### 3.0 Background

- 3.1 Under the Local Government Finance Act 1992, the Council is required to determine the level of council taxes in the borough each year as part of the budget setting process. This includes the amount set as its precept by the Greater London Authority (GLA). The GLA intends to agree its precept on 24 February 2022.
- 3.2 Due to the timing of the GLA's consideration of its precept, a meeting of this Committee has been called for the purposes of setting the Council Tax and approving the formal resolutions for Council Taxes in 2022/23. This is in case notification of the precept should not be received in time for the Council Tax to be set at the meeting of Full Council on 24 February 2022. A copy of the terms of reference of the committee is at Appendix B.
- 3.3 The GLA is expected to set a precept of £395.59 at Band D on 24 February 2022. The council has no control over the level of this precept.
- 3.4 Full details of the council tax levels for all property bands based on the expected precept are shown in Appendix A.

### 4.0 Financial Implications

- 4.1 These are set out throughout the report.

### 5.0 Legal Implications

5.1 Section 30 of the Local Government Finance Act (the Act) provides that no amount of council tax may be set before the earlier of the following—

- (a) 1st March in the financial year preceding that for which the amount is set;
- (b) the date of the issue to the authority of the last precept capable of being issued to it (otherwise than by way of substitute) by a major precepting authority for the financial year for which the amount is set.

5.2 Although the Council will calculate the Brent element of the Council Tax at its meeting on 24 February 2022, it will not be able to set the Council Tax on that date if the GLA precept has not been issued by the time in the meeting that decision falls to be made.

5.3 Section 67 of the Act permits the setting of the council tax to be delegated to a special council tax setting committee established under that section.

## **6.0 Equality Implications**

6.1 The council tax increase of 2.99% in respect of the Brent element was subject to an equalities impact assessment, alongside all other budget proposals for 2022/23. Further details can be found in the report presented to Full Council on 24 February 2022.

## **7.0 Consultation with Ward Members and Stakeholders**

7.1 The council tax increase of 2.99% for the Brent element formed part of the overall consultation on the budget for 2022/23. Further details can be found in the report presented to Full Council on 24 February 2022.
