be available for overnight cases to court but they must be requested.
- Make sure the DPP's Guidance on Charging is adhered to. Know what is suitable for Police charge and what should be referred to CMT/CPS for review to charge.
- Where the suspect is bailed or RUI'd and CMT or CPS have authorised a charge, ensure these post charge/PCR casefiles are passed to CMT for sign off and not signed off by the OIC's supervisor.
- Ensure the Streamlined Disclosure Certificate is completed and fit for purpose.
- VCOP – Please make sure you contact the victim and update them regularly throughout every stage of the investigation. This includes arrest of suspect, suspect bailed to return and BTR alterations, suspect charged & any bail conditions, case closed undetected or suspect NFA, other case disposals – cautions, PND etc, regular monthly updates until disposal.
- Ensure the 'PH' flag (Op Hampshire) is added to this CRIS report.

The Operation Hampshire Team will continue to monitor this investigation but should any advice be required around Op HAMPSHIRE obligations, the investigation or the Assault on Emergency Worker legislation please contact the Op HAMPSHIRE Team via 'Op Hampshire Mailbox – Enquiries'.

CIRCS:

Victims account of the whole incident is not consistent this could be down to shock and or being under the influence of alcohol.

I had gone to a Lounge/Bar in HARROW called THE AURA at around midnight I was supposed to be meeting my cousin and my friend at the club but they never turned up,

The club promoter a guy I know called [REDACTED] said I could chill with him at his table, I cannot remember exactly what time I left the club but it was differently after 0200 hrs

as I was walking up to my car which I had parked next to the club three men came up to me and told me to get into there car or else they would kill me they dragged me into the back of the car and started chocking and punching me and then put a balaclava over my head, they then started to drive and the guy who was seating next to me in the back of the car kept a hold of me and pulled me down chocking me, I tried screaming but they kept punching me and telling me they where going to kill me.

After a drive which didn't feel very long they dragged me out of the car in a field and where asking me questions about money, I told them that I did not have any money and that I need to get it for them I told them I can get them Ten million pounds I hoped by saying this

they would not kill me. All three males kept punching me and one of them said he had a knife which I saw a large machete in his hand another male had a broken bottle which he stabbed me twice with in my shoulder, two of the males seemed like they where telling another guy to kill me but I could tell he was not the murdering type, at the point I saw my chance and ran as fast as I could towards the forest I managed to jump a few fences and made it through a pig farm and when I looked back I could not see the males. I looked for some sort of light which I could see at the end of a field I ran towards this light until I got to a road and some houses which I knocked at and asked for help.

**SCENE:**

There is not currently a crime scene. Due to victims erratic behaviour possibly from injuries/shock it was difficult to get a coherent account. It seems this incident has occurred in NW. He has been taken to Cranford park which is WAW ground. It is unknown where the assault has taken place. Victim could not give an exact time frame for the incident, it has been raining all night and the scene would have been disturbed. The address that victim has called upon for medical assistance was a secondary scene and offered nothing evidential. A dog van was requested for Cranford Park although

12/07/2021 08:22

this was declined.

\*\*\*\*\*

Victim is currently at [REDACTED] Hospital getting his injuries treated. Before he is being discharged the nurses will call back police for officers to attend, take a statement, photographs of his injuries, 172 form and to take him home.

The reporting officer states that the victim's account is inconsistent. The victim is currently being seen at [REDACTED]. Hospital staff are aware to make contact with the Police prior to the victim being discharged, however it would be pertinent to make contact in advance.

Superficial wound to right shoulder. No crime scene opened as it is unclear where the incident took place.

CID Officers to attend today and speak with the victim directly to obtain a clear account of what has occurred and whether he supports prosecution. Medical records/172/photographs/discharge papers should be obtained upon attendance. The victim's account will focus CCTV enquiries which are key to identifying the suspects and vehicle involved.

I was asked to contact [REDACTED] hospital to get a status update on [REDACTED]. I called the A&E Department at 1615hours and was informed that he had been discharged. No time could be provided for the discharge. I requested any contact details for [REDACTED] that may have been revealed during his treatment and was asked to call back in 30 minutes.

Called A&E back at 1700hours and was refused any additional details over the phone so sent an email to [REDACTED] requesting any contact information provided by [REDACTED] to be sent to me. Response awaited.

