Background

The premises licence 171787 is operated by Maxus Data Ltd, the directors for which are Sivatharsny CHELVATHEEBAM, Kathiravelu SAYANTHAN and Sivagurunathan SIVARAM. Mr Kathiravelu is the Designated Premises Supervisor (DPS).

The application for the licence was initially made in August 2005. A review was subsequently submitted in June 2017 by a member of the public who alleged the premises were opening beyond their licensable hours and breaching one of the premises licence conditions, namely the entry/re-entry time of 00.30hrs. As a result of the hearing held on 15th August 2017, the Licensing sub-committee deemed that the premises would require additional conditions in order to uphold the Licensing objectives **(sf001).**

In September 2017, a minor variation was applied for after an initial agreement with the Police that the premises could modify their entry/re-entry time to 02.00hrs. This variation was granted and the most recent premises licence produced **(sf002).**

Complaints and Enforcement to Date

- On 21st September 2018, a complaint was received which included the following reports:-
    - Music from the club clearly audible when there is a function
    - Noise from patrons
    - Customers entering the premises after permitted hours
    - Shouting & drinking by customers outside the club when smoking, loitering outside and when leaving
    - Parking carelessly on the surrounding streets
    - Drinking & driving issues customers regularly leave the club in an inebriated state and drive, they buy alcohol from local shops and drink it by, in their vehicles concealing it in the boot & re-enter the club
    - Urinating on the street and on people's property
    - Customers leaving the club outside the prescribed hours
    - Door staff not always working when the club is open

  As a result of this complaint, a meeting was held on 13th February 2019. A number of actions were requested from the premises in order to uphold the licensing objectives **(sf003).**

- On 24th September 2020, a complaint was received which stated the premises had been opening every weekend since 8th August 2020 at a time when Government restrictions prevented the business from doing so. The data provided by the Institute for Government Analysis on page 6 shows the premises should have been closed.

  The complaint mentioned dancers in full costume, along with an excess of 40 customers that entered the premises. The shutter at the front was kept in the closed position until a telephone call was made and then reopened to let customers in.

  On asking for CCTV during a telephone conversation on 24th September 2020, one of the directors Mr Sayanthan Kathiravelu stated that he was going to Poland the following day. I asked that he request the footage be downloaded by some one alternative (being that there are three directors), as this would be required to disprove the allegations. Mr Kathiravelu ignored my request and failed to contact me any further. Further communication was sent to the licence holder but this too was ignored **(sf004).**

  During the week commencing 28th September 2020, when I spoke to my colleague PC Gary Norton, he stated that he had spoken to Mr Kathiravelu's wife during the weekend of 26th September 2020 and that she had stated he wasn't home but would return that day. There was no mention of any trips abroad.

Supplementary Information

- On 11th June 2021 a further complaint was received stating that on the 4th June from 23.00hrs until 5th June 2021 at 04.30hrs, the premises were open. There were at least 30-40 persons in the premises with dancers in full costume also present. The noise made from persons in the rear service road and those coming and going was loud.

  As a result of this, CCTV was requested from Mr Kathiravelu, who stated he would bring this to me at Brent Civic Centre, but moments before the deadline, he emailed me to state that he was having technical difficulties and could not retrieve the CCTV footage **(sf005).**

  Mr Kathiravelu was then emailed to ask if he had indeed opened on the day in question, he replied stating it was his birthday and sent a picture of his driving licence to verify this **(sf005).** It is questionable as to whether the premises was open for this reason and without CCTV footage to verify what took place that night, it is impossible to confirm. Either way Mr Kathiravelu undertook to hold a gathering which included dancers at a time when Government restrictions prevented him from doing so.

Further Information

- The business rate payer is registered as MAXUS DATA LTD, liable from 16/07/2003 when checked on 26th July 2021.

Summary

Historically, it has been verified that the premises have exceeded their timings and have breached a condition on their licence, which resulted in a review in 2017..

Since this time, there have been three further occasions where complaints have been made. On the first occasion in 2019, a meeting was held and an action plan put into place. On the second and third occasions in September 2020 and June 2021 respectively, CCTV footage was requested and on both occasions, the premises have failed to provide this. The second and third time were during a period when Government restrictions prevented the premises from opening.

It is clear from the evidence shown that the persons running the premises have no regard for the law and have continued to operate as they so wish. They have also caused issues of public safety in terms of the pandemic by permitting persons to congregate in the premises. They have also locked customers in the premises by keeping the shutter drawn down. Should there have been an emergency, they may not have been able to get out.

In relation to CCTV, this has not been available on two of the occasions and despite a deadline to provide CCTV, this was not met. It appears that the premises were knowingly avoiding providing any CCTV so that they could operate during the lockdown without being caught.

A warning was given after the first occasion that should CCTV not be provided again, the premises licence would be reviewed. The licence holder has not taken this seriously and as a result once again breached the requirement to provided CCTV. Mr Kathiravelu has confirmed that he is leaving the business in October 2021.

As far as I am concerned, not providing CCTV is as bad as it being provided and showing evidence of wrong doings. All premises need to be given a clear message that should they fail to provide CCTV footage, they run the risk of having their premises licence revoked. Without this clear message, it leaves the Licensing Authority open to being taken advantage of by premises', where they can get away with whatever they want. In fact requesting the need to have a condition relating to CCTV would be pointless. Further, I question how many opportunities should premises' be given, before they run the risk of losing their licence.

Adding further conditions to the premises licence is not an option as no amount of additional conditions will ensure the premises comply, when it is clear they cannot comply with the current requirements.

Supplementary Informatio

It is unquestionable that the premises are unable to uphold two licensing objectives, namely prevention of crime and disorder and public safety and the only option the Licensing Authority see for this premises licence is for it to be revoked with immediate effect.

