I have also obtained details of the offences that the nine arrest were for:-

- 1 X Possession of a firearm
- 1 X Common Assault
- 2 X Drunk and Disorderly
- 1 X Drink Drive
- 1 X GBH
- 1 X Wanted on Warrant
- 1 X Theft of motor vehicle
- 1 X Possession of an offensive weapon.

Below is a heat map of the postcode covering NW10 ODG. As you can see from the two screen shots below, Neasden Lane is right in the middle of the two 'red' marks, which indicate the highest of crime rates. These images are taken direct from the met police web page, which is available to the general public.

I believe the above data gives a more detailed account of the problems police face with the high level of crime in Neasden Lane North. As per my original representations, the above crime figures and arrests only take into account Neasden Lane North. None of the

surrounding roads or the other side of the North Circular where included while compiling these figures.

You can see there is a wide range of crime throughout all hours of the day. The figures include numerous domestic incidents, many of which are fuelled by alcohol, drink driving, drunk and disorderly behaviour, violence and sexual assaults to women in broad day light. Public order offences are again another common theme with alcohol and street drinking. Violent crime such as Grievous Bodily Harm and possession of firearms (guns) are an even more worrying trend.