Meanwhile I conducted an eApps search on [REDACTED] and it provided three potential mobile phone numbers:

1. [REDACTED]  
[REDACTED]

Number 1 goes straight to GiffGaff voicemail. (1713hrs, 1813hrs, 1825hrs)

Number 2 "cannot be completed as dialled", indicating it may be no longer in use

Number 3 is engaged (1820hrs).

**\*\*L/T CID UPDATE\*\***

This matter was handed over to me by E/T CID. Despite this incident taking place in the early hours of 12/07/21, CID were only made aware at around 1330 hours.

This is an incident of kidnap, whereby the victim has been approached by three unknown males after leaving a bar in Wembley. He has been approached whilst walking towards his car, the males have forced him into a vehicle and then subjected him to continuous assault, before taking him to a wooded area where he has managed to escape and run to a nearby resident to call police

in Barnes. It is unknown where the victim was driven /taken or what route the suspect vehicle has taken. At some point during the incident, the victim has lost his phone.

The suspects are currently outstanding and there are limited suspect descriptions provided. There is no description provided at all for the suspect vehicle.

A number of actions have been undertaken by L/T CID in order to progress this matter, namely -

- Enquiries conducted at [REDACTED] in order to arrange police attendance to speak to the victim, however the hospital confirmed that the victim had already been discharged. No officers remained with him after admission, and no contact details were obtained. The IIO stated that the hospital were told to call police prior to the victim being discharged, however does not clarify who the hospital would be contacting. TDC O'CONNOR has called the hospital numerous times to try and obtain forwarding contact details, however they have not yet got back to him. It is unknown exactly when he was discharged.

- Substantial intel has been conducted on the victim in order to try and identify viable address / contact telephone numbers (see intel below). TDC O'CONNOR has tried to ring all of the numbers with no luck (see previous update).

- I have asked TDC TEODORIUC to submit a PND check to see if any other addresses can be identified, as the victim mentions an address in [REDACTED] the BWV, although he only provides a postcode, insufficient information to identify a single address.

- CCTV enquiries were conducted at AURA LOUNGE by TDC ZENA. CCTV will be downloaded which shows

**Subject:** The Aura - 763-765 Harrow Rd, London, Wembley HA0 2LW

Good evening,

Hope you are well.

I understand that the council is currently carrying out a licence review/consultation for The Aura Nightclub until tomorrow, 9<sup>th</sup> June. As the newly elected Labour councillor for Sudbury I would also like to make a representation on behalf of the local Sudbury residents who got in touch with me and the previous councillors with their complaints concerning parking on the side streets and the noise caused by the activity taking place at the club during Friday/Saturday evenings. I believe that previously, Cllr Stephens and Cllr Daly have advised the manager of the Aura Lounge to encourage their customers to park at the Vale Farm car park in order to avoid overcrowding the residential streets around the venue and avoid disruption to local residents, but the situation, unfortunately, doesn't seem to have improved. The residents have also complained about the high levels of noise coming from the venue during the night which is causing a lot of inconvenience to them.

I also understand that the police officer from emergency response team at Wembley Police Station has received numerous emergency calls regarding anti-social behaviour and criminality. He previously mentioned that they dealt with 4 males armed with large machetes, a car failed to stop for police having crashed into multiple cars. This venue generates dozens of calls to the police and all are undoubtedly linked to the Aura lounge. I believe that the council has now installed a CCTV camera to monitor the activity taking place at the nightclub which is a very positive and welcomed development.

