Police Licensing comments regarding the Brent Council Review of 'The Aura, 763-765 Harrow Road, Wembley. HA0 2LW.

I acknowledge receipt of an application for the review of the above said property under section 51 of the club premises certificate and section 87 of the Licensing Act 2003, submitted by Mr Martin Wood from Brent Council

Basis of the Review

The main complaints regarding this venue are those of noise nuisance created by regulated entertainment which is fully detailed in the review submitted by Mr Wood. In addition to the noise nuisance complaints the council have concerns over waste management, food safety and Parking.

The current opening hours of the venue are as follows:

Monday to Thursday from 11.00 hours to 02.30 hours
Friday and Saturday from 11.00 hours to 03.30 hours
Sunday from 11.00 hours to 02.30 hours.

The regulated entertainment and sale of alcohol cease half an hour before the closing time respectively.

Mr Woods is proposing that new times should be:

Monday to Thursday from 11.00 hours to 00.00 hours
Friday and Saturday from 11.00 hours to 01.00 hours
Sunday from 11.00 to 00.00 hours.

Having read through this review and looked at the crime figures, complaints and numerous calls to this venue over just the last year alone, police fully support this review and the reduction of hours suggested by Mr Wood.

As you see from the above data a majority of the crimes and calls to police are after midnight. This is more than likely going to be fuelled by drunk behaviour where customers are using the Aura Lounge as an alternative venue to attend once the public houses have ceased trading. A shortening of the opening hours of the club would reduce a majority of the crimes that this venue is experiencing.

Licensing Issues

There is an attached exhibit to this letter, which is an e-mail from PC [REDACTED] – Exhibit PSG/1. To summarise this e-mail from PC [REDACTED] he was investigating to separate matters, one of drink spiking and another of robbery. Both of these investigations required CCTV from the Aura. Numerous attempts had been made by PC [REDACTED] where the club have firstly denied any incident took place. Then after repeated attempts to obtain the CCTV it was sent 'edited'.

The club have then decided that the police did not require the CCTV as the victim no longer wished to substantiate the allegation. PC [REDACTED] had to explain that it was not their decision to make. The footage

then showed one of the SIA picking up the stolen item and walking off camera with the property. To the best of my knowledge this item of property was not handed to the police or victim.

PC [REDACTED] detailed how he had to threaten to get a warrant from court in order to obtain the CCTV.

From a licensing perspective I have grave concerns over the difficulties that police had on two separate occasions with obtaining CCTV. This is a basis requirement and I would expect the DPS to provide this CCTV without question within a speedy time frame. It is even more worrying to hear that a member of the security team had picked up this item which has not been seen since.

Summary

There appears to be a persistent problem with the management of the club providing police with CCTV from The Aura. This is a breach of the Aura's premises license which undermines the polices' ability to effectively prevent crime and disorder.

The above crime and incident figures are very high. These figures only show the last year of reported crime and I fear there is great deal more of un-reported crime linked to the venue.

In addition to the crime and disorder matters which is the main concern of the police, there are the issues of noise nuisance, waste enforcement, food safety and parking. A combination of all these issues shows a clear lack of control from the management of the club and police fully support the recommendations made by Mr Woods within this review.

Yours Sincerely,

PC Phil Graves 3122NW