Decision of the Alcohol and Entertainment Licensing Sub-Committee (C) following a hearing on 11 August 2017 at Brent Civic Centre, Engineers Way, Wembley HA9 0FJ

NOTICE OF DECISION

PREMISES
Arista Bar
232 Church Lane
London NW9 8SN

1. **Members of the Sub-Committee**

   Councillors Long (Chair), Harrison, McLeish

2. **The Application**

   The application was for a review of the premises by [redacted]

3. **Representation**

   The reviewer [redacted] was assisted by [redacted]
   The Police were represented by PC Sullivan.
   The Designated Premises Supervisor, Kathiravelu Sayanthan was present represented by Mr Sivashankar (agent).

4. **The Hearing**

   Mr [redacted] set out the background to the matter. He had arranged to have Arista Bar monitored because he believed that the premises were not complying with its licence conditions. Three areas of concern were raised by Mr [redacted]:

   - Premises was open beyond its licensable hours
   - Condition 11 on the licence regarding no re-entry after 00:30 hours was being breached
   - Customers were not searched on entering the premises may result in dis-order at the venue (although not a condition on the licence).

   PC Sullivan supported the review application as Arista Bar was opening beyond its licensable hours. At a meeting on 24th May 2017 with Pc McDonald, Mr Sayanthan accepted that he was opening until 04:00 hours (when the premises should close at

5floor

03:30 hours), breaching the entry/no re-entry after 00:30 hours and also accepted breaching condition 2 of the licence regarding number of door supervisors. Mr Sayanthan was issued with a verbal warning.

Mr Sivashankar stated that the review application should not have been accepted by the Licensing Authority because it was a vexatious application by a rival business. He stated that the CCTV was obtained by the applicant undertaking weeks of recording outside his clients premises. The persons present on the premises after 03:00 hours were waiting for taxis and no licensable activities were undertaken. He stated that the rear fire exit was not used to allow customers into the premises. Furthermore, his client accepted all the conditions proposed by the Police and the Licensing Authority and all the works required for compliance with all the licence conditions were complete.

5. Determination of the Application

The sub-committee determined the application in accordance the Licensing Act 2003. Further the sub-committee considered the matter with a view to promoting the licensing objectives, namely:

- The prevention of crime and disorder
- Public safety
- The prevention of public nuisance
- The protection of children from harm.

In making its decision the sub-committee also had regard to the Guidance issued under Section 182 of the Licensing Act 2003 and Brent's licensing policy. In addition, the sub-committee took account of its obligations under section 17 of the Crime and Disorder Act 1998.

The sub-committee were mindful of the need to reach a decision that was necessary, proportionate, and justified on the evidence before them.

6. Decision

The sub-committee has listened carefully to the submissions made by all parties in this matter. It considered all the evidence put before them including the statement provided by Compliance Direct on behalf of the licence holder as well as the evidence provided by Mr [redacted] including some 11 CD recordings which in total was over 20 hours worth of video footage which was not referred to by Mr [redacted] and was not time stamped or

Sfool

explained in any narrative way by Mr [redacted] The panel understood that the applicant accepted the conditions stipulated by the Police and the Licensing Authority, in particular the need for CCTV coverage of the entrance and the exit to the premises, so that entry and re-entry times can be monitored. The panel noted that the licence holder had admitted to breaching the licensing hours. The licence holder reassured the committee that he would comply with all the conditions on his licence. The sub-committee were satisfied that no further conditions other than those agreed with the Police and Licensing Authority were justified at this stage to uphold the licensing objectives.

The current licensing conditions agreed with the Police and the Licensing Authority will be imposed in full and are contained in Appendix 1.

7. Right of Appeal

The parties have a right of appeal to Brent Magistrates' court against this decision

If you wish to appeal you must notify Brent Magistrates' Court within a period of **21 days** starting with the day on which the Council notified you of this decision.

Dated 15 August 2017

Subject: Arista Bar, 232 Church Lane, NW9 8SN - Noise Complaint

Dear Kathiravelu Sayanthan,

Meeting yesterday – Noise from outside premises
Thank you for meeting with me yesterday. Below is a summary of our discussion and the changes you will make in order to reduce the noise **OUTSIDE** of your premises:-

- Reducing the number of smokers outside to 8. (2 from the bar downstairs and 6 from the bar upstairs (when it is in use)). This will be managed by an SIA being at the top of the stairs and then two SIA outside of the premises.
- The SIA are to prevent customers from staying outside for longer than necessary.
- The SIA are to ensure that customers do make any unnecessary noise such as attending their vehicles or speaking outside.
- Customers are to leave in a staggered way over a period of 45 minutes instead of all in one go.
- Terms and conditions to be created for customers wishing to hire out upstairs as you are having problems with those that hire the venue and then override the noise limiter or smoke cannabis outside his premises.

Noise coming from inside your premises
On returning to the office, I checked our system to find there is ALSO a complaint in relation to music and noise coming from **INSIDE** your premises. You will need to ensure that you do not allow the noise limiter to be overridden and neither do you allow any other noise to escape from the premises. You should consider the following:-

- Regular checks to the OUTSIDE PERIMETER of the premises to ensure there is no noise escape
- Regular checks to ensure the noise limiter is not overridden
- Changing the clientele to which you hire out your premises
- Adding additional insulation to your premises

Key to Service Road gate
I also had a discussion with the owner of who stated you are more than welcome to have a key to the service road gate, when you pay the £50 deposit that all of the other premises have paid that also use the service road. The owner said she is more than happy to meet with you to accommodate this.

SF003

If after this communication with you, you are found not be complying, in that you are still allowing noise to escape and not managing the noise outside of your premises, you could face having your licence reviewed, a prosecution and/or a noise abatement notice served. It is therefore very important that you take these actions seriously.