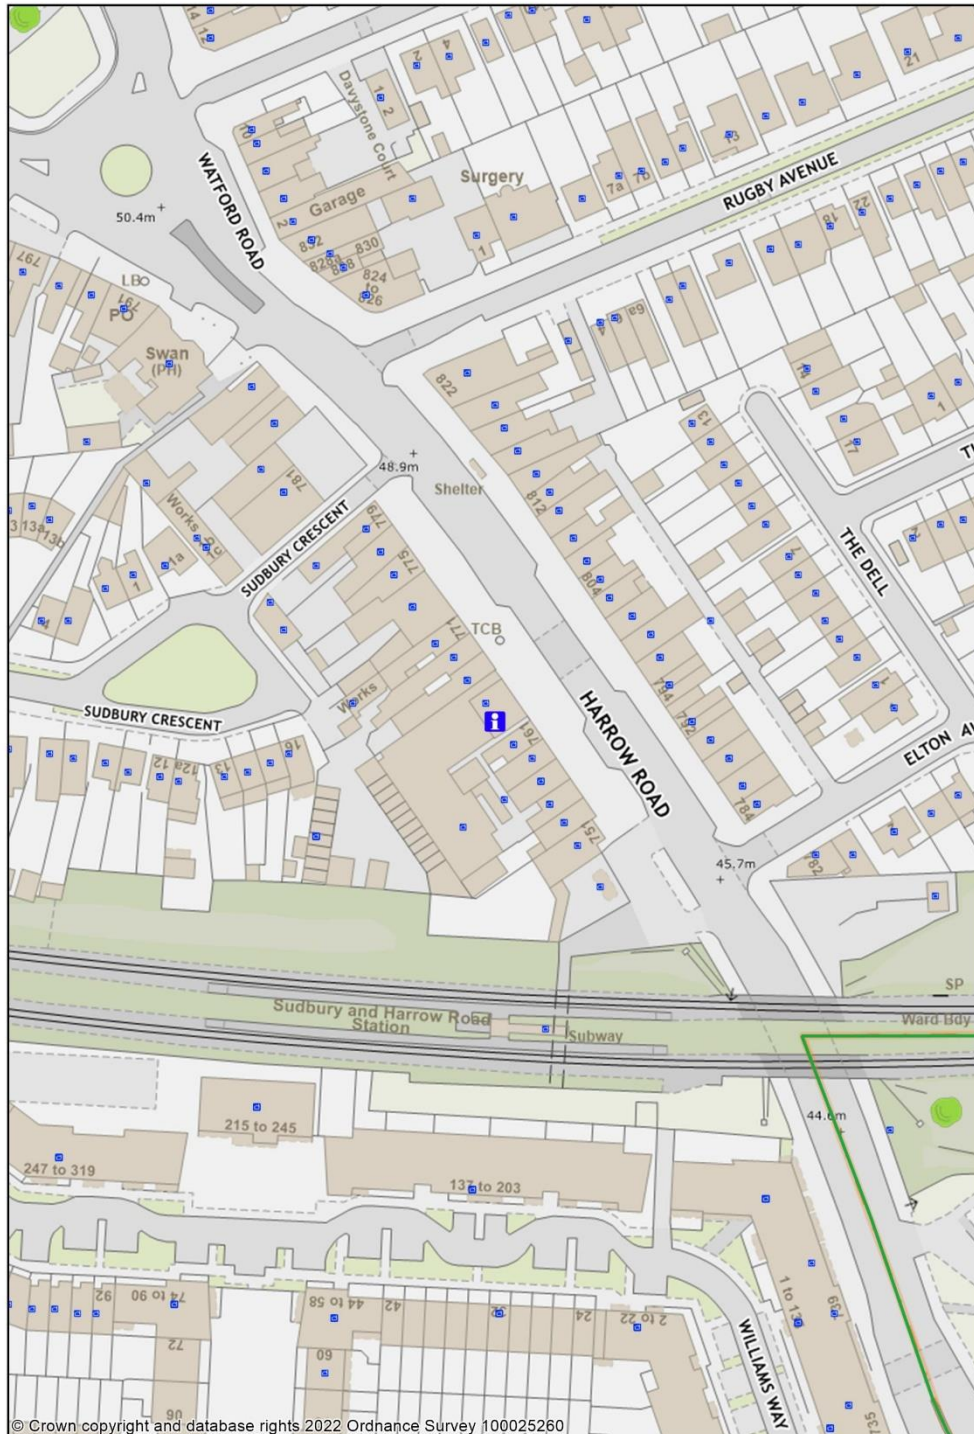

As much as I would like to support local businesses in the area and I don't want their licence to be jeopardised, in light of the many complaints that have been received from residents regarding parking, noise, and anti-social behaviour issues coming from the venue, I believe stronger measures need to be put in place to address the residents' concerns.

Thank you very much for your help with looking into all the issues mentioned above. I look forward to receiving a response from you once the consultation is concluded with the next actions that will be taken to address the concerns raised by residents.

Kind regards,  
Teo Benea  
Cllr for Sudbury ward

**Part 3 - Variation**

Please tick as appropriate

Do you want the proposed variation to have effect as soon as possible?  Yes  No

If not, from what date do you want the variation to take effect?

DD	MM	YYYY

Do you want the proposed variation to have effect in relation to the introduction of the late night levy? (Please see guidance note 1)  Yes  No

**Please describe briefly the nature of the proposed variation** (Please see guidance note 2)

The premise currently operates as a lounge and bar that offers a premium fine dining experience.

This variation is set out in two parts

The updates relate to the rear of the premise that was previously a garden area that has now been enclosed with a steel canopy structure with seating and additional storage areas, staff room as arranged on the scaled plan. There are also other updates to the general layout of the premises. Note that this application to vary seeks to regularise existing licensable activities by demarcating these as coloured lines to cover the relevant areas open to customers, it does not seek to alter the timings of any licensable activity under sections E,F,I,J that are currently authorised under the premise licence (and so no timings have been included in these sections of the application to vary the licence).

The second part of the variation applied for certain conditions under annex 2 of the premises licence to be varied. Details of the variation to the list of conditions are set out in the section below and full explanatory details and reasons are provided at Section P in this application.

Condition 13- The playing of live or recorded music shall not be permitted in any garden or external area.

No other variations are sought.

### Notes for Guidance

**This application cannot be used to vary the licence so as to extend the period for which the licence has effect or to vary substantially the premises to which it relates. If you wish to make that type of change to the premises licence, you should make a new premises licence application under section 17 of the Licensing Act 2003.**

1. You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable for the late night levy

Dear Mr. Simons,

**Licensing Representation to the application to vary a Premises Licence under the Licensing Act 2003 for premises at THE AURA Restaurant & Lounge, 763-765 Harrow Road, Sudbury, HA0 2LW.**

I have considered the application and I wish to make a representation that the likely effect of the grant of the application is detrimental to the Licensing Objectives for the reasons indicated below.

**I am an officer of the Licensing Authority, in whose area the premises are situated, who is authroised for the purposes of exercising its statutory function as a 'Responsible Authority' under the Licensing Act 2003.**

**The application has been made to vary a premises licence under section 34 of the Act.**

The Licensing Authority representations are primarily concerned with the four licensing objectives;

- the prevention of crime and disorder;
- public safety;
- the prevention of public nuisance; and
- the protection of children from harm.

The variation is set out in two parts with the following wording taken from the application.

1. To update the existing ground floor plan dated Feb 2014 attached to premise licence 164845. The updates relate to the rear of the premise that was previously a garden area that has now been enclosed with a steel canopy structure with seating and additional storage areas, staff room as arranged on the scaled plan. There are also other updates to the general layout of the premises. Note that this application to vary seeks to regularise

existing licensable activities by demarcating these as coloured lines to cover the relevant areas open to customers, it does not seek to alter the timings of any licensable activity under sections E,F,I,J that are currently authorised under the premise licence (and so no timings have been included in these sections of the application to vary the licence). A copy of an updated plan (to replace Feb 2014 plan) with reference GA-100 Revision P3 dated 30.04.22 is appended to this application.

2. The second part of the variation applied for certain conditions under annex 2 of the premises licence to be varied. Details of the variation to the list of conditions are set out in the section below and full explanatory details and reasons are provided at Section P in this application.

To remove or revise certain conditions under annex 2 of the premise licence namely:

Condition 11- The outside drinking areas shall cease at 23.30 hours

Condition 12 - After 23.30 hours the rear smoking area will cease to be used and the front smoking area shall be limited to 20 persons and each area shall be suitably supervised.

Condition 13- The playing of live or recorded music shall not be permitted in any garden or external area.

No other variations are sought.

Following my visit on Monday 30/05/2022 at 11.30am with my colleague Esther Chan, the following concerns were discussed.

I am concerned that the proposal to remove conditions 11, 12 and 13 is very likely to undermine the licensing objective relating to the prevention of public nuisance. The external canopy area at the rear of the premises backs onto residential property and the rear and side of this area. It is not fully enclosed and there is no evidence of sufficient sound proofing in place – Photo Exhibit JCM/1 shows the open roof area. The applicant has had no acoustic risk assessment done to support this application. In fact, the applicant seeks to remove conditions that were in place to protect local residents from noise related nuisance. He has offered nothing in return to minimise risk.

I object to this variation application.

Yours faithfully

## **Premises Licence Variation objection Supplementary Information**

Premises Location: The Aura is situated at 763-765 Harrow Road, Wembley, HA0 2LW in an area of business and residential properties on Sudbury ward.

Background:

Since the easing of lockdown restriction the premises has attracted a lot of complaints from local residents relating to noise nuisance and parking related issues. This has prompted an application for a review of the premises licence by the Brent Council Noise Control Team which is currently in public consultation until 08/06/2022.

Dear [REDACTED],

RE: [REDACTED]

I am a police officer on emergency response team at Wembley Police Station, I wonder if you might be able to raise a concern to the local authority about the lack of CCTV coverage on Harrow Road, Sudbury namely near 'The Aura'.

This Venue has been generating numerous emergency calls with anti-social behaviour and criminality. Tonight we dealt with 4 males armed with large machetes, a car failed to stop for police having crashed into multiple cars. It would have been very useful if you could have seen the large crowds at around 0300 this morning, the debris over the road and the high number of cars damaged as a result of this one incident. I am sure the local residents are negatively impacted by this.

This venue generates dozens of calls to police all undoubtedly linked to the Aura lounge.

Would the local authority consider installing a camera that will help police deal with and reduce the demand for the venue and surrounding area? Is this something that as the local councillor you would be able to ask for?

To whom it may concern,

I have been passed your email address from [REDACTED] regarding the problems residents are having with people using the Aura Lounge.

Firstly, people park on the double yellow lines directly under our bedroom windows then come back and start doing gas (nos) and drinking. I've reported this on numerous occasions to the police with registration and descriptions but nothing. Fights are common, there was a bad one around two weeks ago that went on for ages and then the rubbish these people leave behind when they leave and using the alley where our entrance is as a toilet is fairly common too.

Obviously it's worse Friday and Saturday but it does get trade all week.

It's the same type of people usually 20 to 30 years old mostly male, all ethnicities but more so black/mixed race.

I don't have a problem with people enjoying themselves but the blatant disregard of others is disgusting.

The club doesn't seem to proactively offer any solution to this problem and I think the hours they are open is encouraging people who have already been out to finish their night as late as possible and the problems we experience can go on to 4 or 5 in the morning.

Dear [REDACTED],

Hope all is well and keeping safe,

I would like to bring to your attention the loud music that is often blaring out from The Aura Lounge, 763-765 Harrow Road. The music is heard even with our bedroom windows closed and often goes on beyond 2am in the morning. I have tried calling them at that hour in the morning to complain but their phone lines go to voicemail. On Monday 29th November at around 2.15am I ended up calling the police who were unable to assist, who also did hear the music whilst I was on the phone to them and they did give a reference number to say we had made a complaint. Also phoned the out of hours Brent Council Noise/Nuisance line but as I had called after 2am the lady advised they had no one to assist but to report the incident online.

Can you please help and advise what can be done.

Regards

Dear [REDACTED]

I am aware of three crime reports that were recorded in the early hours on 3<sup>rd</sup> October concerning the same incident outside the venue.

It appears a male who was in the club was refused re-entry and an assault was alleged by this male against security staff.

Police attended the location and the male was then detained for a search which also included his vehicle.

The male was found to be in possession of class B drugs and potential Class A drugs pending drug examination of the substance.

Dear [REDACTED]  
Hope you are keeping well.

You may have heard the nuisance that is being caused by the guests of the Night Club. On Saturday 02 December a car was parked opposite the bay on the even number 16 and the owner must have gone to the Club for at least two hours there was mayhem in the street shouting, screaming knocking on the doors. The street was completely blocked for traffic for nearly two hours. I called out of hours and reported it and the enforcement came but could not take any action because it may seem legal because it was only a single line.

Police turned up after an hour about 11:00pm and taking some witness statement. I don't know what happened.

This is not the first time [REDACTED]. Could you please talk to other councillors and implement double line drawings from [REDACTED] please.

Residents are really fed up with this Night Club. You need to think long and hard about the nuisance, noise, pollution and anti social behaviours caused by this outfit.

Please copy other Councillors as well.

Thank you

Review Ref – [REDACTED]

Variation Ref - [REDACTED]

Dear [REDACTED]

Further to the representations that I have made in relation to the review and variation applications that are due to be determined at hearings on the 5<sup>th</sup> July I submit the following.

There is currently a planning application relating to the Aura, 763-765 Harrow Rd, HA0 2LW Ref 22/1957. This application is for “Outdoor canopy and seating area only”.

Whilst Planning and Licensing are separate regimes there are times when information can come to light that can and should be used to help determine a licensing or planning application. The information obtained indicates that the Premises Licence Holder is trying to utilise all available areas within his premises footprint to as late an hour as possible which has and will continue to undermine the licensing objectives if not robustly dealt with through the two applications being heard on the 5<sup>th</sup> July and especially the review application.

I submit the attached emails with photographs that shows the premises has no dedicated storage areas for their rubbish resulting in this being piled on the street which undermines the licensing objective relating to public nuisance.

The Revised Guidance issued under section 182 of the Licensing Act 2003 at para 2.15 states;

*“The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and*

*responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter”*

Dear [REDACTED]

I suspect the collections may have been disrupted due to the storm on Friday so hopefully the waste will be cleared soon.

The business is keeping all the waste on their deck as I understand that there is no dedicated bin store area within the site. Unless they reconfigure the front deck area in some way to accommodate a dedicated bin store, their waste will presented/stored using bags.

The review date for the Notice is at the end of February along with the wider review of whether this site is really suitable for such a large entertainment operation with all the attendant parking and waste storage issues.

We check the site regularly and are working towards the best outcome we can.

Dear Sirs and Mr Simons

Brent Council Nuisance Control Team have considered both aspects of the Variation Application. You are aware that a Review Application has been submitted based on our concern that the licensing objective of preventing public nuisance is not being upheld. We contend that this premises is more accurately described as a shisha premises providing nightclub entertainment.

We object to part 1 of the variation application insofar as the external canopy area (ex-garden area) is a partial enclosure, rather than a complete enclosure – a configuration which promotes rather than prevents public nuisance arising from patrons and regulated entertainment, especially at noise sensitive hours. We are therefore opposed to the proposal to regularise licensable activities under sections E,F,I,J to the existing terminal hours. We would recommend regularising licensable activity I and J (late night refreshment and supply of alcohol) in the external canopy area (ex-garden area) to a terminal hour of 23:00hrs Sunday to Thursday; and 23:30hrs Friday and Saturday. We oppose regularising licensable activities E and F (live and recorded music) for the reasons provided in this objection.

We similarly object to aspects of part 2 of the variation application, as follows (application-worded items are highlighted yellow):

11 The outside drinking areas shall cease at 23.30 hours – This condition is to be revised in part to exclude the rear area which is now enclosed by a steel canopy. This condition is to be re-worded to specify the outside area to the front of the premises on Harrow Road.

We object to the proposed revision and recommend Condition 11 be revised as follows:  
**The partially enclosed external canopy area (ex-garden area) shall cease at 23.00 hours Sunday to Thursday, and midnight Friday and Saturday.**

12 After 23.30 hours the rear smoking area will cease to be used and the front smoking area shall be limited to 20 persons and each area shall be suitably supervised. – This condition is to be revised in part where the previous rear smoking area no longer exists and the condition is no longer applicable. The condition shall remain in limiting the front smoking area – the private forecourt on Harrow Road.

We are unclear as to the location of the rear smoking area. It is not labelled on the plan. We request this aspect of the variation is made clear on a revised plan and re-submitted to Responsible Authorities.

13 The playing of live or recorded music shall not be permitted in any garden or external area. This condition is sought for removal because it would no longer be applicable where the garden area is now covered by a canopy.

We contend this external canopy area (ex-garden area) is causing public nuisance from patrons and regulated entertainment, at noise sensitive hours. The area is only partially enclosed and its use at noise sensitive hours is evidently resulting in public nuisance. We therefore recommend Condition 13 should be revised to:

**The playing of live or recorded music shall not be permitted in the external canopy area (ex-garden area).**

Kind regards  
Martin Wood  
Principal Nuisance Control Officer
